Conservation Area:

Your notification to undertake works within the above Conservation Area was received on 08/03/2018. I can confirm that the Council do not disagree with the proposals and will not be making a tree preservation order to prevent the works in this instance. Therefore, you can proceed with the works as specified in the notification at your convenience. However, if the works are not undertaken before two years from the date of this consent then the Council must be notified again.
