2. The Local Planning Authority (LPA), in reaching this decision, has followed the guidance in paragraphs 186 and 187 of the National Planning Policy Framework. The Framework

advises that the LPA should work proactively with applicants to secure developments that improve the economic, social and environmental conditions of the area. This has been demonstrated by:

1. Actively engaging in pre-application discussions with the applicant to try and find solutions to problems;
2. Providing advice to the applicant/agent during the course of the application on potential problems and possible solutions; and,
3. Securing revised plans during the course of the application which have overcome initial problems.

Your attention is drawn to the NOTES attached and to the following:

1. This consent is granted subject to conditions and it is the owner and the person responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond.

If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:

(a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.

(b) In addition if a condition precedent is breached, the development is unauthorised and the only way to rectify the development is the submission of a new application. If any other type of condition is breached then you will be liable to a breach of condition notice.

2. There are fees associated with the discharge of planning conditions. These fees apply to all requests for (1) the discharge of one or more conditions on the same permission, or (2) the written confirmation of compliance with a condition or conditions. Any number of conditions may be included on a single request. Fees are: £34 for householder developments, and £116 for all other developments. There is no fee relating to the discharge of conditions imposed on Listed Building applications. Please send your fee with your request, as requests that are received without the appropriate fee will be returned unanswered.
