EXECUTIVE MEMBER DECISION

| | |
|-----------------------|--|
| REPORT OF: | Executive Member for Growth and Development Executive Member for Finance and Governance |
| LEAD OFFICERS: | Director of Growth and Development |
| DATE: | 5 th November 2019 |

| | | |
|------------------------------|----------------------------|------------------------|
| PORTFOLIO/S AFFECTED: | Growth and Development | Finance and Governance |
| WARD/S AFFECTED: | Little Harwood & Whitebirk | |

SUBJECT: Compulsory Purchase of an Individual Residential Property at 14 Seven Trees Avenue, Blackburn BB1 5NG.

1. EXECUTIVE SUMMARY

To seek approval to initiate compulsory purchase action on the above privately owned property as part of the Council's Empty Property Strategy to reduce the number of long term empty properties and provide much needed accommodation for the Borough.

2. RECOMMENDATIONS

That the Executive Member:

Upon being satisfied that:

- a) it would contribute to the economic, social and environmental well-being of the borough;
- b) there is a compelling case in the public interest as the interference with Human Rights involved is proportionate in the interests of bringing empty properties back into use;
- c) sufficient funds exist for carrying the resolution into effect;
- d) no impediments exist to the implementation of the scheme to redevelop the property (subject to the making of the order) and there is a reasonable prospect of its implementation, should the order be made;
- e) the whole of the legal estate could not be acquired by agreement.

- 2.1 Authorise the Director of Growth and Development, in conjunction with the Director of HR, Legal and Governance to prepare and make a Compulsory Purchase Order (CPO) under section 17 of the Housing Act 1985 and the Acquisition of Land Act 1981, for the purpose of acquiring the property to bring about its re-use.
- 2.2 Authorise the Director of Growth and Development to negotiate terms for the acquisition by agreement of any outstanding interests in the land within the Order prior to its confirmation.
- 2.3 Authorise the Director of HR, Legal and Governance (in the event that the Secretary of State notifies the Council that it has been given the power to confirm the Order) to confirm the order if he is satisfied that it is appropriate to do so.
- 2.4 Authorise the Director of Growth and Development to approve agreements with the land

owner setting out the terms of withdrawal of objections to the Order (including the power to defer implementation post confirmation) and in consultation with the Director of HR, Legal and Governance to make deletions from and/or minor amendments and modifications to the proposed Order and Order plans.

3. BACKGROUND

- 3.1 As part of the Council's commitment to bringing empty properties back into use, this property has been evaluated using the priority scoring matrix (Appendix 1). It scores highly due to the fact that externally, the property is currently in a very poor state of repair and the Council has also received a series of complaints with regards to this property.
- 3.2 The proposed CPO site is outlined in red on the attached plan (Appendix 2).
- 3.3 The property is situated in the Little Harwood and Whitebirk ward of the Borough and is set in a row of pre-1919 garden fronted two storey mid terraced houses built of red brick with pitched slate roofs. It stands opposite a modern housing development comprising a range of homes, including town houses and detached properties. It is anticipated that the property comprises a living room and a kitchen on the ground floor and 2 bedrooms and a bathroom at the first floor level. This assumption is due to inspection of similar neighbouring properties which were built at the same time and of a similar size.

The property is in extremely poor repair with the front ground floor front and rear windows and doors covered in metal mesh. A rear upstairs window has been smashed and open to access and the rear garden has been mostly inaccessible due to it being overgrown and full of rubbish. Internally is also in a poor state of repair and comprises large amounts of household waste. The property has reportedly been occupied by squatters and has suffered from fly-tipping, causing a severe nuisance to the local neighbourhood. The property is subject of frequent complaints regarding its condition from both local Councillors and local residents, including;

- Squatters living in the property and the house being unfit for human habitation
- Leaking roof, causing water ingress and dampness to an adjacent property;
- The general condition of the building and the fact it continues to remain empty.

