**Draft
Audit & Governance
Committee
Annual Report
2020/21**

1. Background to the Governance Framework

1.1. What drives governance policy?

- 1.1.1. The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. In discharging this overall responsibility, the Council is also responsible for ensuring that there are sound systems of control and governance which facilitate the effective exercise of the Council's functions and which include adequate arrangements for the management of risk.
- 1.1.2. Effective corporate governance is a fundamental feature of any successful public sector organisation. Corporate governance initially became a major issue after several high profile failures in the private sector. As a result, there were several reviews directed at improving governance in that sector.
- 1.1.3. The trend for strengthening governance arrangements spread to the public sector and resulted in the joint Chartered Institute of Public Finance and Accountancy (CIPFA)/Society of Local Authority Chief Executives (SOLACE) document *Delivering Good Governance in Local Government – a Framework*, in 2007. The Framework, published in 2007, was intended to be used as best practice for developing and maintaining a locally adopted code of governance. It was intended to assist authorities in reviewing the effectiveness of their own governance arrangements by reference to best practice and using self-assessment.
- 1.1.4. In 2016 CIPFA/SOLACE published a revised Framework to ensure that local government continues to develop and shape its own approach to governance, taking account of the environment in which it now operates. The new Framework applied to annual governance statements prepared for the financial year 2016/17 onwards. It is based on the *International Framework: Good Governance in the Public Sector* published by CIFA and the International Federation of Accountants in 2014 and contains seven core principles.
- 1.1.5. The International framework defines governance as follows:
“Governance comprises the arrangements put in place to ensure the intended outcomes for stakeholders are defined and achieved.”
- 1.1.6. It also states that:
“To deliver good governance in the public sector both governing bodies and individuals working for public sector entities must try to achieve their entities objectives while acting in the public interest at all times. Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and stakeholders.”
- 1.1.7. Blackburn with Darwen Borough Council operates through a governance framework that brings together an underlying set of legislative requirements, governance principles and corporate policies and management processes.
- 1.1.8. The Council recognises the seven core principles of good governance identified by CIPFA/SOLACE to ensure that the intended outcomes for stakeholders are defined and achieved, while acting in the public interest at all times. These are:
 - A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law;

- B. Ensuring openness and comprehensive stakeholder engagement;
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits;
 - D. Determining the interventions necessary to optimise the achievement of the intended outcomes;
 - E. Developing the entity's capacity, including the capability of its leadership and the individuals within it;
 - F. Managing risks and performance through robust internal control and strong public financial management; and
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.
- 1.1.9. The Council's local Code of Corporate Governance was revised during 2016 to ensure that it complied with the latest requirements. It was updated again during 2018/19 as part of the annual review of the Constitution, to provide improved clarity and explanation and was approved by full Council in May 2018.

2. Blackburn with Darwen Borough Council Audit & Governance Committee

2.1. Why do we need an Audit Committee?

- 2.1.1. Whilst there is currently no statutory requirement to have an audit committee they are widely recognised as a core component of an effective governance framework and therefore reflect good practise. Regardless of a specific legislative or regulatory framework, Section 151 of the Local Government Act 1972 requires local authorities to make arrangements for the proper administration of their financial affairs and appoint a Chief Financial Officer to have responsibility for those affairs. To be truly effective, the Chief Financial Officer requires an effective audit committee to provide support and challenge, as well as an adequate and effective internal audit. Both these elements are now enshrined in the 'Public Sector Internal Audit Standards' and the supporting 'Local Government Application Note' published by CIPFA. The Council's Audit & Governance Committee has a key role in overseeing and assessing the internal control, risk management and corporate governance arrangements in place and advising on the adequacy and effectiveness of these arrangements. This role is formalised in the Committee's terms of reference.
- 2.1.2. The Council's Audit & Governance Committee is properly constituted and is given sufficient authority and resources by the Council. The Committee has the right to obtain all the information it considers necessary and to consult directly with senior managers. In line with best practice from both the public and private sectors, the Audit & Governance Committee can report its observations and concerns directly to the Executive Board.
- 2.1.3. Good corporate governance requires independent and effective assurance about the adequacy of financial management and of management arrangements for achieving the organisation's objectives. These responsibilities require an independent and challenging approach. Through these mechanisms, Committee Members are able to use their skills and experiences to influence the Council's governance, internal control processes and risk management arrangements.

- 2.1.4. An effective Committee can bring many benefits to the Council, including:
- increasing public confidence in the objectivity and fairness of financial and other reporting;
 - providing additional assurance through a process of independent and objective scrutiny;
 - raising awareness of the need for internal control and the implementation of audit recommendations; and,
 - reinforcing the importance and independence of internal audit.

