

Petition to resurface section of Lambeth Street

The residents of Lambeth St and nearby areas are petitioning for the council to resurface the small stretch of road from 128/31 Lambeth Street to 156/59 Lambeth Street. The road has numerous potholes which are filled annually, and this has only been a temporary fix because the whole road is crumbling. The road is uneven and it is like a dirt track because the cars are bouncing up and down on this road.

In over 30 years, this section has never been tarmacked and considering the volume of traffic flow, it has not done too bad. We would urge the council to visit the site and to carry out this work at the earliest opportunity as it is a desperate need of urgent repair.
