

Public Document Pack

Police & Crime Panel for Lancashire

Monday, 21st January, 2019

6.30 pm

**Cabinet Room C, The Duke of Lancaster Room, County Hall,
Preston**

AGENDA

- 1. Welcome and Apologies**
- 2. Declarations of Interest**
- 3. Police and Crime Commissioner's Budget 2019/20**
PCP - 19 20 Precept report Jan 2019 FINAL **2 - 45**
Precept Consultation
- 4. Urgent Business**

An item of urgent business may only be considered under this heading where, by reason of special circumstances to be recorded in the Minutes, the Chairman of the meeting is of the opinion that the Item should be considered at the meeting as a matter of urgency. Wherever possible, the Secretary of the Panel should be given advance warning of any Members intention to raise a matter under this heading.
- 5. Date of Next Meeting**

The next scheduled meeting of the Police and Crime Panel (if required – dependent on Precept decision) will be held at 10.00am on Tuesday 5th February 2019 in Committee Room D, County Hall, Preston.
- 6. Part 2: Items for Consideration in Private**

None.

Date Published: Friday 11th January 2019

Police and Crime Panel

Meeting to be held on 21 January 2019

Police and Crime Commissioner's Budget 2019/20 (Appendix A refers)

Contact for further information: Steve Freeman, (01772) 535259 Office of the Police and Crime Commissioner for Lancashire, steve.freeman@lancashire.gov.uk

EXECUTIVE SUMMARY

This report sets out the latest financial position for the Police and Crime budgets in Lancashire for 2019/20 and the proposals in relation to the council tax precept.

RECOMMENDATION

The Police and Crime Panel is asked to;

- Note the details of the 2019/20 provisional police finance settlement and the overall impact on Lancashire's budget;
- Note the report on the public consultation undertaken in respect of the proposed precept level;
- Consider the Commissioner's proposal to increase the council tax precept for a Band 'D' property by £24 in 2019/20;
- Make arrangements to ensure that a formal written response to the proposals is sent to the Commissioner by 8th February 2019.
- Note the draft capital investment programme for the period 2019/20 to 2023/24 and the financing available;
- Note the proposed use of the Commissioner's reserves in 2019/20 and future years

1. Introduction

- 1.1 The Police and Crime Commissioner has a statutory requirement to set an annual Police and Crime budget and, as part of that process, to consult with the Police and Crime Panel regarding any proposals in relation to the council tax precept. This report sets out the latest financial position for the Police and Crime budgets in Lancashire for 2019/20 and the proposals in relation to the precept.
- 1.2 Included in the report is the current financial position that reflects the changes in the level of resources, additional cost pressures, reductions in the cost base and the identification of additional savings agreed by the Commissioner since setting the budget for 2018/19. The report sets out;
- The revenue budget for 2019/20
 - The council tax proposal for 2019/20, and
 - The current capital investment programme for 2019/20 to 2023/24 and the financing available
- 1.3 In addition, the report sets out the advice of the Commissioner's Chief Finance Officer on the robustness of the budget and the adequacy of the level of reserves as required by section 25 of the Local Government Act 2003.

2. Background

- 2.1 The Commissioner set the Revenue budget for 2018/19 in February 2018 which included the Medium Term Financial Strategy (MTFS) forecast position for future years as follows:

	2018/19 £m	2019/20 £m	2020/21 £m	2021/22 £m
Funding	271.878	272.023	271.481	270.972
Budget Requirement	276.828	278.255	278.006	277.414
Savings identified	-4.950	-1.025	-0.179	0
Funding gap	-	5.207	6.346	6.442

- 2.2 The forecast above identified a funding gap of £5.2m for 2019/20 and a total funding gap of £18m between 2019/20 and 2021/22.
- 2.3 This report identifies the current provisional funding position for 2019/20. It also identifies the cost pressures that have emerged, savings that have been delivered and investment that is to be made in policing in Lancashire. The impact of the proposals for the 2019/20 budget are identified in an updated MTFS shown later in the report.
- 2.4 The budget for 2019/20 reflects the funding announcement made by the Police and Fire Minister in his Provisional Settlement statement made on 13th December 2018. This statement acknowledged that the Police Service needed to invest in additional resource to meet the significant increase in demand the service faces. The minister also recognised that PCCs were also facing a major cost pressure relating to the cost of pensions for police officers.
- 2.5 The Minister made it clear in his statement that additional funding for policing needed to be delivered through additional grant from government and an increase to council

tax by PCCs. The Home Office has set out a funding position that requires PCCs to increase council tax for a Band D property by £24 in 2019/20 to deliver the additional investment needed to meet some of the increased demand faced by forces.

3. Funding Position 2019/20

- 3.1 The provisional financial settlement for Lancashire was published on 13th December 2018 and included an increase in core grant of £3.721m giving Lancashire a total Police Grant of £193.745m for 2019/20. An additional specific grant has also been provided of £3.104m towards the additional costs of employer contributions to the police officer pension scheme.
- 3.2 Police grant of £193.745m is £48.9m less than the grant received by Lancashire in 2010/11, a reduction of 21.29% in grant funding. This has required total savings of £86m to be delivered since 2010/11 once cost pressures have also been taken into account.
- 3.3 The government also announced that it recognised additional investment in policing was needed to meet the increase in demands placed upon this service. To deliver the level of investment set out by the government PCCs were given permission to increase the council tax charge for a Band D property by £24 without requiring a local referendum. The Home office has assumed that all PCCs will increase Council Tax by this amount in the statements made about total funding available for policing in 2019/20.
- 3.4 The minister also recognised the specific cost pressure resulting from an increase in employer pension contributions from 2019/20.
- 3.5 The settlement provided additional grant funding in 2019/20 to offset the additional pension costs imposed upon policing in 2019/20 and the impact for Lancashire is as follows:

	£m
Increase in Police Grant	3.721
Specific grant for pension costs	3.104
Total additional funding from government in 2019/20	6.825
Forecast additional pension costs	7.100

- 3.6 The additional grant funding provided to Lancashire in 2019/20 does not meet the full additional cost of pensions so savings will be identified elsewhere in the budget to meet the remaining cost.
- 3.7 The funding position shown in this report is provisional and could be subject to change in the final settlement that will be announced in early February.

4. Revenue Budget 2019/20

Funding

4.1 *Government funding*

The provisional police grant for 2019/20 was announced on 13 December 2018. Lancashire has been allocated core grant of £193.745m which is an increase of 2% compared to 2018/19. The Minister also announced a specific grant of £3.104m towards the additional costs of employer pension contributions to the Police Officer pension scheme.

4.2 *Council Tax*

It is assumed that the council taxbase in Lancashire will increased by 1.5% in 2019/20 reflecting the current trend included in our forecasts.

4.3 The table below shows the funding available in Lancashire in 2019/20 **if the council tax charge is not increased.**

	2019/20 £m
Police grant	193.745
Pension grant	3.104
Specific grants	3.478
Council tax	77.877
Total Resources	278.204

Pay and pensions

4.4 *Pay*

Government has awarded Police Officers and Staff a 2% pay increase in 2018/19 and the forecast assumes a similar increase in 2019/20.