2.2. What does an audit committee do?

- 2.2.1. Audit committees are a key component of corporate governance. They increase public confidence in the objectivity and fairness of financial and other reporting. They also provide a high-level focus on assurance and the organisation's arrangements for governance, managing risk and maintaining an effective control environment.
- 2.2.2. Good practice is contained within CIPFA's document 'Audit Committees – Practical Guidance for Local Authorities and the Police' (2018 Edition). The latest edition of the document updates the core functions of an audit committee in relation to governance, risk management, internal control and audit. The introduction of the Public Sector Internal Audit Standards, along with annual governance statements and associated guidance has also been considered in relation to their impact on an audit committee.
- 2.2.3. During 2020/21 the Audit & Governance Committee consisted of six cross party elected Members. The Committee's purpose, as proscribed in its terms of reference, are to:
- provide independent assurance of the adequacy of the risk management framework, overall governance and the associated control environment and the extent to which these meet the objectives of the Local Code of Corporate Governance;
 - provide independent review of the Council's governance, risk management and control frameworks;
 - oversee the financial reporting and annual governance processes; and
 - oversee internal and external audit, helping to ensure efficient and effective assurance arrangements are in place.
- 2.2.4. The Audit & Governance Committee provides an independent and high-level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards. It also provides assurance, on behalf of the Council, about the extent to which the objectives of the Local Code of Corporate Governance, as set out in its Constitution, are being met. This purpose is reflected in the Committee's Terms of Reference which are included at Appendix 1 of this report.
- 2.2.5. The CIPFA guidance includes a greater focus on the factors that support improvement. These include the knowledge and skills that Audit Committee members require and a focus on where the Audit Committee adds value. The publication provides practical support to the Committee in evaluating the existing Committee arrangements and any planned improvements.
- 2.2.6. The guidance includes a self-assessment checklist of good practice to assist both Members and Officers who are involved in the operation of the Committee. The checklist was reviewed and updated by Audit & Assurance on behalf of the Committee during 2020/21. It was presented for

consideration at the Committee's meeting on 30 March 2021, along with an evaluation of the effectiveness of the Committee completed by Audit & Assurance on behalf of the Committee. It also included a summary of the results of individual members own self-assessments of the Committee's effectiveness. The results of the assessments against the CIPFA best practise and evaluation of effectiveness are included at Appendix 2 and 3 of this report for reference. The results show that there is a belief by the members that the Committee is operating effectively, with average scores of satisfactory/partly agree or better for most questions.

- 2.2.7. The Audit & Governance Committee met four times during the 2020/21 financial year. Timings of the meetings throughout the year are designed to coincide with the governance timetable. The July meeting received various annual assurance reports including the Head of Audit Annual Audit Opinion and the Treasury Management Annual Report. The Council's 2019/20 Annual Governance Statement was also received and approved. The January meeting approved the 2019/20 Statement of Accounts, and received the 2019/20 External Auditor's Findings Report. The External Auditor's Annual Audit Letter for the year ended 31 March 2020 was considered at the March 2021 meeting along with the results of the Committee's self-assessment and the 2020/21 Significant Partnerships Register.
- 2.2.8. The Committee's terms of reference and outline work programme (see Appendices 1 and 4), and associated reports it receives, are designed to enable its Members to make a positive contribution to the continual improvement of control and governance processes and arrangements across the Council, as well as performing the roles as identified by the Constitution. Member attendance details are set out in Appendix 4
- 2.2.9. As well as the assurance provided to the Committee from the key reports received from the Council's External Auditor, the Committee also places reliance on the work carried out by Audit & Assurance in delivering the annual internal audit plan. Assurance is gained throughout the year from considering the quarterly progress reports received. These provide the Committee with an overview of the activity carried out by internal audit during the period, including counter fraud activity, and an overview of all audit reports finalised. Emphasis has been on limited or no assurance reports. Where these opinions are in respect of key or fundamental systems senior officers have been invited to update the members on progress of implementing recommendations from these reports to provide further assurance to the Committee regarding the implementation of agreed actions.
- 2.2.10. The Committee also receives a full year overview of internal audit work when the Internal Audit Annual Opinion Report is presented, alongside the Annual Counter Fraud Report. The former report provides the Head of Audit opinion on the Council's overall position in relation to the adequacy and effectiveness of risk, governance and internal control systems, based on the work completed by the internal audit team, as required by the Public Sector Internal Audit Standards.
- 2.2.11. The details of the Committee's work programme for 2020/21 and associated reports received, (see Appendix 4), demonstrate how the Committee has fulfilled its terms of reference during the year and its commitment to monitoring and helping improve the Council's risk, control and governance environments' in the year ahead.

