## Introduction

Hackney Carriages have been licensed since the Town Police Clauses Act of 1847 was enacted.

The Local Government (Miscellaneous Provisions) Act 1976, extended licensing requirements to include Private Hire Vehicles and placed a duty on Blackburn with Darwen Borough Council (“the Council”) as the relevant Licensing Authority, to regulate Hackney Carriages, Private Hire Vehicles, their drivers and operators.

When carrying out its regulatory functions, the Council will have regard to this policy in order to provide assurance to the public that only those individuals it considers are fit and proper, are entrusted to transport passengers in licensed vehicles that are safe and suitable for use.

Each application or enforcement measure will be considered on its own merits however where it is deemed necessary to depart from the policy, clear and compelling reasons will be given.

New applicants and existing licence holders are encouraged to read the contents carefully.

This policy will come into effect on XX XXX 202X and will be subject to periodic reviews at least every 5 years.

## 1. Objectives

- 1.1 The protection of the public is of paramount concern for the Licensing Authority when discharging its licensing functions and the Council will not hesitate to act, when it is made aware of issues that have the potential to undermine public safety.
- 1.2 Hackney carriages and private hire vehicles play a vital part in the transport network, providing an invaluable service to residents and visitors to the Borough alike.
- 1.3 Licensed drivers are entrusted to transport some of the most vulnerable members of our society, from the very young, to the elderly and infirm and those who may be incapacitated through alcohol or drug use, and our communities rely on licensed drivers and their vehicles to provide a safe and reliable service.
- 1.4 Licensed vehicles and their drivers enjoy an anonymity on our roads that is shared only by emergency vehicles. The appearance of a vehicle, whether regularly or otherwise, at any time of the day or night, does not raise any suspicion as to the reason for it being there, if it is displaying a hackney carriage or private hire vehicle licence plate.
- 1.5 The Council will, through the regulation of the trade seek to promote the following objectives:
  - The protection of the public, safeguarding children and the vulnerable
  - The prevention of crime and disorder
  - The safety and health of the public and drivers
  - Vehicle safety, comfort and access
  - Providing a quality service to the public
- 1.6 The Council will work with a wide range of partners when carrying out its duties in respect of hackney carriage and private hire licensing, including, but not limited to:
  - Licensed drivers, operators and vehicle proprietors
  - Local residents
  - Locally operating Hackney and Private Hire Trade Associations
  - Lancashire Constabulary

- National Anti-Fraud Network
- Driver and Vehicle Standards Agency (formally VOSA)
- HM Revenue and Customs
- UK Visas and Immigration Department
- Department of Work and Pensions
- Lancashire County Council
- The Disclosure and Barring Service
- The Office of the Police and Crime Commissioner
- Other Licensing Authorities

## **2. General Matters**

### **2.1 Delegations**

- 2.1.1 Under the Council's constitution, the General Licensing Sub-Committee has the authority to discharge non-executive regulatory functions with respect to hackney carriage and private hire licensing.
- 2.1.2 The Strategic Director of Environment and Operations has delegated powers to grant licences where there are no offences or other concerns that give rise to doubts about the suitability of the applicant to hold a licence.
- 2.1.3 The Strategic Director of Environment and Operations or other duly authorised officer, has delegated powers to suspend or revoke driver's licences with immediate effect.
- 2.1.4 Hackney carriage and private hire vehicle licences may be suspended by the Strategic Director of Environment and Operations or other duly authorised officer, where appropriate.

### **2.2 Sharing of Information**

- 2.2.1 The Licensing Authority will share with other departments or regulatory bodies, information supplied by applicants, or acquired in the course of exercising licensing functions, where it is lawful to do so. Personal information will only be disclosed in accordance with data protection legislation.
- 2.2.2 Information sharing may include requests from the Police or other enforcement/regulatory agencies where this is necessary for the detection or prevention of crime, or required by law, or in connection with legal proceedings.

### **2.3 Licensing Profile**

- 2.3.1 Hackney carriage and private hire vehicles are vehicles licensed to carry no more than 8 passengers, but may be licensed to carry fewer persons.
- 2.3.2 Hackney carriage vehicles may be used to ply for hire in the street, at ranks or stands and may take bookings over the telephone. Private hire vehicles must be booked in advance, by the customer, through a private hire operator, and cannot be hailed in the street or stand at a rank.