4.5 *Pensions*

As a result of the Pension revaluation process published in 2018 employer contributions in respect of Police Officer pensions have increased by just under 7% in 2019/20.

The impact of these cost increases for 2019/20 is shown below:

	2019/20 £m
Pension contributions increase	7.100
Pay award	4.503
Total Resources	11.603

Demand/Volume

- 4.6 A number of budgetary pressures have been identified that relate to the cost to the Constabulary of dealing with additional demand for the service and supporting the front line in meeting that increased demand:

	2019/20
	£m
Revenue consequences of the capital programme	0.700
Increased cost of injury awards for ill-health retirements	0.200
Right-size overtime budget	0.800
Increase insurance provision	0.100
Increased contribution to North West ROCU	0.192
Reduce spend to match reduction in Counter Terrorism grant	-0.614
Reduced PoCA income	0.340
Contribution to Capital Investment Programme	1.000
Increase spend on backlog maintenance of buildings	0.500
Forensic Academy staffing (One year only)	0.114
ISO Accreditation – Quality Assurance	0.070
Inflation on non-pay budgets	0.620
Total	4.022

4.6.1 *Revenue consequences of the capital programme*

This represents the impact of the changes to the Capital Programme proposed for 2019/20 to 2023/24 upon the revenue budget and reflects changes to the costs of financing the programme in particular the forecast level of borrowing in respect of major accommodation schemes.

4.6.2 *Increased cost of injury awards for ill-health retirements*

The cost of additional injury awards to individuals retiring due to ill-health retirement continue to increase in value however the number of awards remains consistent. The budget has been increased to meet the increased cost faced.

4.6.3 *Right Size overtime budget*

The budget for overtime has been reviewed and it has been identified that this should be increased. Performance against this increased budget will be closely monitored during the year.

4.6.4 *Insurance provision*

A review of the combined liability policies has indicated that the value of historic claims combined with estimates of current claims significantly outstrips the value of provision made to meet these liabilities requiring an increase in the annual provision for these costs.

4.6.5 *Increased contribution to North West Regional Organised Crime Unit(NW ROCU)*

The annual cost of Lancashire's membership of the North West ROCU has increased due to the impact of the police officer and police staff pay awards and increased pension costs.

4.6.6 *Reduce spend on Counter Terrorism unit*

The grant paid to Lancashire in respect of Counter Terror activity has been reduced by the Home Office, spend in the budget is therefore reduced by a matching amount.

4.6.7 Reduced PoCA income

The amount of income generated through Proceeds of Crime receipts has reduced in recent years, the budget is therefore adjusted to reduce the income target for the Constabulary.

4.6.8 Increase contribution to capital investment programme

The required capital expenditure is considered later in the report. However, it is clear that the expenditure requirements for capital are significant, due mainly to the combination of an ageing estate and the need to deliver and develop essential information technology infrastructure. When this is compared to the level of resources available, there is a clear shortfall. To safeguard and mitigate this risk the revenue budget includes an additional contribution to meet requirements in the capital investment programme for shorter life assets.

4.6.9 Increase spend on backlog maintenance of buildings

As indicated above the Constabulary's estate is ageing and a review of buildings has identified an increased requirement for maintenance of the PCC's building stock to prolong the life of assets and prevent higher spend on major refurbishment works.

4.6.10 Forensic academy staff

A requirement for additional staffing to service the forensic academy has been identified for a fixed one year period

4.6.11 ISO Accreditation/Audit – Quality Assurance

An increase in the number of processes for which Lancashire Constabulary requires ISO accreditation requires an increase in the number of staff to deliver the necessary quality assurance audits to deliver successful accreditation for the Constabulary. The compliance and quality regime, which underpins ISO accreditation is likely to require significant investment in future years. Failure to invest in this area will jeopardise the ability to deliver investigation activities.

4.6.12 Inflation on non-staff costs

Inflation at 2% is provided for non-staff costs incurred by the organisation.

Cost reductions/Savings

- 4.7 A key element of the Commissioner's financial management strategy is the ongoing review of the organisation's activity and the identification of additional cost reductions and savings that can be made. This work is undertaken in conjunction with the Constabulary's 'Futures Team' and has identified further savings that will be delivered in 2019/20 as follows:

	2019/20 £m
Remove budget for non-consolidated element of 2018/19 pay award	-0.747
Revised MRP (Minimum Revenue Provision) policy	-0.769
End of three year period for redeployment mileage in contact centre	-0.257
Forensic Academy	-0.300
Zero based budget review of non-staff spend	-0.750
Service reviews	-0.087
Leaving Motorway Policing collaboration arrangement	-0.290
Departmental non-staff savings target	-0.200
Total	-3.400

4.7.1 Non-consolidated pay award

The 2018/19 pay award included a 1% one-off increase. This was brought in to the budget in 2018/19 and can now be removed in 2019/20 as it has not been repeated.

4.7.2 Revised MRP policy

The Commissioner has previously agreed a revised policy for the accounting treatment of the Minimum Revenue Provision (which is a measure of the cost of owning assets) made in his Revenue Budget. The impact of the revised treatment realises a revenue saving.

4.7.3 Redeployment mileage

The three year term agreed for the payment of mileage costs for staff redeployed in to the contact centre and other reviews ends in 2018/19 realising a saving.

4.7.4 Forensic Academy

Additional income will be realised through the Forensic Academy partnership.

4.7.5 Zero based budget review

A review of all non-staff budgets has been undertaken to establish those which are not required. This has realised a saving that can be taken in 2019/20.

4.7.6 Service review requirements

As part of the on-going examination of support and frontline services a number of changes have been identified that deliver a net reduction to the revenue budget

4.7.7 Exiting the regional motorway collaboration

The decision to leave the North West Motorway collaboration has delivered an annual revenue saving whilst service delivery has been maintained.

4.7.8 Non-staff cost savings target

Constabulary has set a savings target across departmental non-staff cost budgets.

Budget position with no council tax increase

- 4.8 The cost pressures and savings identified in 4.1 to 4.7 have the following impact on the budget for 2019/20:

	£m
Budget Requirement 2018/19	271.878
Pay Award	4.503
Increased Pension Contribution costs	7.100
Demand/Volume cost pressures	4.022
Budget Requirement 2019/20	287.503
Less: Savings and cost reductions	-3.400
Budget Requirement 2019/20	284.103
Funding 2019/20 – No increase to council tax	278.204
Funding Gap	5.899

Council Tax

- 4.9 As part of the budget setting process the Commissioner is required to consider whether or not to propose any changes to council tax. It has been announced by the Minister for Policing and Fire that Police and Crime Commissioners can increase the Council Tax charge for a band D property by up to £24 without the need for a local referendum.
- 4.10 The Policing and Fire Minister stated that PCCs should use the flexibility allowed in the setting of council tax to enable investment in the service to meet the ever increasing demands placed upon it.
- 4.11 It is clear that the government recognises that policing needs additional funding in 2019/20. It is also clear that the government expects the majority of this to be provided through the local council tax precept. The Commissioner has made it clear that protecting local policing in Lancashire is his main priority.
- 4.12 **The Commissioner proposes to increase Council Tax in 2019/20 by £24, giving a council tax charge of £201.45 for a Band D property**, providing additional income of £10.533m. This income will enable some investment to be made in policing services in Lancashire at a time when both costs and demand pressures are rising at a significant rate.
- 4.13 This increase would therefore meet the funding gap of £5.899m shown in 4.8 and provide £4.634m for investment in policing services in Lancashire.