2.2.12. In addition to these meetings, an induction and refresher session was held for the Committee members to explain the purpose of the Committee and their role and responsibilities. The members were also provided with links to a CIPFA webinar on internal audit for audit committee members, the CIPFA Counter Fraud Workbook for Councillors and counter fraud training and awareness information. There has also been mandatory finance training for all members to provide them with an overview of the Local Authority financing regime prior to the Finance Council meeting in March 2021 where the 2020/21 budget was presented for approval. The Committee also had a briefing session on the Statement of Accounts prior to their approval. This highlighted key facts and figures for consideration.

2.3. How do officers support the Committee?

2.3.1. The Audit & Governance Committee is supported by:

- The Chief Executive, as Head of the Paid Service, with overall responsibility for the Council's management and executive arrangements;
- The Director of HR, Legal & Engagement, as the Monitoring Officer, who is required by law to ensure that the Council acts within its legal powers at all times; and,
- The Director of Finance, as Section 151 Officer, who is responsible under the law for ensuring the proper administration of the Council's financial affairs.

2.3.2. The Director of HR, Legal & Engagement leads on constitutional, legal, and human resource issues. The Director of Finance takes the lead on financial, audit, risk management and internal control matters. The Head of Audit & Assurance also has a key role to play in supporting the Committee because of the importance of the Internal Audit Service to governance. These Officers are responsible for making the Committee aware of any relevant changes in regulations, guidance, and codes of practice.

2.3.3. The Committee is also supported by External Audit colleagues, who attend each meeting to update members on the progress and results of their work, as well as providing regular sector updates for consideration. These highlight key findings and messages from national reports and studies and include questions for consideration by the Committee.

2.3.4. During the year the Committee continued its cycle of corporate risk reviews. Corporate risk owners and/or key contacts for the risk areas have provided briefings to the Committee on a selection of risk register entries. This has included details regarding the background to the risk identified, the risk assessment process and control arrangements in place to manage or mitigate the relevant risk should it occur. This review and challenge process has improved the Committee's oversight and understanding of the likelihood and potential impact of the corporate risks identified by the Council and on the achievement of related corporate priorities.

2.4. Effectiveness of the Audit & Governance Committee

2.4.1. The Committee considers that it has been effective in fulfilling its terms of reference during 2020/21. The details provided in this report and the reports presented and considered by its members during 2020/21 demonstrate that

adequate consideration has been given to all the core areas identified to enable the Committee to fulfil its role and responsibilities.

- 2.4.2. The Committee's terms of reference set out a range of activities that provide appropriate assurance to the Council in terms of how it manages risk, and ensures adequate and effective control and governance arrangements exist and operate effectively to secure the efficiency and effective use of its resources. Training opportunities have been made available to members during the year to update their skills and knowledge to ensure that they are able to fulfil their role as members of the Committee.
- 2.4.3. The Committee has been active during the year in carrying out its duties in monitoring internal and external reports to ensure that it is satisfied with the effectiveness of controls and the governance and risk management arrangements in place, in accordance with its role and functions set out in its terms of reference in Appendix 1.
- 2.4.4. Based on the reports and information presented to the Audit & Governance Committee for consideration during the 2020/21 it is the members' view that the Council has sound financial controls, risk management and governance arrangements in place.
- 2.4.5. The Committee also has the opportunity to invite those senior officers and managers to account for services or functions where they consider there have been significant financial, internal control or governance weaknesses identified. No significant areas of concern were identified during 2020/21 where this was required. The members continue to challenge any impairment in stewardship and control of public funds and assets, seeking assurance that prompt and proportionate management actions have been taken. This provides the Council with assurance that effective internal control arrangements were in place during the year and that appropriate action has been taken to address any concerns raised as a result of any of the inspection and assurance processes in place. This is evidenced by the details provided in Appendix 4 through the various reports received and considered by the Committee at its meetings during the year to support its work programme and how each of these enable the Committee to fulfil its terms of reference.
- 2.4.6. The External Auditor's 2020 Audit Findings Report for Blackburn with Darwen Borough Council included an opinion on value for money. The External Auditor was required to carry out sufficient work to be satisfied on whether the Council had made proper arrangements to secure economy, efficiency and effectiveness in its use of resources during the year ended March 2020 and to provide a conclusion on this. In doing this work the main considerations the Auditor focussed on were:
- Financial sustainability; and
 - Implementation of regulator recommendations.
- 2.4.7. Based on the work they performed to address the significant risks, External Audit were satisfied that the Council had proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020. They did not identify any significant difficulties in undertaking their work on Council arrangements to draw to the Committee's attention. There were no matters where no other evidence was available or matters of such significance to their conclusion or that they required written representation from management.