- 3.4 Substantial efforts have been made by the Project Manager (Empty Housing) to identify and contact the owner to encourage him to bring the property back into use. The council has tried to correspond with the owner since 2016 but he has not fully engaged, other than verbally stating on the 20th April 2018 that the property was to be sold. The property was re-inspected on 18th September 2018, 13th November 2018 and 9th January 2019 there was no evidence of the property being for sale and still remained in a poor state of repair with a significant amount of fly-tipping in the rear garden.
- 3.5 This culminated in a meeting with the owner on the 4th February 2019, who stated that he would clear the property within 6 weeks and invite 3 agents for a sale valuation. On the 26th March 2019 and contrary to his earlier statement, he informed the Empty Properties Team that he would not be selling the property but would commence refurbishment by having the leaking roof repaired.
- 3.6 On the 27th March 2019 the property was re-inspected and the roof was being repaired. Workmen on site advised that the property was in a very poor state of repair and that they had been instructed to carry out the work by neighbours at 6 Seven Trees Avenue rather than the known owner. On the 30th April 2019, Environmental Health sent a letter to the owner to remove the fly tipping from the rear garden or face prosecution. While most of this rubbish was subsequently removed, it is now severely overgrown with brambles making it almost

inaccessible at the rear.

- 3.7 Regular external property inspections have since been undertaken but the property continues to remain in a state of disrepair. Letters have continued to be sent to the owner but no response has been received. As refurbishment works have not continued, this has resulted in CPO action being recommended as the most appropriate form of action, as a last resort.

4. KEY ISSUES & RISKS

- 4.1 Tackling empty properties supports the key priorities in the Council's Corporate Plan and the Empty Property Strategy.
- 4.2 There are currently around 2,914 empty properties (5% of the total stock) in the Borough, of which 2,087 are classified as empty and unfurnished. 390 of those homes have stood empty for over 2 years and are being charged a Premium rate for Council Tax (as at 02.10.19.). Contact has been made with all owners of long term empty properties and as a direct result of that intervention, 507 empty properties were brought back into use in 2018/19. However, as quickly as properties are removed from the empty property list, others are added to it.
- 4.3 Continued efforts are required to ensure that properties are empty for a minimum period of time and the Council's message that long term empty properties will not be tolerated continues to be communicated.
- 4.4 There are currently no grant funding opportunities available to support empty homes refurbishment (previous HCA initiatives ended in March 2015). Direct support and signposting is offered to help owners to bring their properties back into use. Where owners are unwilling or unable to bring their properties back into use, enforcement action is considered to be the most appropriate course of action to be taken.
- 4.5 Engagement with the owner of the property, including an attempt to acquire the property by agreement, has been exhausted and compulsory purchase action is now considered to be the only course of action left to the Council to bring the property back into use.
- 4.6 Empty properties in the borough can have negative environmental impacts on neighbourhoods in addition to being a wasted housing resource. At neighbourhood level, empty properties attract fly tipping, crime, arson and nuisance. It is a priority to tackle these problems through enforcement as part of the wider effort to improve neighbourhoods and prevent blight.
- 4.7 Bringing empty properties back into use creates extra accommodation for rent or sale and could also generate additional income for the Council via New Homes Bonus (NHB) payment.
- 4.8 The costs will be funded from the Neighbourhood Intervention Fund which is part of the Council's Housing Capital Programme; there are sufficient uncommitted funds available within the programme to support the making of this individual CPO.
- 4.9 Once acquired by CPO, the property will be offered for sale via a local estate agent to the highest bidder with preference given to buyers who intend to owner/occupy the property once renovated. A building licence will be granted to the buyer and formal sale is completed once the property has been renovated to the Council's required standard. This approach also encourages the use of local labour and local spend.
- 4.10 To date, 20 properties have been acquired using Neighbourhood Intervention Project funding. Of these, 16 have been successfully refurbished and occupied and 3 are in the process of being

refurbished. 1 property is with our legal department awaiting exchange of contracts.

5. HUMAN RIGHTS IMPLICATIONS

- 5.1 A Compulsory Purchase Order should only be made where there is a compelling case in the public interest. Members should be sure that the purposes for which it is making a CPO sufficiently consider the human rights of those with an interest in the land affected. In particular, to the provisions of Article 1 of the First Protocol to the European Convention on Human Rights (which provides that every natural or legal person is entitled to peaceful enjoyment of his possessions) and Article 8 of the European Convention on Human Rights (which provides every person is entitled to respect for his home and private life).
- 5.2 Notwithstanding the acknowledged impact that the CPO will have with regard to some aspects of the Human Rights Act 1998, the benefits identified in this report present a compelling case in the public interest for making the proposed CPO and compensation will be payable under the statutory compensation code.
- 5.3 The making of the proposed CPO is in the public interest because: -
- It will promote the social, environmental and economic well-being of the area and increase residents' confidence in the area.
 - It will create extra accommodation for sale or rent.
 - It will reduce the negative environmental impacts on the neighbourhood as empty properties attract fly-tipping, crime arson and nuisance.

