Donna Riding
Principal Officer (Licensing)
Public Protection Service
Regeneration and Environment Department

11 August 2009

Dear Mrs. D Riding,

Re-application to reissue two plates.

We have been instructed to act on behalf of two of our members, who complain that due to the councils policy on vehicles which were issued out of the 10(Ten) Plates that were to be issued by council, they say that they were disadvantaged and though they knew that at the time the policy did not have until some time later the implications of that policy.

And it would seem that it would be for council to consider whether they should be given the two plates back in light of the changes now made to even up the ball park between new and old plates, the association at this time still thinks that the 3 years on and Fifteen (15) of for new plates is right and for existing trade under 10years (Ten Years) and 15 years(fifteen) off is also right for Public, council, and trade alike.

I will also take this opportunity to inform that council, that Liverpool as now changed there policy to allow E7 which were subject to the court action in the high court, it also may be of interest to note that Norwich as also changed there policy to allow the E7.

Yours Sincerely,

C. Oakes

Chairman The Hackney Drivers Association, Ltd
