

LOCAL AREA HEALTH AND WELLBEING PARTNERSHIP

TERMS OF REFERENCE

Introduction

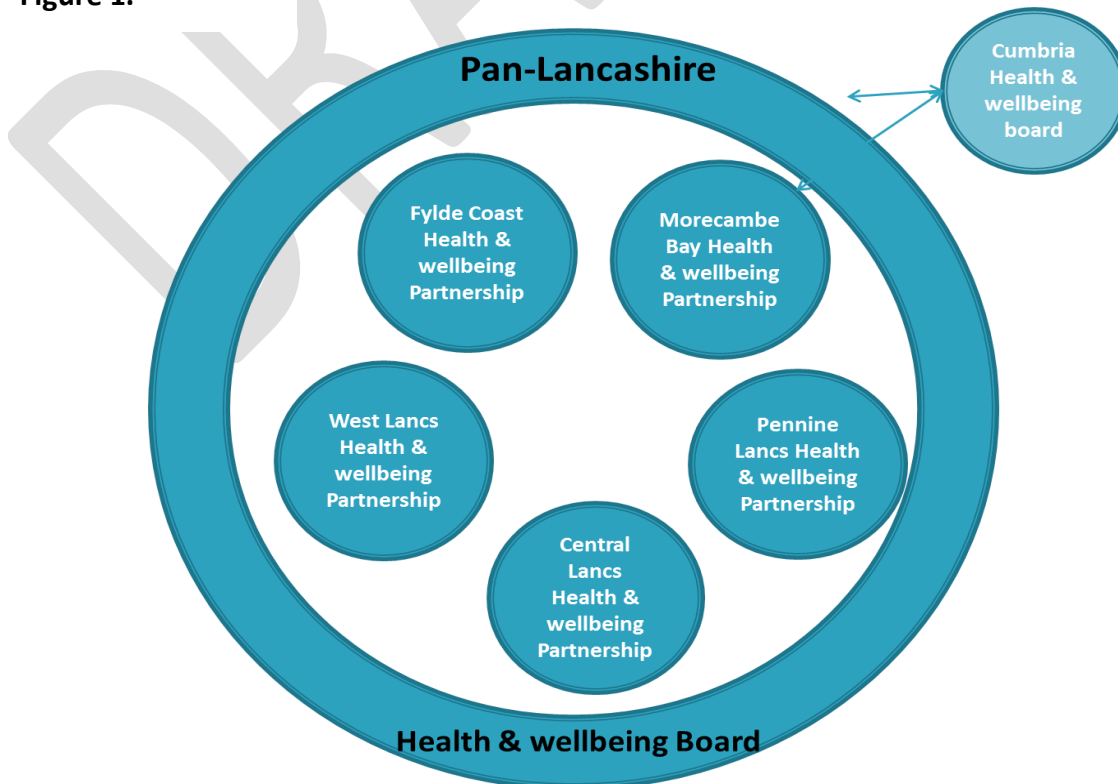

Health and Wellbeing Boards are a key element of the Health and Social Care Act 2012 and they are a means to deliver improved strategic co-ordination across the NHS, social care, children's services and public health. The Boards must assess the needs and assets of the local population, producing a strategy that addresses these needs and builds on any assets, influences commissioning plans of organisations and promotes joint commissioning and integrated provision. Statutory responsibility for the provision of health and wellbeing boards sit with upper tier authorities, which for Lancashire is Blackburn with Darwen Borough Council, Blackpool Borough Council and Lancashire County Council. For the purposes of this terms of reference the three upper tier authorities with statutory responsibility for health and wellbeing will be referred to as the three statutory health and wellbeing authorities.

The health and wellbeing "system" is changing at both a pan-Lancashire level and at a local delivery level, in line with the Five Year Forward View for the NHS, national Sustainability and Transformation Plan (STP) agenda and the Combined Authority approach for Lancashire.

In light of these changes, the Leaders and Chief Executives from each of the Lancashire local authorities have worked together to design a new model for health and wellbeing board governance for the pan-Lancashire footprint. The model reflects a need to ensure robust accountability of system changes linked to the Lancashire and South Cumbria STP delivery and service reconfigurations and as such aligns itself to the delivery footprints for the STP. The agreed model, presented in Figure 1 below, takes the form of a single Health and Wellbeing Board for the pan-Lancashire footprint, with five local area health and wellbeing partnerships (LHWBPs), reflecting the local health economies.

The model has been designed to provide the strongest collective influence and governance across the new emerging health and wellbeing system.