6. POLICY IMPLICATIONS

- 6.1 The Corporate Plan prioritises new house building and improvement of conditions in older housing. Bringing empty properties back into use is an alternative means of increasing supply and also improves housing conditions and is, therefore, relevant to both of the key corporate objectives.
- 6.2 Bringing housing back into use would increase housing supply in the borough. Properties may be occupied by owner/occupiers or be available as private rented accommodation. It would also free the local community of the problems created by properties standing empty and derelict for such a long time.

7. FINANCIAL IMPLICATIONS

- 7.1 The funding for Orders made pursuant to section 17 of the Housing Act 1985 is available in the Neighbourhood Intervention Fund which is part of the Council's Housing Capital Programme.
- 7.2 The costs will be funded from the Neighbourhood Intervention Fund which is part of the Council's Housing Capital Programme; there are sufficient uncommitted funds available within the programme to support the making of this individual CPO.
- 7.3 Some revenue budget will be required to fund the CPO action and subsequent sale of the property. The amount required will be approximately £2,100 for the appropriate service of the required legal notices and £1,000 for the estate agent's fees. The total figure of £3,100 will be funded from within existing budgets.
- 7.4 Capital receipts from sale of assets funded by the Neighbourhood Intervention Fund are

recycled back into the project so that further CPO's can be undertaken as and when required.

8. LEGAL IMPLICATIONS

- 8.1 Under the provisions of section 17 of the Housing Act 1985, the local authority may acquire houses or buildings which may be suitable as houses, together with any land occupied with the houses or buildings. The power is available even if the ownership of the property is to be transferred to someone else.
- 8.2 The Council also needs to consider the Guidance on Compulsory Purchase Process and the Criche Down Rules published by the Ministry of Housing Communities & Local Government.
- 8.2 Legal challenges to compulsory purchase are always a possibility and can lead to a Public Local Inquiry which would incur additional costs for the Council. A CPO on an unoccupied single property is likely to have a very limited number of possible statutory objectors, although in this case the registered owner is known. The owner will be served with the relevant statutory notices in accordance with the Acquisition of land Act 1981.
- 8.3 The making of a CPO does not prevent negotiations with any person holding an interest in land affected by the CPO as these negotiations can proceed in parallel with the statutory process. Indeed, it is advised that where possible, negotiations can continue throughout the process even up to confirmation of the Order.

9. RESOURCE IMPLICATIONS

- 9.1 Resources needed to make the CPO and serve the relevant statutory notices will be provided by the Empty Properties Team. Some support will be required from the legal team which will increase if the CPO action results in a Public Local Inquiry.
- 9.2 Some support will be required from the property services team and Capita Symonds to carry out a valuation of the property concerned.

10. EQUALITY AND HEALTH IMPLICATIONS

Please select one of the options below. Where appropriate please include the hyperlink to the EIA.

Option 1 Equality Impact Assessment (EIA) not required – the EIA checklist has been completed.

Option 2 In determining this matter the Executive Member needs to consider the EIA associated with this item in advance of making the decision. *(insert EIA link here)*

Option 3 In determining this matter the Executive Board Members need to consider the EIA associated with this item in advance of making the decision. *(insert EIA attachment)*

11. CONSULTATIONS

- 11.1 Comprehensive consultation has been undertaken to understand the impacts of empty properties on local communities. The ~~Page 6~~ Housing Market Assessment (SHMA)

supports bringing empty properties back into use. This has also been reflected in the Council's Local Plan which treats empty properties as a valuable resource towards meeting housing need within the borough.

- 11.2 The further development of the Council's Empty Property Strategy has also consulted stakeholders and agencies prior to consideration of further tools to tackle empty properties.

12. STATEMENT OF COMPLIANCE

The recommendations are made further to advice from the Monitoring Officer and the Section 151 Officer has confirmed that they do not incur unlawful expenditure. They are also compliant with equality legislation and an equality analysis and impact assessment has been considered. The recommendations reflect the core principles of good governance set out in the Council's Code of Corporate Governance.

13. DECLARATION OF INTEREST

All Declarations of Interest of any Executive Member consulted and note of any dispensation granted by the Chief Executive will be recorded and published if applicable.