### **3. Dual Licensed Drivers**

#### **3.1 Fit and Proper**

- 3.1.1 The Council will not issue a licence to any applicant, unless it is satisfied that they are fit and proper to hold such a licence. There is no statutory definition of what constitutes fit and proper but the Council has adopted the following test when determining applications or licence reviews - **“Without any prejudice and based on the information before you, would you allow a person for whom you care, regardless of their condition or vulnerability, to travel alone in a vehicle driven by this person, at any time of the day or night?”**
- 3.1.2 Decisions in respect of driver licences will be made on the balance of probabilities and where there are concerns that tip that balance, individuals will not be permitted to hold a Blackburn with Darwen driver's licence.
- 3.1.3 The Council's policy on convictions and other relevant matters which it considers are likely to impact on an individual's suitability to hold a licence forms Appendix 1 to this policy.

#### **3.2 Duration of Driver's Licences**

- 3.2.1 The Council will normally issue driver licences for three years, unless the applicant requests one for a period of 1 year. However the Council will issue licences for a lesser period as it deems appropriate in the circumstances of the case.
- 3.2.2 Any driver who allows their licence to expire for a period of six months or more must complete the full application process again.

#### **3.3 Entitlement to Work in the UK**

- 3.3.1 All applicants must have the right to live and work in the UK and demonstrate this at the point of application.
- 3.3.2 Where a successful applicant is subject to a time limitation on their right to remain and work in the UK, a licence will not be granted beyond that date. Applicants who are disqualified from driving a hackney carriage or private hire vehicle by reason of their immigration status will not be considered for a licence.

#### **3.4 Entitlement to Drive in the UK**

- 3.4.1 All applicants must have held a valid, full UK driving licence for a minimum of twelve months immediately before making their application and authorise the Council to undertake periodic checks with the DVLA, to verify the existence of any motoring convictions or restrictions on their licence
- 3.4.2 Applications from holders of a full driving licence valid for at least 12 months issued by a country other than the UK, may be considered in accordance with any provisions contained within National agreements. A DVLA GB counterpart document must be submitted where non-UK driving licences are acceptable.

#### **3.5 Disclosure and Barring Service checks**

- 3.5.1 All applicants for a Blackburn with Darwen driver's licence must provide an enhanced disclosure certificate issued by the Disclosure and Barring Service (DBS) which includes checks that the individual is not barred from working in regulated activity with children or adults. This must be applied for via the Council's nominated service provider.

- 3.5.2 The Rehabilitation of Offenders Act 1974 does not apply to applicants for driver licences, who are therefore required to disclose all convictions, cautions and motoring offences etc., including those that would ordinarily be regarded as spent.
- 3.5.3 Any applicant who has spent six continuous months or more overseas within the last 5 years, will also be required to produce a Certificate of Good Conduct from the relevant Embassy or High Commission, for each country where they resided. The certificate must have been produced no more than 3 months before it is presented to the Council. This document must be a certified translation, if the original Embassy Certificate is not in English.
- 3.5.4 Asylum seekers who hold a Home Office issued application registration documents together with a verification letter from the Home Office's Employer Checking Service stating that the named individual is permitted to work in the UK, will be exempt from the requirement to submit a Certificate of Good Conduct.

### **3.6 DBS Update Service**

- 3.6.1 All licensed drivers must sign up to the DBS update service and maintain their registration throughout the licensed period, to enable the Council to undertake periodic checks at least every 6 months, in accordance with the Statutory Taxi and Private Hire Vehicle Standards.
- 3.6.2 Licensed drivers who fail to register with the update service, or who allow their registration to lapse, will be required to provide a new enhanced certificate every six months.
- 3.6.3 Where the Council is unable to check the driver's status due to failings on the part of the driver, it may suspend the drivers licence until such time as it is satisfied that there is no new information recorded against the driver.
- 3.6.4 Nothing in this section will negate the requirement for licensed drivers to inform the Council within 48 hours of any arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence.
- 3.6.5 If there has been a change to the information held by the DBS, the driver will be required to provide a new certificate to the Council and register that one with the update service.