Investment

- 4.14 The Commissioner has considered a number of proposals for investment identified by the Chief Constable and has determined the following should be made in 2019/20:

	2019/20
	£m
Neighbourhood policing task force and Tactical Operations	3.058
Additional Investigation officers	1.100
Support Services Review	0.500
HQ Rationalisation support	0.400
Total	5.058

4.14.1 Neighbourhood policing task force

Additional officers in every District in Lancashire, based in local communities, focussed on neighbourhood policing issues including specific officers dedicated to rural crime.

4.14.2 Tactical Operations

Increase the resource in the tactical support units in particular to provide support to local officers in meeting the demand arising from cross border crime and serious and organised crime gangs

4.14.3 Investigations officers

Additional officers will be recruited in to teams delivering the investigation function of the force to ensure crime detection is resourced effectively.

4.14.4 Support Services Review

Following the leadership review of the Constabulary's Support Services functions a subsequent review of the structures to support the new delivery model has been conducted.

The outcome of this review has generated a new structure which is crucial to deliver and maintain the essential infrastructure requirements to enable operational policing to properly function. A number of posts have been created across the Resources portfolio to underpin delivery. This increased provision adds resources to what is already a low cost function relative to similar services provision within other police forces.

4.14.5 HQ rationalisation Support

In order to maximise the effective use of the Headquarters site at Hutton and the broader estate a team is to be set up to deliver the process from planning to delivery.

Budget position with council tax increase of £24 for a Band D property

- 4.15 If the council tax precept for 2019/20 is increased by £24 for a Band D property and investment made as set out above, the impact on the budget is as follows:

	£m
Budget Requirement 2018/19	271.878
Pay Award	4.503
Increased Pension Contribution costs	7.100
Demand/Volume cost pressures	4.022
Investment in frontline policing	5.058
Budget Requirement 2019/20	292.561
Less: Savings and cost reductions	-3.400
Budget Requirement 2019/20	289.161
Funding 2019/20 – Council tax increased by £24	288.737
Funding Gap	0.424

The Commissioner and Chief Constable will oversee work to identify a further £0.424m of savings before agreeing the final budget to ensure a balanced position for 2019/20.

RISKS AND UNCERTAINTIES

- 4.16 There are a number of risks and uncertainties that will impact upon the final position for 2019/20 and the MTFs for future years:

4.16.1 Finalisation of the Settlement

The final settlement is anticipated to be announced in early February 2019 and therefore the current information is based on the provisional figures that were announced on 13 December 2018.

4.16.2 Final Council Taxbase figures

District Councils will provide final taxbase figures for 2019/20 on 31st January 2019 which will confirm the level of council tax income that will be received by the PCC in 2019/20.

4.16.3 Impact of Comprehensive Spending Review (CSR 2019)

Funding for policing services beyond 2019/20 will be set out in the findings of the Comprehensive Spending Review that will take place during 2019. Until these

findings are reported the level of funding that will be available for forces remains uncertain.

4.16.4 Partner Funding for PCSOs

Some funding for PCSOs is received from partners across Lancashire and is match funded by the Commissioner. Several partners have already removed or reduced their funding for PCSOs and a number have yet to confirm their commitments for 2019/20, therefore the final PCSO budget available will not be known until all partners have set their budgets.

4.16.5 Emergency Services Network (ESN) - Replacement of Airwave

The emergency services communications network 'Airwave' replacement programme has already 'slipped' by more than two years. There is a financial consequence of a delay in moving over to the new system that is not yet clear. There is also a capital requirement for the equipment that will be required to operate on the new system that will impact upon future years' capital investment programme. The financial impact of these is not yet fully known with estimated provision included in the draft capital programme based on best available information. When further information is received from the Home Office the financial forecast will be updated.

4.16.6 Impact of cuts to Local Government funding

Local Authorities continue to face significant budget reductions. As services are removed or reduced, particularly in relation to mental health care, adult social care and children safeguarding, the demands faced by policing services increase dramatically. The impact of these changes is extremely difficult to forecast but as information becomes available it will be reflected in future iterations of the MTFS.

4.16.7 Anti-Fracking protests

During the current financial year the constabulary has incurred significant expenditure associated with the policing of anti-fracking protests. The cost in 2018/19 is forecast to exceed £5m, and the cost in 2017/18 was £7m. A further submission has been made to the Home Office for Special Police grant to assist with this cost, as yet there has been no indication from the Home Office on the amount of grant that may be awarded for 2018/19. Any additional cost that is not met through the special grant from Home Office will fall upon existing reserves and it is also likely that significant cost will continue in 2019/20 which will place more pressure on the revenue budget.

5. Medium Term Financial Strategy

- 5.1 Setting the 2019/20 revenue budget forms part of the overall Medium Term Financial Strategy (MTFS) process for the Police and Crime Commissioner. The MTFS is based on information provided from central government regarding future funding, together with professional judgement and assumptions on cost pressures including inflation and demand for services. From this, the level of savings required to deliver a balanced budget in future years is forecast and the Commissioner and the Chief Constable then work together to develop options to drive out further efficiencies and deliver the required savings in future years.
- 5.2 As identified earlier in this report the Policing and Fire Minister identified the proposed level of grant funding for Lancashire in 2019/20 in his provisional settlement statement on 13th December 2018. No indication of the level of funding in years beyond 2019/20 was provided.

- 5.3 The MTFS assumes that grant funding from government in future years will be maintained at the same level as that provided in 2019/20. The latest announcements from the Home Office state that CSR 2019 will provide the proposed level of funding for policing in future years but no indication about the level of funding available has been given.
- 5.4 The MTFS also assumes that following a £24 increase to council tax in 2019/20 there will be NO increase to the council tax charge in subsequent years, however it does assume a 1.5% increase in taxbase each year.
- 5.5 The latest MTFS is as follows:

	2019/20	2020/21	2021/22	2022/23	Total
	£m	£m	£m	£m	£m
Funding	288.737	289.943	291.289	292.656	
Budget Requirement	289.161	297.455	298.812	299.253	
Funding Gap	-0.424	-7.512	-7.523	-6.597	-22.056

- 5.6 The latest MTFS identifies a **funding gap of £22m to 2022/23**. This reflects that annual savings of £86.8m have been delivered to 2019/20.
- 5.7 The funding gap of £22m to 2022/23 means that **by 2022/23 total annual savings of more than £108m** will have been delivered since 2010/11 which is the equivalent of 36% of the 2011/12 budget.
- 5.8 As is always the case, the additional level of forecast savings required in future years is dependent upon future funding announcements and financial settlements. Therefore, the figures quoted above are likely to change.

