Executive Summary

This report sets out the current position with regard to communications relating to potential complaints received to date in relation to the Police and Crime Commissioner.

Recommendation

That the update in relation to communications and complaints be noted.

Background and Advice

As reported at the April meeting since the commencement of the Panel in 2012 there have been 29 recorded communications which at the outset were described as potential complaints against the commissioner. Many of these communications however did/do not relate directly to the conduct of the PCC and therefore do not, under the terms of the governing regulations come under the jurisdiction of the Police & Crime Panel.

Many communications received focus on the alleged conduct of police officers or the chief constable, and these are matters for which there are other complaints processes. There have been three further communications of this nature recently and the potential complainants have been advised of the appropriate complaint process. A fourth communication was related to an application for a license which has been referred to the appropriate office in the Lancashire Constabulary. A fifth communication referred to a complaint about an officer from the OPCC which has been referred accordingly to the OPCC for consideration and the sixth communication related to a press release which was again referred to the OPCC for consideration and attention.

It can be noted therefore that there have been no formal complaints registerable under the Regulations (Approved Procedure) since the last meeting. Such Complaints would always be reported, after receipt, at the next available Panel meeting.