### **3.7 National Anti-Fraud Network**

- 3.7.1 The Council subscribes to the National Register of Taxi Licence Refusals and Revocations (NR3), and shares details of individuals who have had a driver's licence suspended or revoked, or an application for one refused.
- 3.7.2 Where a driver's licence is suspended, revoked or refused, the Council will automatically record this decision on NR3.
- 3.7.3 All applicants for a new licence or a licence renewal will automatically be checked on NR3. If there is an entry on NR3 about an applicant, the Council will seek further information about the entry on the register from the relevant authority, before determining the application.

### **3.8 English proficiency**

- 3.8.1 The Statutory Taxi and Private Hire Vehicle Standards 2020 identify that a lack of language proficiency could impact on a driver's ability to understand written documents, such as policies and guidance, relating to the protection of children and vulnerable adults and applying this to identify and act on signs of exploitation. Oral proficiency will be of relevance in the identification of potential exploitation through communicating with passengers and their interaction with others.

- 3.8.2 It goes on to state in para 6.15, that a licensing authority's test of a driver's proficiency should cover both oral and written English language skills to achieve these objectives.
- 3.8.3 The Council requires all applicants for new driver's licences to demonstrate their language proficiency, either by providing evidence of formal qualifications such as GCSE, GCE, Functional Skills Level 1 or 2 in English, or ESOL certificate at Level 1 or 2.
- 3.8.4 Applicants who do not hold any formal qualifications in English must undertake a free skills assessment provided by Blackburn Adult Learning service and provide evidence that they have passed the assessment.

### **3.9 Driver Training and Knowledge Test**

- 3.9.1 Applicants for a new driver's licence will be required to pass the Blackburn with Darwen Knowledge Test before being issued with a licence. A fee is required for the driver training sessions and tests and any applicant cancelling an appointment with less than 48 hours' notice, will not be eligible for a refund.
- 3.9.2 The Council publishes a comprehensive guidance pack and training for new drivers on its website, to help them prepare for the driver training and knowledge test.
- 3.9.3 If an applicant fails three successive tests, their application will be rejected and a period of 12 months must elapse, before they will be eligible to book onto the driver training session again.
- 3.9.4 Applicants must bring in their photo-card driving licence on the day of the test. This must be in date and have their current address on it.

### **3.10 Safeguarding and Child Sexual Exploitation (CSE) training**

- 3.10.1 Licensed drivers are an integral part of modern life and play an important role in providing a safe means of transport to all sections of the community. Drivers come into contact with some of the most vulnerable members of society and it is essential that they are aware of the real issues and signs of child sexual exploitation, county lines and other safeguarding concerns, to enable them to report suspicious behaviour appropriately.
- 3.10.2 In order for them to recognise the signs of CSE and other forms of exploitation such as County Lines, all applicants for Blackburn with Darwen driver licences must have successfully completed an eLearning Safeguarding Course provided by the Council's nominated provider.

### **3.11 Practical driving test**

The Council's approved suppliers for the required practical driving test is published on the Council's website. A licence will not be granted until the applicant can produce evidence that they have successfully passed the driving test.

### **3.12 Medical Fitness**

- 3.12.1 The Council recognises that licensed drivers should meet more stringent medical standards than those expected of people who drive a vehicle for social, domestic and pleasure purposes.
- 3.12.2 Licensed drivers are entrusted with the safety of the travelling public and may drive for much longer hours than non-professional drivers. To this end the Council requires all licensed drivers to meet the Group 2 standard used by the DVLA when licensing public service vehicle drivers.
- 3.12.3 Medical certificates, completed by the driver's own GP practice, or by one of the Council's approved suppliers for medicals as published on the Council's website, are required on first

application and then every 5 years from age 45 until the age of 65 when they are required annually.

- 3.12.4 Where a driver develops a new medical condition whilst licensed, they should visit their GP who will assess their fitness to continue to drive the general public. If they are not be able to drive the public after visiting their GP, they must surrender their driver's licence to the Council.
- 3.12.5 Should there be any doubt as to the medical fitness of a licensed driver, including circumstances where a medical certificate has expired, the Council reserves the right to suspend the driver's licence until such time as it can be satisfied that the driver meets the group 2 standard.
- 3.12.6 All licensed drivers must inform the Licensing Authority, within 7 days, of any change to their health, which could impact on their ability to meet the group 2 standard, or continue to drive a licensed vehicle.
- 3.12.7 No applicant will be issued a licence until medical fitness has been established.