Developing Savings Options

- 5.9 In developing options, the Commissioner and the Chief Constable look to protect front line services and drive out efficiencies wherever possible whilst maintaining service delivery. This approach together with the overall approach to managing the financial position was recently recognised as good practice by Her Majesty's Inspectorate of Constabulary (HMIC) from which Lancashire Constabulary was again rated as 'good' in the Police Effectiveness Efficiency and Legitimacy "Peel efficiency' inspection.

6. Investing for the future

- 6.1 In order to preserve the operational integrity and ability of the force in future years whilst delivering the savings required to meet the funding gap identified above, the Commissioner must consider a number of proposals that will change how the service operates.
- 6.2 It is recognised that, in order to deliver savings proposals to meet the funding gap faced by the Commissioner in future years, the way the police service is delivered will need to change significantly. It is also recognised that improving the efficiency in which assets are used such as buildings, infrastructure and IT networks and equipment, is crucial if the level of service being provided is to be maintained whilst the way it is delivered changes.

- 6.3 In order to improve the efficiency of the service it has been identified that significant investment is therefore needed in these assets which is recognised in both the ICT and the Asset Management strategies.
- 6.4 These strategies identify a number of investments that will ensure that, as far as is possible, frontline policing is protected and made as efficient as possible in future years. The one-off investment is provided through the Commissioner's Capital Investment Programme. This investment will help to deliver the permanent savings in the revenue budget that are required in future years to ensure that the Commissioner can provide policing services in Lancashire within the resources he has available.
- 6.5 The Commissioner, as part of his medium term financial strategy, considers the investment needed to deliver the capital investment programme and has in recent years set aside specific reserves to provide the funding necessary to deliver these key investments. The following section of this report sets out the proposed investment programme and the funding that has been identified to deliver it.

Capital Investment Programme

- 6.6 A draft capital programme is currently being developed and will be approved by the Commissioner in his budget report in February 2018. The Commissioner will also identify the funding for the capital programme as part of the decision and will consider the optimum use of the resources available to him in doing so. This will include using some of the strategic reserves that have been set aside under the Commissioner's Medium Term Financial Strategy in recent years.
- 6.7 The draft capital programme is set out below:

	2019/20	2020/21	2021/22	2022/23	2023/24	Total
	£m	£m	£m	£m	£m	£m
IT Strategy	5.645	3.478	3.204	4.608	7.060	23.995
Accommodation Strategy	15.300	18.800	18.500	5.000	1.000	58.600
Vehicle Replacement	3.300	3.000	2.400	2.900	4.100	15.700
Other Schemes	1.721	0.622	0.427	0.437	1.037	4.244
Total	25.966	25.900	24.531	12.945	13.197	102.539

The draft programme is set out in full at appendix 'A' to this report and some of the main areas of investment are highlighted below.

I.T. Strategy

- 6.7.1 Replacement of equipment and mobile devices (£6.6m)
- 6.7.2 New and replacement systems (£7.0m)
- 6.7.3 Infrastructure replacement (£5.9m)
- 6.7.4 ESN requirements (£5.7m)
- Emergency Services Network (ESN) is the system that will replace the existing network used for communications by the Emergency Services. The costs shown are the best forecast that can be made at this point in time.
 - The nationally run programme has slipped by more than two years already and is subject to further delay.

- The costs associated with the programme and the impact of the period of slippage are not clear but significant investment will be required upon its implementation.

Accommodation strategy

- 6.7.5 Minor Capital works and refurbishment (5.0m)
- 6.7.6 Major refurbishment schemes (£18.4m)
- 6.7.7 Pendle Briefing Base (£6.4m)
- 6.7.8 Hutton HQ rationalisation (£7.2m)
- 6.7.9 Adaptations at Greenbank (£9.6m)
- 6.7.10 New Public Order training facility (£7.5m)

Financing of the capital programme

- 6.8 The draft investment programme is forecast to be funded as follows:

	2019/20	2020/21	2021/22	2022/23	2023/24	Total
	£m	£m	£m	£m	£m	£m
Capital Grant/Contributions	1.342	1.100	1.100	1.100	1.100	5.742
Capital Receipts	0.710	0	0	0	0	0.710
Revenue Contribution	1.717	2.650	3.650	4.650	4.650	17.317
Reserves	7.232	4.478	1.453	0	0	13.163
Borrowing	14.965	17.672	17.390	4.700	0.940	55.667
Financing to be identified	0	0	0.938	2.495	6.507	9.940
Total	25.966	25.900	24.531	12.945	13.197	102.539

- 6.9 Capital grant allocations for 2019/20 have been provisionally confirmed in the provisional settlement announced on the 13th December 2018. It is clear from the above table that there is a potential funding gap of £10m from 2021/22 onwards. This underpins the requirement to include an incremental £1m p.a over the next 4 years to mitigate some of the risk of not having sufficient resources to meet essential expenditure on assets.

7. Reserves

- 7.1 The Commissioner holds two types of reserve, general reserves and earmarked reserves.
- 7.2 General reserves are available to support the revenue budget and provide security should the organisation face an unexpected issue that realises a call on its resources. The forecast level of these general reserves for 31 March 2019 is £10.631m or 3.7% of the 2019/20 revenue budget.
- 7.3 General reserves at this level are considered appropriate by the Commissioner's Section 151 Officer to ensure the ability of the organisation can remain a going concern should an unexpected issue occur. This level of reserves is within the 3% to 5% range set as acceptable in the Commissioner's reserve strategy. It is relevant at this point to highlight the impact of the costs associated with anti-fracking protests

highlighted earlier in this report as an example of the necessity to retain reserves at an adequate level.

7.4 The Commissioner holds a number of earmarked reserves including those set aside for investment in the capital programme. At 31 March 2019 the reserves set aside for such investment are forecast to stand at £13.163m. The application of these reserves to fund the capital programme is shown in paragraph 6.8 and show that they will be utilised in full by 2021/22.

7.5 The forecast position for the Commissioner's reserves at 31 March 2019 and the reasons for holding each reserve, is as follows:

	Position at 1/4/18	Forecast Position at 31/3/19
	£m	£m
<u>EARMARKED RESERVES</u>		
Reserves held for 'one-off' investment		
Transition Reserve	16.177	7.165
PCC Strategic Investment reserve	5.998	5.998
	22.175	13.163
Reserves held to support operational policing		
Protective Clothing Reserve	0.471	0.408
Vehicle Workshop Reserve	0.040	0.040
Wellbeing reserve	0.025	0.025
Operational Policing Reserve	0.364	0.364
	0.900	0.837
Proceeds of Crime Act receipts reserve	0.906	0.906
Reserves held on behalf of other organisations:		
Forensic Partnership reserve	0.406	0.074
Road Safety Reserves	1.779	1.447
Total Earmarked Reserves	26.166	16.427
General Reserves	11.782	10.631

7.6 The Commissioner reviews his reserves strategy each year and the use of reserves to fund the capital programme will be considered as part of that review.