Health Impact Assessment

Screening Tool

Toolkit produced by: Public Health
Toolkit version: 1.2
HIA version: 1.0
Date HIA completed: 31st January 2017

***Health is not merely the absence of disease or infirmity but a state of complete physical, mental, social and spiritual well-being.
(modified by M. Birley (2013) from World Health Organisation's definition – 1948)***

Title of policy, programme or project ("activity") to be assessed:

Compulsory Purchase of individual empty properties within Blackburn with Darwen Borough

What is the activity about? What is the context outlined for the activity? (e.g. policy context, history, background)

Tackling empty properties supports the key priorities of the council's corporate plan and the Empty Property Strategy. Empty properties in the borough can have a negative environmental impact on neighbourhoods in addition to being a wasted housing resource. At neighbourhood level, empty properties attract fly-tipping, crime, arson and nuisance. It is a priority to tackle these problems by agreement or enforcement as part of the wider effort to improve neighbourhoods and preventing blight.

Does this activity have the potential to impact on health? Explain

(please consult appropriate Public Health colleague if you are unsure or require further information)

Bringing empty properties back into use through the Empty Property Strategy enables the authority to ensure the removal of category 1 and 2 hazards from properties prior to occupation as defined by the Housing Health and Safety Rating System 2004. This will have a positive impact upon health for the residents by contributing to the improvement of housing conditions in the Borough.

Re-occupation of these empty properties will also deter fly-tipping, reduce crime, arson and nuisance which contribute to the improvement of health and safety in homes and neighbourhoods.

Whilst no negative impacts have been identified for the compulsory purchase of empty properties, we will continue to complete the full HIA screening as the reasons surrounding the need for a Compulsory purchase Order (CPO) may vary between each individual property. As a result of this it would be wise to further explore this activity to ensure that all aspects have been considered.

****If no health impacts are identified then the screening does not need to continue, but please ensure that this has been discussed with the appropriate Public Health colleague prior to discontinuation****

Does this activity relate to / impact on any of the Health & Wellbeing Strategy objectives?

- Best start for children and young people**
- Health & Work**
- Safe & healthy homes & neighbourhoods**
- Promoting health and supporting people when they are unwell**
- Older people's independence and social inclusion**

| Does the activity concern any of the following determinants? | |
|---|---|
| Lifestyle | Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> |
| Physical environment | Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> |
| Social / economic environment | Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> |
| Other, please specify | |

| What are the potential positive impacts? |
|--|
| <p>Bringing this long term empty property back into use enables the authority to ensure the removal of category 1 and 2 hazards from the property prior to re-occupation as defined by the Housing health and Safety Rating System 2004. This will have a positive impact upon health for the residents by contributing to the improvement of housing conditions in the Borough.</p> <p>Re-occupation of this empty property will also deter fly-tipping, reduce crime, arson and nuisance in the area which will contribute to the improvement of safe and healthy homes in this neighbourhood. Which in turn will offer children and younger people a much better setting to grow up in.</p> |

| What are the potential negative impacts? |
|--|
| No negative impacts on health have been identified in association with this activity. The activity seeks to ensure that a greater number of houses are used for their purpose. |

| What are the assumptions/risks embedded in or underpinning the activity? |
|---|
| No assumptions or risks have been identified with this activity. |

| Are there any external factors which identify the nature and extent of the impacts on health for this type of proposal (e.g. research; policy changes etc.) |
|--|
| <p>Local Government Association, action to tackle empty homes - http://www.local.gov.uk/c/document_library/get_file?uuid=5416e10f-218a-4994-811f-0e96ce93227c&groupId=10180</p> <p>House of Commons, Empty Housing Briefing Paper - http://researchbriefings.parliament.uk/ResearchBriefing/Summary/SN03012#fullreport</p> <p>Housing Health and Safety rating System – https://www.gov.uk/government/publications/housing-health-and-safety-rating-system-guidance-for-landlords-and-property-related-professionals</p> |

| List the groups most likely to be affected by this proposal |
|--|
| This proposal will contribute positively to the overall health and safety off all members of the community and neighbourhood affected. |

| What are some of the potential equity issues? |
|--|
| The re-occupation of these empty, and potentially problematic properties, will contribute to the reduction of nuisance, crime, arson and fly-tipping resulting in an overall improvement to the social and physical environment of the neighbourhood. This will be to the benefit of all residents regardless of any individual characteristics. |