### **3.13 HMRC Obligations**

- 3.13.1 From 4 April 2022 all applicants who are renewing a Blackburn with Darwen driver's licence, (or who have held a driver's licence within the previous 12 months irrespective of which Local Authority granted it), must complete an online HMRC tax check and provide a valid tax check code to enable the Council to verify this has been done, before an application for a licence can be considered.
- 3.13.2 Applications for new driver's licences must sign a declaration confirming they are aware of their tax obligations, before their application can be considered.

### **3.14 Dual Driver Conditions**

All Blackburn with Darwen driver licences are issued subject to the Council's standard conditions (Appendix 2).

### **3.15 Applications**

Applications and supporting documentation for driver's licences must be submitted online through the Council's website.

## 4. Hackney Carriage and Private Hire vehicles

### 4.1 General

4.1.1 The Council will not issue a vehicle licence for any vehicle which is licensed as either a hackney carriage or private hire vehicle with any other Local Authority. Further information on how to obtain a certificate is available [here](#).

4.1.4 Licensed vehicles will be issued with a plate for life which must be securely fixed to the exterior of the rear of the vehicle at all times that the vehicle licence is in force.

4.1.5 Licensed vehicles must not have any fittings attached to, or carried on the inside or outside of the vehicle that have not been approved by the Council, or display any signs, notices or advertisements that are not legally required, or have been expressly authorised by the Council.

### 4.3 Roadworthiness

4.3.1 The Council will only issue a hackney carriage or private hire vehicle licence where it is satisfied that the vehicle is safe, suitable in terms of its size, type and design and provides a reasonable standard of comfort for passengers.

4.3.2 To achieve this, in addition to the standard MOT requirements, vehicles presented for licensing must also meet the standards set out in the Council's Supplementary Testing Manual (Appendix 3). If a hire car is to be used, details of that car must also be entered onto the form.

4.6.2 On receipt of an accident report, the Council will arrange for an officer to inspect the vehicle and if it is found to be unfit to be used for hackney carriage or private hire purposes, the licence will be suspended until such time as the vehicle has been repaired and has been re-inspected at the Council's motor vehicle service station for a suspension lift.

#### **4.9 Specific additional requirements for Private Hire Vehicles**

All private hire vehicle licences issued by the Council are subject the Council's standard conditions (Appendix 6).

#### **4.10 Restrictions on the issue of Hackney Carriage Licences**

The Council currently restricts the number of hackney carriages it licenses to 70 and periodically undertakes a survey to establish if there is any significant unmet demand for hackney carriages, which it would need to address either by increasing the limits, or delimiting hackney carriage numbers.

#### **4.11 Hackney Carriage Ranks**

4.11.1 The Council has provided a number of designated hackney carriage ranks throughout the Borough. Drivers **must never** leave a hackney carriage vehicle unattended on a rank at any time.

4.11.2 Drivers of private hire vehicles **must not** use, or wait on a hackney carriage rank at all.

#### **4.12 Hackney Carriage Tariff**

4.12.1 The Council is responsible for setting the hackney carriage tariff and each hackney carriage must have its taximeter calibrated to the current tariff and must display the table of fares provided by the Council, where it can easily be read by a passenger.

4.12.2 The Council has no ability to control the fares charged by the private hire trade and it is for the hirer to negotiate an appropriate fee or method of charging for each journey.

#### **4.13 Advertising on Hackney Carriage Vehicles**

4.13.1 Applications for approval of advertisements must be made in writing to the Licensing Service. An application must be accompanied by a copy of the proposed advertisement in full colour and include the actual dimensions of the proposed advertisement.

## **6. Private Hire Operators**

### **6.1 General**

- 6.1.1 The Council recognises that private hire operators and their dispatchers play an important role in providing access to a safe means of transport to all members of society. Their role, alongside that of the licensed drivers they dispatch, places them in daily contact with some of the most vulnerable members of our society and as such they are ideally placed to assist all those agencies who have a statutory responsibility to safeguard the vulnerable.
- 6.1.2 Private hire operators are responsible for ensuring that all the vehicles and drivers they dispatch hold valid, appropriate licences to undertake those journeys.
- 6.1.3 All private hire operator's licences are issued subject to the Council's standard conditions (Appendix 8).