8. Engaging the Public on the Council Tax precept

8.1 The Commissioner is undertaking an in-depth survey with the people of Lancashire to ensure their needs are taken into consideration when setting the council tax precept. Early indications of the more than 4,200 completed surveys so far show that almost 61% of residents support paying more council tax to support investment in policing in Lancashire. Further details of the consultation and market research will be made available as an appendix to the report at the meeting. The consultation is on-going

but will end before the Police and Crime Panel meeting on Tuesday 15th January 2019.

9. Equality and Diversity

- 9.1 The Commissioner and the Constabulary have a set up a Futures Programme to deliver the required savings through a series of reviews of the organisation's processes and operational arrangements. As each review area is progressed an equality impact assessment is carried out to assess the impact of the proposed recommendations on service recipients and is an integral part of the process.

10. Robustness of the Budget and the Adequacy of Reserves

- 10.1 Section 25 of the Local Government Act 2003 requires the Commissioner's Chief Finance Officer to advise the Commissioner as he is making budgetary decisions on the robustness of the assumptions underlying the budget and the adequacy of the Commissioner's reserves in the context of the financial risks to which the organisation is exposed.
- 10.2 The basis of the estimates on which the budget has been prepared, as in previous years, relies on forecasts of demand and other activity prepared by the constabulary. The forecast is kept under review as part of the budget monitoring process and actions identified to identify any financial risks arising from changes in the forecast as they occur. The main risks relate to the pace and scale of increases in cost and demand placed on the service and the ability of the organisation to meet these within the required timeframes.
- 10.3 The resources available to the Commissioner to manage these risks consist of the various reserves held by the Commissioner, principally general funds and the transitional funds. At this stage it is anticipated that general reserves will be maintained at around 3.7% of the Commissioner's budget requirement reflecting the level of financial risk that the combination of significant ongoing spending reductions and resource uncertainties creates. This should allow the Commissioner to respond to any changes that may occur in a planned way which provides stability to services and certainty to communities.
- 10.4 In addition to general reserves, the Commissioner maintains a range of earmarked reserves for specific purposes shown in 7.5 above. The level and appropriateness of earmarked reserves is kept under review to ensure that sums are only held if required, and released when not. At this stage these reserves are regarded as adequate with plans in place to invest the majority of the earmarked reserves on the capital ICT infrastructure and estates strategies that will support the future of the constabulary as it downsizes and strives to deliver high quality services.

11. Role of the Police and Crime Panel

- 11.1 Schedule 5 of the Police Reform and Social Responsibility Act (2011) states that the Commissioner must notify the Police and Crime Panel, by 1 February 2018, of the precept which the Commissioner is proposing to issue for the financial year.
- 11.2 Under the requirements of the Act, Police and Crime Panels must review the proposed precept notified to it and must make a report to the Commissioner on the

proposed precept. The report may include recommendations, including recommendations as to the precept that should be issued for the financial year.

- 11.3 The Police and Crime Panel has the power to veto the proposed precept if at least two-thirds of the panel membership (the full membership rather than those present at the meeting) at the time when the decision is made vote in favour of making that decision. If the panel vetoes the proposed precept, the report made to the Commissioner must include a statement that the panel has vetoed it.
- 11.4 The Police and Crime Panel's response to the Commissioner on the precept proposal must be made by 8 February 2018. A Commissioner is unable to set a precept until the end of the scrutiny process is reached and should the Police and Crime Panel veto the proposals, the Commissioner must submit a revised precept for consideration of the panel by the 15 February 2018 to which the Police and Crime Panel must also respond. A further response from the Police and Crime Panel must be received by 22 February 2018 after which the Commissioner must respond formally to the Police and Crime Panel setting out the precept for the forthcoming year.

12. Conclusion

- 12.1 The Panel are asked to consider this report and the recommendations within it.
- 12.2 The Panel are requested to provide their response to these recommendations in line with the responsibilities set out in paragraph 11 of this report.

1.0 Headline findings

1.1 Precept findings

Taking into account all respondents who participated in the precept consultation, around two thirds (63%) of residents across Lancashire said they were willing to pay more council tax to support policing in the area.

When considering only those who participated as part of a controlled and representative sample of 1404 residents, carried out by trained interviewers, the percentage rises to three quarters (76%).

Of those who completed the online consultation, open to all residents of Lancashire and promoted through various media streams and events by the Office of the Police and Crime Commissioner, 58% confirmed they were willing to pay more council tax to support policing in Lancashire.

1.2 Other findings

Around 9 out of every 10 residents consider investigating major crimes and tackling child abuse and sexual exploitation to be high priorities for Lancashire Police. Just over three quarters (77%) believe combatting terrorism and extremism is also a high priority and two thirds (68%) said that tackling domestic abuse and violence should also be prioritised.

There was less concern towards the provision of information about policing (16%) and prioritising patrols in areas with low levels of reported crime; around a tenth considering this aspect a high priority (11%).

Around two thirds of residents (65%) would prefer to contact Lancashire Police by telephone to report a crime or incident in a non-emergency. Around a quarter said they would prefer to use online platforms to report a non-urgent incident by completing an online form (15%); using a chat facility (9%) or using social media (2%).

Just over 8 in every 10 residents are unaware of the Police and Crime Commissioner for Lancashire. Around a sixth (16%) revealed some degree of awareness, ranging from naming the Commissioner to seeing him in the media.

2.0 Introduction

2.1 Background

Since 2010 the budget allowed for policing in Lancashire has fallen significantly. During this period police officer and staff numbers have fallen by around 1150 and by 2022 the force will have saved in excess of £100m off the annual budget.

The police budget funds the pay and costs of police officers and police staff across Lancashire. Most of the funding to pay for the police comes from the Government. However around 28% comes from council tax in the form of a precept.

The Government grant towards policing is increasing next year for the first time since 2010 which will help Lancashire Constabulary to meet the costs of government pension changes. However, the Government also expect Police and Crime Commissioners to raise council tax precepts again next year to protect against further cuts to service and invest in proactive policing.

In December 2018, Lancashire Police and Crime Commissioner's Office commissioned SMSR Ltd, an independent research company, to undertake a consultation with residents from across the Lancashire area to gauge public opinion towards police precept. The consultation was also used to measure residents' awareness of the Police and Crime Commissioner and have their say on policing priorities in Lancashire.

2.2 Report Structure

Included in this report are a set of headline findings which provide quick reference to all the questions asked throughout the survey. In addition, all questions have been analysed by demographic groupings and any differences in opinion are commented on throughout the report.

It should be noted that when the results are discussed within the report, often percentages will be rounded up or down to the nearest one per cent. Therefore occasionally figures may add up to 101% or 99%.

2.3 Acknowledgements

SMSR would like to thank the 4,615 Lancashire residents who took part in the consultation. We would also like to thank Rachel Whittle for her help in conducting this research and the regular input and interest in the overall process.

3.0 Sample / Methodology

An interviewer led, telephone questionnaire was designed by SMSR in conjunction with staff from Lancashire Police and Crime Commissioner's Office. Telephone Interviews were conducted using quota sampling to ensure the sample was representative. Quotas for age, gender and ethnicity were set using the 2011 census figures and the sample included representation from each of the policing districts.