CHECKLIST

| Answers favouring doing an HIA | To your knowledge | Answers favouring not doing a HIA |
|---|--|---|
| Health impacts | | |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Does the initiative affect health directly? | <input checked="" type="checkbox"/> No |
| <input checked="" type="checkbox"/> Yes <input type="checkbox"/> Not sure | Does the initiative affect health indirectly? | <input type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Are there any potential serious negative health impacts that you currently know of? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Is further investigation necessary because more information is required on the potential health impacts? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> No | Are the potential health impacts well known and is it straightforward to identify effective ways in which beneficial effects can be maximised and harmful effects minimised? | <input checked="" type="checkbox"/> Yes |
| Community | | |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Is a large proportion of the population likely to be affected by the initiative (<i>over 25% of the resident population</i>)? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Are there any socially excluded, vulnerable, disadvantaged groups likely to be affected? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Not sure | Are there any community concerns about any potential health impacts? | <input checked="" type="checkbox"/> No |
| Initiative | | |
| <input type="checkbox"/> Yes <input type="checkbox"/> Maybe | Is there some reason to suspect that health issues not considered in the planning process of this initiative might become more visible by doing an HIA? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Maybe | Is the cost of the initiative high (<i>over £100,000</i>)? | <input checked="" type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Maybe | Is the nature and extent of the disruption to the affected population likely to be major? | <input checked="" type="checkbox"/> No |
| Organisation | | |
| <input checked="" type="checkbox"/> Yes | Is the initiative a high priority/important for the organisation/partnership? | <input type="checkbox"/> No |
| <input type="checkbox"/> Yes <input type="checkbox"/> Maybe | Are the individuals and organisations with a stake in this initiative likely to buy into the HIA process? | <input checked="" type="checkbox"/> No |
| <input checked="" type="checkbox"/> Yes <input type="checkbox"/> Maybe | Is there potential to change the proposal? Will there be any other similar proposals in the future? | <input type="checkbox"/> No |
| FOR = 3 | TOTAL | AGAINST = 11 |

Choosing which HIA to do

| Health Impact Statement | Type of HIA | Comprehensive |
|---|---|-----------------------------|
| <input checked="" type="checkbox"/> Yes | Is there only limited time in which to conduct the HIA? | <input type="checkbox"/> No |
| <input checked="" type="checkbox"/> Yes | Is there only limited opportunity to influence the decision? | <input type="checkbox"/> No |
| <input checked="" type="checkbox"/> Yes | Is the timeframe for the decision-making process set by external factors beyond your control? | <input type="checkbox"/> No |
| <input checked="" type="checkbox"/> Yes | Are there only very limited resources available to conduct the HIA? | <input type="checkbox"/> No |

Deciding who should do the HIA

| External | Assessors | Internal |
|--|---|---|
| <input type="checkbox"/> No | Do personnel in the organisation or partnership have the necessary skills and expertise to conduct the HIA? | <input checked="" type="checkbox"/> Yes |
| <input checked="" type="checkbox"/> No | Do personnel in the organisation or partnership have the time to conduct the HIA? | <input type="checkbox"/> Yes |

| | | |
|--|------------------------------|--|
| Is an HIA appropriate? | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| Why or why not? | | |
| No negative impacts to health have been identified. All impacts on health will be positive ones including the removal of category 1 and 2 hazards from houses and the reduction of fly-tipping, crime, arson and nuisance to neighbourhoods. | | |
| If yes, what type and how? | | |
| N/A | | |
| Recommendations / comments | | |
| none | | |

Completed by: _____

Approved by

(Head of Service/Director):

Date: 16th January 2017

This signature signifies the acceptance of the responsibility and ownership of the HIA and the resulting action plan (if applicable).

Approved by

(Public Health):

Date: 31/01/2017

This signature signifies the acceptance of the responsibility to publish the completed HIA.

Once this form has been completed and approved, this document should be saved as the Health Impact Statement for the specified activity, any actions should be monitored appropriately

EQUALITY IMPACT ASSESSMENT CHECKLIST

This checklist is to be used when you are uncertain if your activity requires an EIA or not.

An Equality Impact Assessment (EIA) is a tool for identifying the potential impact of the organisation's policies, services and functions on its residents and staff. EIAs should be actively looking for negative or adverse impacts of policies, services and functions on any of the nine protected characteristics.

The checklist below contains a number of questions/prompts to assist officers and service managers to assess whether or not the activity proposed requires an EIA. Supporting literature and useful questions are supplied within the [EIA Guidance](#) to assist managers and team leaders to complete all EIAs.

| | | | |
|---------------------------------|--------------------------------------|--|------------|
| Service area & dept. | Growth Team, Growth and Development. | Date the activity will be implemented | 27/09/2019 |
|---------------------------------|--------------------------------------|--|------------|