The certificate must have been produced no more than 3 months before it is presented to the Council. This document must be a certified translation, if the original Embassy Certificate is not in English
- 6.3.4 Operators are also expected to be able to demonstrate that all staff who have contact with the public or oversee the dispatching of vehicles do not pose a risk to the public and should evidence that they have had sight of a satisfactory Basic DBS check for each individual named on the register required by 6.6.4.
- 6.3.5 Applications for private hire operators licences must provide a copy of their policy on employing ex-offenders in roles that would be on the register required by 6.6.4.

6.6.3 Booking records must be retained for a minimum of 12 months.

6.6.4 A register of dispatch staff, who are not also licensed drivers, which includes their full name, address, date of birth and National Insurance number, shall be maintained and made available to an authorised officer of the Council on request.

6.6.5 The use of a driver who holds a PCV licence and the use of a public service vehicle (PSV) such as a minibus to undertake a private hire vehicle booking, is not permitted without the informed consent of the booker.

## 6.7 Application process

6.7.1 Private hire operator licences clearly indicate the expiry date of the licence and it is the responsibility of the operator to ensure that a valid application is submitted to the Council before the licence expires.

- 6.8.2 Dress Policy - If the applicants business adheres to a dress code, this would support the case for a non-standard licence. Officers will take into account any requirements for drivers to wear a full chauffeur uniform or other dress code when assessing the application.
- 6.8.3 Specialist skills – in addition to holding a Blackburn with Darwen driver's licence, the applicant business may require their drivers to have other specialist skills. These should be specified in the business plan. Officers will take into account any requirements for drivers to have additional skills or training e.g. defensive driving or advanced driving courses, or to be members of a professional body, when assessing the application.
- 6.8.4 If the Licensing Officer is satisfied that the (proposed) business is not involved in the provision of traditional private hire services, it would be eligible for a non-standard operator's licence. Non-standard private hire operator's licence holders will be exempt from the requirements to display council issued door stickers and plates on their vehicles. Window discs will be provided which must be displayed in the front windscreen.

## **7. Regulation & Enforcement**

- 7.1 The Council has a duty to ensure that the vehicles, drivers and operators that it licenses, carry out their functions in accordance with the legislation and licence conditions.
- 7.2 The Council operates a penalty point scheme (Appendix 9). Licensed drivers or vehicle proprietors will be issued with penalty points in accordance with scheme and where a licence holder accumulates 20 or more points in any 12 month period, they would be referred to the General Licensing Sub-Committee for a review of their fitness to hold a licence. The panel members have the authority to impose a range of sanctions dependant on the circumstances. Sanctions could include a simple warning, the requirement to pay for and attend driver training, or in some cases the suspension or revocation of the licence.
- 7.3 The Council invites complaints, concerns or compliments about individual drivers, vehicles or operators via the website. All complaints received will be recorded against the licence holder, but anonymous complaints would not normally be investigated further, unless there is independent evidence to corroborate the allegations.
- 7.4 Officers charged with the regulation of the hackney carriage and private hire trade will be appropriately trained and authorised within the Council's scheme of delegation.

## **8. Fees**

- 8.1 The Council sets and regularly reviews its fees for taxi and private hire licensing, in line with the Governments requirement that fees should only cover the costs involved in the administration and regulation of licensed operators, drivers and vehicles.
- 8.2 A list of the current licence fees can be found on the Council's website along with some miscellaneous charges for duplicate plates, badges and licences etc.
- 8.3 Licence holders who surrender a licence before its natural expiry, are not eligible for a refund.

# **Hackney Carriage and Private Hire Licensing**

## **Policy on Convictions and other Relevant Matters**

## 1. Introduction

1.1 This document aims to provide guidance to any person with an interest in public and private hire licensing, on the criteria that may be taken into account by Blackburn with Darwen Council, when determining if an applicant or existing licence holder, is a fit and proper person to hold a licence. This includes:

- Applicants for drivers' licences
- Existing licensed drivers whose licences are being reviewed
- Applicants for operators licences
- Existing licensed operators whose licences are being reviewed
- Licensing Officers
- Members of the Licensing Committee / Panel (or other relevant decision making body)
- Magistrates hearing appeals against local authority decisions
- Lancashire Constabulary

1.2 The overriding aim of the Licensing Authority is to protect the public and it is ultimately concerned to ensure:

- That licence holders are fit and proper.
- That the public are not exposed to persons with a history of dishonesty, indecency or violence.
- The safeguarding of children and young persons and vulnerable adults.