A second survey was designed for self-completion and hosted online. Members of the public were invited by Lancashire Police and Crime Commissioner to complete the survey via various media channels. Fieldwork took place between 18th December 2018 and 16th January 2019.

The survey scripts were developed for each methodology and therefore the telephone script contained an additional question. The precept and priority variables were identical however and a copy of each script can be found in the appendices. The geographic and demographic breakdown of all respondents was as follows:

Gender	Number	Percentage of sample
Male	2310	50%
Female	2172	47%
Other	0	0%
Do not wish to say	133	3%

Age	Number	Percentage of sample
18-24	222	5%
25-34	501	11%
35-44	766	17%

Method	Number	Percentage of sample
Online	3211	70%
Telephone	1404	30%

4.0 Precept Findings

4.1 Paying more to support policing in Lancashire

Additional money raised through council tax would provide the opportunity to reinvest in neighbourhood policing and targeted crime teams to address local issues that matter to people. Respondents were advised that 40% of properties in Lancashire are a band A which would mean an increase of 31p per week. The average property nationally is band D which would be an increase of 46p per week

Respondents were asked if they were willing to pay more council tax during 2019/20 to support policing in their area:

Are you willing to pay more council tax to support policing in your area?

Around two thirds (63%) revealed they were willing to pay more council tax to support policing in their area. Just under a third (31%) said they were unwilling to pay more council tax and a small minority (6%) said they did not know.

When considering methodology, those interviewed via telephone as part of a representative sample of Lancashire were more amenable to funding an elevated council tax precept for policing. More than three quarters (76%) of residents interviewed as part of the representative sample were willing to pay more council tax compared to 58% of those who participated in the online consultation.

Female respondents (67%) were slightly more willing than males (63%) to pay an increase in council tax to support policing. Older residents also were found to be more supportive to pay a rise in precept; three quarters of those over 65 (73%) stated they would pay more, as did two thirds of those aged 55-64 (66%). Those aged 35-44 were least willing to pay an increase (59%), followed by residents aged 45-54 (60%).

Significant differences were also found when comparing BAME and White respondents. Around two thirds (66%) of white respondents mentioned they were willing to pay more council tax compared to just over half (52%) of BAME residents.

Are you willing to pay more council tax to support policing in your area?			
District	Yes (%)	No (%)	Don't know (%)
Overall	63	31	6
Blackburn	63	32	5
Blackpool	59	35	6
Burnley	63	32	5
Chorley	73	20	8
Fylde	57	39	5
Hyndburn	68	26	7
Lancaster	69	26	5
Pendle	60	33	7
Preston	64	28	8
Ribble Valley	73	22	5
Rossendale	66	26	7
South Ribble	68	28	4
West Lancs	59	29	2
Wyre	67	30	4

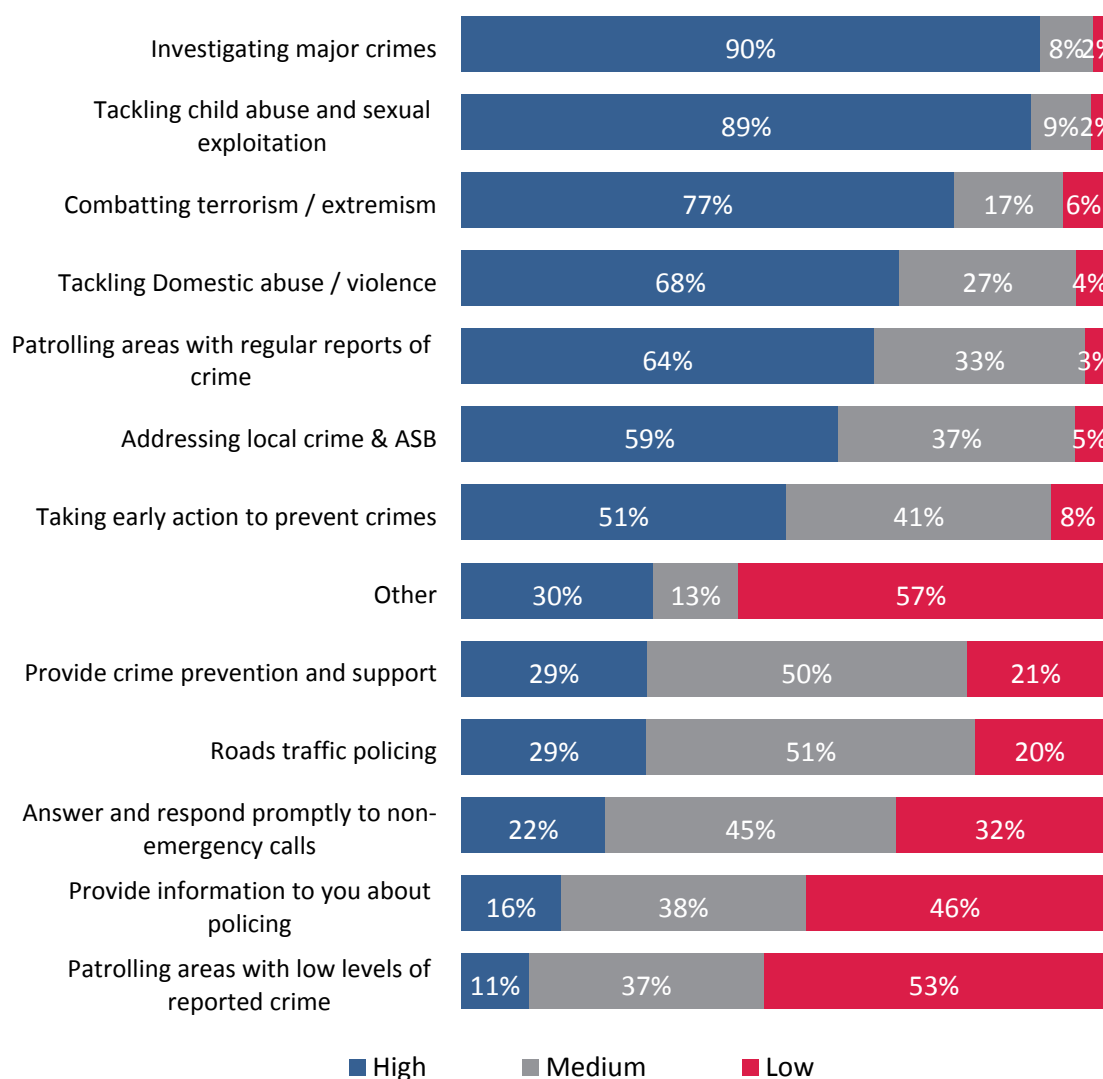

Residents of Chorley and Ribble Valley were found to be most willing to pay an increase in policing precept with around three quarters (73%) providing this answer in both districts, well above the overall average. Those residing in Fylde were least likely to entertain a rise in council tax to support policing in their area with under three-fifths (57%) willing to pay more.

5.0 Policing Priorities Findings

5.1 Policing Priorities

Respondents were given twelve police services and asked to consider each service as either a high, medium or low priority. An option to provide any additional priorities was offered.

