<small>* as defined in the Local Government Act 2003</small>					

Maximum to any one organisation (other than the UK Government) £5 million

Limits also set for Foreign Countries.

## Specified and Non-Specified Investments

Specified Investments offer high security and liquidity, and are:

- denominated in pounds sterling,
- due to be repaid within 12 months of arrangement,
- not defined as capital expenditure by legislation, and
- invested with one of:
  - the UK Government, local authority, parish council or community council,  
OR
  - a body or investment scheme of “high credit quality”.

“High Credit Quality” defined by each authority. This Council defines “high credit quality” organisations as those having a credit rating of A- or higher, if either domiciled in the UK **or** in foreign country with a sovereign rating of AA+ or higher.

For money market funds/pooled funds “high credit quality” is defined as having a credit rating of A- or higher.

### Non-specified Investments

- any investment not meeting the definition of a Specified Investment

Only be made in the following categories

- (a) shorter term investments in bodies and schemes with low or no credit ratings –
- (b) long-term investments, i.e. those that are due to mature 12 months or longer from the date of arrangement (in higher rated counterparties)
- (c) treasury investments defined as capital expenditure by legislation, such as company shares, where there is a potential for a beneficial treasury impact.

Overall limits also apply on Non-specified Investments, as shown the table below.

<b>Non-Specified Investments - Overall Limits</b>	<b>Cash limit</b>
Total long-term investments	£7 M
Total investments without credit ratings or rated below A-	
Building Societies or Banks (subject to additional overview)	£7 M
Council’s current account bank (in addition to the above)	£3 M
Pooled Funds and Money Market Funds	£15 M
Total non-specified investments	£30 M

## Secured and Unsecured Deposits - and Current Account Bankers

**Unsecured Deposits:** include accounts, deposits, certificates of deposit and senior unsecured bonds with banks and building societies, other than multilateral development banks. These investments are subject to the risk of credit loss via a bail-in should the regulator determine that the bank is failing or likely to fail.

**Secured Deposits:** include covered bonds, reverse repurchase agreements and other collateralised arrangements with banks and building societies. These investments are secured on the bank's assets, which limits the potential losses in the unlikely event of insolvency, and means that they are exempt from bail-in.

## Investment in Other Government, Corporate and Registered Providers

**Other Government** covers loans, bonds and bills issued or guaranteed by national governments, regional and local authorities and multilateral development banks. These investments are not subject to bail-in, and there is an insignificant risk of insolvency.

**Corporates** covers loans, bonds and commercial paper issued by companies other than banks and registered providers. These investments are not subject to bail-in, but are exposed to the risk of the company going insolvent.

**Registered Providers** covers loans and bonds issued by, guaranteed by or secured on the assets of Registered Providers of Social Housing, formerly known as Housing Associations. These bodies are tightly regulated by the Homes and Communities Agency and, as providers of public services, they retain a high likelihood of receiving government support if needed.