1.3 The relevant sections of this policy will also be applied to applicants for, or holders of, Private Hire Operator's licences in so far as they relate to the fitness and propriety of the applicant.

1.4 The term "Fit and Proper" for the purposes of taxi and private hire licensing is not legally defined, but to assist decision makers, Blackburn with Darwen Council has adopted the following test in accordance with the Statutory Guidance issued by the Department for Transport in 2020 **"Without any prejudice and based on the information before you, would you allow a person for whom you care, regardless of their condition or vulnerability, to travel alone in a vehicle driven by this person, at any time of the day or night?"**

1.5 All decisions will be made on the balance of probabilities and the Council will not give any applicant the benefit of doubt, or issue licences for a probationary period. If the committee/panel is only "50/50" as to whether the applicant is 'fit and proper', they will not be permitted to hold a Blackburn with Darwen licence.

1.6 Whilst criminal convictions, cautions and motoring offences rightly play a part in the Licensing Authority's consideration of the fitness of an individual, the Council will also take into account other relevant factors, including, but not limited to; the demeanour, medical fitness, integrity and general character of the applicant; their driving record; information registered on NR3; soft intelligence from the Police or other regulatory body and any relevant information from other Licensing Authorities or statutory bodies.

1.7 Restorative justice and other criminal disposals are increasingly used by the police as a less formal way of dealing with issues and as an alternative to the criminal court system. The Council recognises that restorative justice and other out of court disposals tend to be applied in less serious cases, or for first time offenders, nevertheless all such disposals will be taken into account when determining if a person is a fit and proper person.

- 1.8 In the case of existing licence holders, the Council will also take account of any history of compliance issues, complaints or allegations.
- 1.9 Where Licensing Officers have delegated powers to grant licences, they may do so in accordance with these guidelines. In all other cases, applicants for licences will be referred to the Licensing Committee/Panel. Nothing in this Policy prevents a Licensing Officer from referring any applicant or licence holder to the committee/panel, where they find it appropriate to do so, in the circumstances.
- 1.10 The Council recognises that it must not fetter its discretion and therefore it will consider and determine each case on its own merits, whilst having regard to this policy.
- 1.11 The Licensing Committee/Panel may, in exceptional circumstances, depart substantially from this policy, but it should be noted that, the otherwise good character or driving record of an applicant, would not ordinarily be considered to be exceptional circumstances.
- 1.12 Where the Authority does depart from this policy, it will give clear reasons for doing so.
- 1.13 Whilst existing licences will not be automatically revoked if the holders do not meet the standards in this policy, should the conduct, or offending activity of an existing licence holder be of concern to the Licensing Authority, following its adoption, the Council may consider such activity and re-evaluate any decision made in reliance on any previous policy.
- 1.14 Throughout this policy the term “conviction” includes criminal, civil or motoring convictions, cautions, warnings, reprimands, orders and endorsable Fixed Penalty Notices.
- 1.15 The term “applicant” includes new applicants and existing licence holders.
- 1.16 The term “from date sentence ended” relates to the actual sentence imposed and not to the time served, by the offender.

## **2. General Policy**

- 2.1 Whilst a person with a conviction for a serious offence need not be automatically barred from obtaining a licence, it is normally be expected that they:
  - i) Remain free of convictions for an appropriate period; and
  - ii) Demonstrate adequate evidence that they are a fit and proper person to hold a licence
- 2.2 The onus is on the applicant to produce such evidence and simply remaining free of convictions, will not normally be regarded as adequate evidence of fitness and propriety.
- 2.3 The Council may fail to be satisfied that an individual is a fit and proper person to hold a driver’s licence or an operator’s licence for any good reason. If adequate evidence that a person is a fit and proper person is not adduced, or if there is reason to question or doubt the evidence provided, that in itself, could satisfy the Council that it should refuse or revoke a licence.
- 2.4 Where an applicant has been convicted of a criminal offence, the licensing authority cannot review the merits of the conviction [*Nottingham City Council v. Mohammed Farooq (1998)*].

## **3. Powers**

- 3.1 Section 61 of the Local Government Miscellaneous Provisions Act 1976 permits the Licensing Authority to suspend, revoke or refuse to renew a licence, if the licence holder has been convicted of an offence involving dishonesty, indecency, violence; failed to comply with the provisions of the Town Police Clauses Act 1847; failed to comply with the provisions of Part II of

the Local Government (Miscellaneous Provisions) Act 1976; been convicted of an immigration offence or required to pay an immigration penalty; or for any other reasonable cause.