Which of these do you think should be a high priority, a medium priority or a low priority for the police in Lancashire?

The vast majority of respondents (90%) cited investigating major crimes as a top policing priority with slightly less (89%) stating that tackling child abuse and sexual exploitation should also be a top priority in Lancashire. Furthermore, more than three quarters (77%) considered combatting terrorism / extremism to be a top priority with just over two thirds (68%) categorising the tackling of domestic abuse / violence in their top priorities for policing in the county.

Around a tenth (11%) thought that patrolling areas with low levels of reported crime should be a top priority for Lancashire Police and over half (53%) believed this aspect of policing to be a low priority. Under a fifth (16%) deemed the provision of information about policing a high priority. The order of priorities is comparable with previous year's results, reinforcing residents' attitudes when prioritising these aspects of policing.

Investigating major crimes

BAME residents were less likely to regard investigating major crimes as a top priority (86%) when compared to White respondents (91%).

Tackling Child abuse and sexual exploitation

Females (74%) considered this service to be a top priority more frequently than males (64%). Furthermore, those within the youngest age range of 16-24 (86%) were much more likely to believe that Lancashire Police should prioritise this aspect of policing when compared to other age groups, the closest being 25 to 34 year olds (73%).

Combatting terrorism / extremism

Females were again more likely to categorise combatting terrorism / extremism as a high priority with 81% providing this answer compared to 74% of males. When considering age, the youngest residents, 16 to 24, were most likely to perceive this priority as high (85%) followed by the oldest; 65+ (80%).

Taking into account ethnicity, respondents who defined themselves as White were more inclined to consider this aspect a high priority compared to BAME residents (78% compared to 71%). Geographically, those residing in the district of Burnley and Wyre were more likely to consider this a high priority (85% and 81% respectively).

Tackling Domestic abuse / violence

Significantly more females (74%) supported this aspect of policing as a high priority than males (64%), as did younger age groups. Those aged 16 to 24 (86%) were significantly more likely to believe tackling domestic abuse and violence was a top priority compared to other age groups; the closest being those aged 25 to 34 (73%).

Patrolling areas with regular reports of crime

White respondents (65%) were more likely to prioritise the patrolling of areas with regular reports of crime as high when compared to BAME respondents (58%). Those residing in Ribble Valley (70%) and Rossendale (69%) more frequently prioritised this element when compared to other locations.

Addressing local crime & ASB

Female respondents (61%) were more inclined to deem addressing local crime and antisocial behaviour a high priority than males (57%) as were those aged 55 to 64 (62%) compared to other age groups. Residents in Rossendale (68%) were significantly more likely to allocate this aspect as a high priority than those residing in other districts.

Taking early action to prevent crimes

The youngest respondents were found to be most likely to consider early action a high priority; residents aged 16 to 24 (57%) more frequently gave this answer compared to other age groups.

Provide crime prevention and support

When considering gender, female respondents (31%) were slightly more likely to advocate the provision of crime prevention and support as a high priority than males (27%). Again, younger residents were also most inclined to support this aspect of policing; 36% of 16 to 24 year olds gave this answer, significantly higher than other age groups.

Roads traffic policing

Residents in Pendle (35%) and Preston (34%) more frequently considered roads traffic policing as a high priority when compared to other districts.

Answer and respond promptly to non-emergency calls

BAME residents (28%) were significantly more likely to prioritise prompt answering and response to non-emergency calls as high than White residents (22%).

Provide information to you about policing

BAME residents (20%) were also more inclined to prioritise the provision of information than White residents (15%).

Patrolling areas with low level crime

Male respondents (12%) more frequently prioritised the patrolling of areas with low level crime as high when compared to females (9%). BAME residents (16%) were also more likely to provide this answer when compared to White respondents (10%).

5.2 Other priorities

Respondents were asked if there were any other areas that Lancashire Police should focus on that were not in the predetermined list.

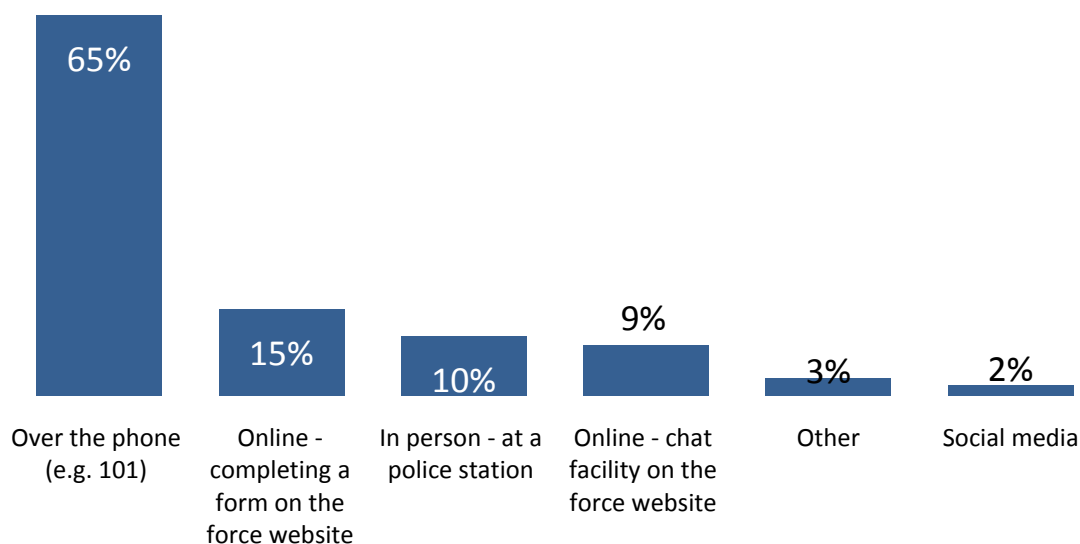

Please specify other (Base: 453)		
Comment	Number	%
Police presence / visible policing	93	21
Better use of funding/resources	27	6
Burglaries / theft	22	5
Tackling drugs	20	4
Improved response to incidents	20	4

The table above shows the most frequently made comments with regards any other **high** priorities and by far the most common theme was to ensure higher police visibility and more police presence.

6.0 Contacting Lancashire Police

6.1 Reporting a crime or incident in a non-emergency

How would you prefer to contact Lancashire Police to report a crime or incident in a non-emergency?

Respondents were asked how they would prefer to contact Lancashire police in a non-emergency. A majority of two thirds (65%) confirmed they would prefer to make contact over the phone in this situation. A sixth (15%) said they would prefer to use a form on the force's website to report a crime or incident in a non-emergency and a further tenth preferred to attend a police station (10%) or report use a chat facility on the force's website (9%).

The majority of respondents who preferred to use social media to report a crime or incident in a non-emergency confirmed they would be inclined to use the Facebook platform to do so. The most frequent method cited when specifying the answer 'other' was email.

7.0 Police & Crime Commissioner

7.1 Awareness

Participants of the telephone research were asked to name the Police and Crime Commissioner for Lancashire.

