

1 Bat Statement

PROTECTED SPECIES STATEMENT: BATS, BARN OWLS AND NESTING BIRDS

The presence of protected species is a material consideration In the determination of planning applications and the Council must assess, prior to making a decision on your planning application, whether any protected species are likely to be affected by development and if a full ecological survey Is required.

Please complete and return this statement which forms part of that assessment. Please note that if this Information is not provided it may delay the application or lead to the refusal of planning permission.
