Incomplete applications will be returned to the applicant.</p> <p>The Act requires applicants to notify the ‘responsible authorities’ for the Blackburn with Darwen’s Licensing Authority area. A copy of the application must be sent to each of the responsible authorities. (listed in Appendix 2 the Councils’ Statement of Licensing Policy)</p> <p>The Application must include details of:</p> <p>a) The relevant licensable activities which are to be conducted on the premises;</p> <p>b) The times during which the applicant proposes that the relevant licensable activities are to take place (including the times during each day of the week, during particular holiday periods and during particular seasons if applicable); Any other times that the premises are to be open to the public</p> <p>c) Where the applicant wishes the licence to have effect for a limited period, that period;</p>

d) Where the relevant licensable activities include the sale by retail of alcohol, the name and address of the individual whom the applicant wishes to have specified as the Designated Premises Supervisor and a copy of his or her Personal Licence;

e) Where the relevant licensable activities include the sale by retail of alcohol, whether such sales are proposed to be for consumption on the premises or off the premises, or both;

f) An Operating Schedule giving details of the steps which the applicant proposes to take to promote the licensing objectives. In considering the steps to be taken to promote the licensing objectives the applicant should give consideration to the 'Pool of Model Conditions' given at Appendix 3 of the Statement of Policy.

When preparing their applications applicants will be expected to undertake a thorough risk assessment for each of the four licensing objectives. Applicants should be aware that applications which do not show that all relevant points have been addressed may result in a representation from the appropriate responsible authority.

Regulatory Reform (Fire Safety) Order 2005 – The Licensing Authority will not impose any licence condition where the order applies.

The Act prohibits the sale of alcohol from premises used primarily as a garage, however in certain circumstances licences to sell alcohol at petrol stations can be considered provided the licensing authority considers that the premises are not used primarily as a garage. Premises are 'used as a garage' if they are used for one or more of the following: • the retailing of petrol; • the retailing of derv; • the sale of motor vehicles; and • the maintenance of motor vehicles. (section 176 of the Act)

Where there is insufficient evidence to determine the primary use of the premises, the Licensing Authority will take steps (through enforcement activity or otherwise) to collect the evidence and may defer a decision until such evidence has been obtained.

Relevant Representations

Where representations are made about an application the Council will hold a hearing to consider them unless the Council, the applicant and everyone who has made representations agree that the hearing is not necessary. Representation must be 'relevant' to be considered. To be 'relevant', representations must be:

a) About the likely effect of the granting of a Premises Licence or Club Premises Certificate on the promotion of at least one of the licensing objectives; and

b) Made by 'other persons' or a 'responsible authority', have not been withdrawn and, in the case of representations made by 'other persons', are not, in the Council's opinion, frivolous or vexatious.

'Other persons' includes any of the following: Residents, businesses or associations that represent residents or businesses.

The Council will accept 'representations' which are in favour of an application and these will be included in the documentation submitted when there is a hearing, however, where only positive representations are received, no hearing will be held.

Where there are concerns about the intimidation of residents who may have genuine concerns about an application, the Council will follow the published guidance of the Secretary of State. (the Guidance Para 9.14 – 9.18)