Who is the police and crime commissioner for Lancashire? (Base: 1404)		
Response	Number	%
No / don't know	1151	82%
I do but I cannot remember his name	101	7%
Clive Grunshaw	89	6%
I have seen him in the media / in person but cannot remember his name	28	2%
Grunshaw (rest of name missing or incorrect)	14	1%

The majority of respondents (82%) were not aware of the Police and Crime Commissioner for Lancashire. Under a tenth said that they did know but could not remember his name (7%) and were able to provide the Police and Crime Commissioner's name (6%). A further 2% had seen the Police and Crime Commissioner for Lancashire in the media or in person but could not recall his name and 1% they knew the surname was Grunshaw but could not provide the first name.

8.0 Further comments

8.1 Themes

Participants of the online survey were asked to provide any further comments. Comments were arranged into themes:

Please provide any further comments? (Base: 2499)		
Theme	Number	%
The government should invest more	419	17
I am willing to pay more for policing	346	14
I would be willing to pay more if I knew how the money would be used	331	13
More police presence required	329	13
I am not willing to pay more for policing	285	11

Respondents provided a wide range of comments across different topics relating to policing in Lancashire. The most frequent theme was directed at the Government with nearly a fifth (17%) of respondents believing it should invest more in policing. Just less than this figure (14%) reaffirmed they would be willing to pay more for policing. Just over a tenth (13%) confirmed they would pay more if they had information about the additional funding would be used and the same percentage thought that more police presence is required in Lancashire (13%). A tenth (11%) reinforced their opinion that they were not willing to pay more for policing.

Lancashire OPCC

Precept Survey 2018

Introduction

Hello, my name is I work for an independent research company called SMSR Ltd. We've been asked by Lancashire Police and Crime Commissioner to conduct a short survey to seek the views of residents who pay council tax in Lancashire about the 2019/20 council tax level for policing, so that the PCC can set a balanced budget which addresses the policing needs of Lancashire.

Can you spare a couple of minutes to answer a few questions?

Your responses will remain strictly confidential and anonymous, your personal details will not be forwarded to a third party and anonymised responses will be used by Lancashire PCC.

If respondent shows any sign of concern, please offer the following contact numbers: Lee Atkinson on 0800 138045 at SMSR or Rachel Whittle at Lancashire Police and Crime Commissioner's Office on 01772 536786.

REC Interviews are recorded for monitoring and training purposes. Do you give your consent for this interview to be recorded?

- ☐ Yes
☐ No

In compliance with GDPR you are able to withdraw your consent at any point during or after the interview and we can provide contact details for both Lancashire PCC and SMSR at any point if you so wish. The data is being collected in accordance with the MRS Code of Conduct.

Q1 Who is the police and crime commissioner for Lancashire?

Please specify the name of the PCC and write verbatim response. If respondent answers "don't know" please note if any information is given and record verbatim e.g. "I heard him on the radio".

For interviewer purposes: the PCC for Lancashire is Clive Grunshaw

Q2 Thinking of the issues you see in your local area, crime in Lancashire and the national commitments the police have to make, which of these do you think should be a high priority, a medium priority or a low priority for the police in Lancashire:

	High	Medium	Low
Investigating major crimes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tackling domestic abuse / violence	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Roads traffic policing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tackling child abuse and sexual exploitation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Patrolling areas with regular reports of crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Patrolling areas with low levels of reported crime	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Combatting terrorism / extremism	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Taking early action to prevent crimes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Addressing local crime & antisocial behaviour	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Provide crime prevention and support	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Answer and respond promptly to non-emergency calls	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Provide information to you about policing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please specify other:

Since 2010 the budget allowed for policing in Lancashire has fallen significantly. During this period police officer and staff numbers have fallen by around 1150 and by 2022 we will have saved in excess of £100m off our annual budget.

The police budget funds the pay and costs of police officers and police staff across Lancashire. Most of the funding to pay for the police comes from the Government. However around 28% comes from council tax in the form of a precept on your bill.

The Government grant towards policing is increasing next year for the first time since 2010 which will help Lancashire Constabulary to meet the costs of government pension changes. However, the Government also expect Police and Crime Commissioners to raise council tax precepts again next year to protect against further cuts to service and invest in proactive policing.

If this is done, additional money raised through council tax would provide the opportunity to reinvest in neighbourhood policing and targeted crime teams to address local issues that matter to people.

INTERVIEWER: please provide information from the table below if required:

If the maximum allowable increase is applied, the Police Precept for each property band will be as follows: Council tax bands (at £24 increase to Band D):

		Increase per week
	£	£
Band A	134.30	0.31
Band B	156.68	0.36
Band C	179.07	0.41
Band D	201.45	0.46
Band E	246.22	0.56
Band F	290.98	0.67
Band G	335.75	0.77
Band H	402.90	0.92

Q3 Are you willing to pay more council tax to support policing in your area?

Prompt: 40% of properties in Lancashire are a band A which would mean an increase of 31p per week. The average property nationally is band D which would be an increase of 46p per week.

- ☐ Yes
☐ No
☐ Don't know

Q4 Are there any additional comments you would like to provide?

Q5 How would you prefer to contact Lancashire Police to report a crime or incident in a **non-emergency**?

- ☐ Over the phone (e.g. 101)
- ☐ In person - at a police station
- ☐ Online - completing a form on the force website
- ☐ Online - chat facility on the force website
- ☐ Social media - please specify
- ☐ Other - please specify

Please specify social media:

Please specify other:

Finally, a couple of questions about yourself, so that we can understand the views of the whole range of people...

Q6 Please can I take your postcode?

Q7 Gender (do not ask)

- ☐ Male
☐ Female

Q8 What age were you on your last birthday? (read out bands if necessary)

- ☐ 16 to 24
☐ 25 to 34
☐ 35 to 44
☐ 45 to 54
☐ 55 to 64
☐ 65 to 74
☐ 75 or above
☐ Do not wish to say (don't read out)

Q9 What is your ethnic group? Are you Asian, Black, Chinese, of a mixed background, White, or of another ethnic group? And is that (read from list below as appropriate)

- ☐ Asian or Asian British - Indian
☐ Asian or Asian British - Pakistani
☐ Asian or Asian British - Bangladeshi
☐ Asian or Asian British - Any other Asian background
☐ Black or Black British - Caribbean
☐ Black or Black British - African
☐ Black or Black British - Any other Black background
☐ Chinese
☐ Mixed - White and Black Caribbean
☐ Mixed - White and Black African
☐ Mixed - White and Asian
☐ Mixed - Any other mixed background
☐ White - British
☐ White - Irish
☐ White - Any other White Background
☐ Other ethnic group
☐ Do not wish to say (don't read out)

Thank you for completing this survey

Precept Survey 2018

Thank you for taking part in the Lancashire Police and Crime Commissioner Precept Survey. The Police and Crime Commissioner is seeking the views of residents who pay council tax in the Lancashire area regarding the 2019/20 council tax level for policing, so that the PCC can set a balanced budget which addresses the policing needs of Lancashire.

Social and Market Strategic Research (SMSR), is an independent research organisation who will process the results of this survey. SMSR adheres to the General Data Protection Regulation (GDPR) and all of your responses will be treated anonymously.