- 3.2 Section 62 of the Local Government Miscellaneous Provisions Act 1976 permits the Licensing Authority to suspend, revoke or refuse to renew an Operator's Licence if the licence holder has failed to comply with the provisions of Part II of the Local Government (Miscellaneous Provisions) Act 1976; if their conduct appears to the Licensing Authority to render them unfit to hold an Operator's Licence; other than those circumstances where the conviction is spent within the meaning Rehabilitation of Offenders Act 1974, has been convicted of an immigration offence or required to pay an immigration penalty; or any other reasonable cause.
- 3.3 The Rehabilitation of Offenders Act 1974 (Exceptions) (Amendment) Order 2002, allows the Licensing Authority to take into account all convictions recorded against an applicant for a driver's licence, whether spent or not. Therefore the Licensing Authority will have regard to all relevant convictions, particularly where there is a long history of offending, or a recent pattern of repeat offending.

#### **4. Consideration of Offending History**

- 4.1 The Licensing Authority is required to ensure that an applicant for the grant or renewal of a licence is a 'fit and proper' person to hold such a licence.

In considering evidence of an individual's good character and fitness to hold a licence, where previous offences or other information relating to the applicants conduct is disclosed, the Council will consider among other things:

1. How serious the offence(s) are
  2. The intent or harm which was, or could have been caused
  3. When the offence(s) were committed
  4. Any sentence imposed by the court
  5. The circumstances of the individual at the time of the offence
  6. Whether this forms part of a pattern of offending
  7. Any other factors that are considered relevant
- 4.2 The Licensing Authority requires enhanced disclosures from the Disclosure and Barring Service (DBS) off any applicant for a Blackburn with Darwen driver's licence and it follows the relevant Code of Practice on the secure storage, handling, use, retention and disposal of disclosure information.
- 4.3 Blackburn with Darwen Council requires licence holders to be registered with the DBS update service to enable the Licensing Authority to carry out periodic checks using the online service.
- 4.4 Conditions on drivers' licences require holders to notify the Licensing Authority within 48 hours of any arrest, charge or conviction for any sexual offence, any offence involving dishonesty or violence, or any motoring offence. This should trigger an initial review by the licensing authority to consider what, if any, action in terms of the licence, should be taken based on the balance of probabilities at that time.
- 4.5 The Council has a wide discretion on what information it may have regard to when making a determination and is entitled to rely on other records and information that may be available to it, when determining applications or licence reviews. This could include information held by this Council, other licensing authorities, information disclosed by the police under the Common Law Disclosure Scheme, or any other credible source.

- 4.6 Applicants who have a serious criminal history of offending may pose a significant risk to the public and are likely to be refused a licence even after the stated period expressed as being “free from offending” has expired. A serious criminal history of offending would include applicants who have multiple relevant offences, or who have been sentenced to a cumulative term of imprisonment of 6 months or more.
- 4.7 Where an applicant is convicted of an offence which is not detailed in this guidance, the licensing authority will take that conviction into account and use these guidelines as an indication of the approach that should be taken.
- 4.8 References produced by drivers attesting to their good character must be provided at least 3 working days in advance of the hearing date. They must be current and have been produced by the referee in the full knowledge of the specific reason they are being presented to the Sub-Committee.

## **5. Crimes resulting in death**

Where an applicant has been convicted of a crime which resulted in the death of another person, or was intended to cause the death or serious injury of another person they will not be licensed.

## **6. Exploitation**

Where an applicant has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed.

This includes slavery, child sexual exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list.

## **7. Offences involving violence**

- 7.1 Where an applicant has a conviction for an offence of violence against the person, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.
- 7.2 A licence will not normally be granted where an applicant has convictions for the following offences unless at least 5 years have passed since the conviction or completion of any sentence:- Common assault; Harassment, S.4 Public Order Act 1986 (fear or provocation of violence); S.5 Public Order Act 1986 (harassment alarm or distress)
- 7.3 A licence will not normally be granted where the applicant has a conviction for criminal damage unless at least 3 years has passed since the conviction or completion of any sentence.

