

Work Programme Report - Regeneration and Neighbourhoods OSC

DATE: 13th September 2017

First round of meetings

The Regeneration and Neighbourhoods Overview and Scrutiny Committees held their first meeting for 2017/2018 municipal year on the 19th June 2017. The Executive Member took the opportunity to present their top five priorities and three risks for the forthcoming year. Using this as a guide, along with their own priorities, Members of the Committee agreed the work programmes for 2017–18 as outlined below.

Topics

- 1) Community Safety - looking at road safety, Prevent and break down in Community relations. (topic to be scoped further).
- 2) Key risk/priority – Growth Agenda – focusing on industry. (September Meeting)
- 3) On line digital Gateway – environment portfolio access to services (topic to be scoped further).

Task and finish Groups

- 1) Key Risk – failure to deliver Highways DfT level 3 (September time to ensure deadline is met).
- 2) Car Parking –income targets (November onwards).
