Subject: Hackney Carraige "Plate"

Hi Janet

Regarding the outstanding plate allocation I have been registered with Mr Nawaz Khan to put on 2 Vehicles as HACKNEY CARRAGES in the Darwen area as the demand has still not been met.

Couple of years ago we registered for the new plates to be allocated to us but still not heard anything could you lets us know how far we are off as at that particular time we were told that if you had the means to purchase a vehicle under 3yrs old there should be no problem.

Also would like to use my E7 as hackney carriage as you are aware of the High Court Ruling Article 28 of the European Community Treaty & Disability Discrimination Act 1995.

Cab direct were I purchased my E7 has told me that they will challenge any legality if it arise due to my E7 not being able to be used as Hackney Carriage.

Many Thanks

Umar/Nawaz