## **8. Possession of a weapon**

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

## **9. Sexual and indecency offences**

- 9.1 Where an applicant has a conviction for any offence involving or connected with illegal sexual activity or any form of indecency, a licence will not be granted.
- 9.2 The licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any ‘barred’ list.

## **10. Dishonesty**

- 10.1 Where an applicant has a conviction for any offence of dishonesty, or any offence where dishonesty is an element of the offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.
- 10.2 Applicants or existing licence holders that are found to have intentionally misled the council, or lied as part of the application process, will not be granted a licence, or be permitted to keep their licence.

## **11. Drugs**

- 11.1 Where an applicant has a conviction for, or related to, the supply of drugs, or possession with intent to supply, or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.
- 11.2 Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense to demonstrate that they are not using controlled drugs.
- 11.3 Applicants with 2 or more convictions for drug related offences will not normally be granted a licence.

## **12. Discrimination**

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

## **13. Motoring convictions**

- 13.1 Licensed drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the grant of a licence.
- 13.2 However, applicants with multiple motoring convictions may indicate that an applicant does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally
- 13.3 A minor traffic or vehicle related offence is considered to be one which does not involve loss of life, driving under the influence of drink or drugs, driving whilst using a mobile phone, and has not resulted in injury to any person or damage to any property, including vehicles.

An applicant with 7 or more points on their DVLA licence for minor traffic or vehicle related offences, will not be granted a licence until at least 5 years have elapsed since the completion of any sentence imposed.

- 13.4 A major traffic or vehicle related offence is one which is not covered in 13.3 and includes any offence which resulted in injury to any person or damage to any property, including vehicles. It also includes driving without insurance or any offence connected with motor insurance.

Where an applicant has a conviction for a major traffic offence or similar offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

13.5 The committee/panel will have regard to the circumstances of each offence and where offences involve the use of a licensed vehicle in the course of hackney carriage or private hire work, this will be considered to be an aggravating factor.

#### **14. Drink/Drug driving**

14.1 Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence or driving ban imposed.

14.2 In the case of driving under the influence of drugs an applicant may also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

#### **15. Using a hand held device whilst driving**

Where an applicant has a conviction for using a held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least 5 years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

#### **16. Licensing offences**

Where an applicant has a conviction for an offence concerned with or connected to hackney carriage or private hire activity, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

#### **17. Non-conviction information**

17.1 The Council will also take into account situations or circumstances that have not led to a conviction for whatever reason, including situations where the person has been arrested and bailed, but not yet charged, acquittals, circumstances in which convictions were quashed on technicalities, circumstances where a decision was taken not to prosecute and complaints from the public.

17.2 When considering the most appropriate action to take in respect of non-conviction information, the Council recognises that it is not bound by the criminal burden of proof and must merely be satisfied, on the balance of probability that the mischief under consideration had occurred.

17.3 The Licensing Authority will take into account the credibility of; the complainant; any witnesses; and the licence holder, along with any other evidence produced, when reaching a decision.

17.4 If an applicant has been arrested or charged, but not convicted for an offence which suggests they could be a danger to the public, serious consideration will be given to refusing the application or revoking the licence in the first instance, subject to the requirements of section 18.3.

17.5 Where an applicant has previously been refused a licence or had a licence revoked, a new licence will not normally be considered until at least 2 years have elapsed since the Council's original decision.

17.6 Where compelling new evidence becomes available, and is such that if it had been available at the time of the original decision, it would probably not have resulted in a refusal or revocation, para 17.5 may be dis-applied.

17.7 In assessing the appropriate course of action to take, the safety of the travelling public will always be the paramount concern.

## **18. Once a licence has been granted**

- 18.1 Once a licence has been granted, there is a continuing requirement for the licensee to remain fit and proper to hold the licence. Where the licensing authority is considering a licence review, any conduct or convictions which would have resulted in a refusal to grant a licence in accordance with this policy, will result in an existing licence being revoked.
- 18.2 Suspension or revocation of a driver's licence ordinarily takes effect at the end of the period of 21 days beginning with the day on which the decision notice setting out the reasons for the suspension or revocation is given to the driver.
- 18.3 If the Licensing Authority deem it necessary for the suspension or revocation to have immediate effect in the interests of public safety, the notice given to the driver must also include a statement issued under Section 61 (2B) Local Government (Miscellaneous Provision) Act 1976, that the suspension or revocation is effective immediately and the reasons why.
- 18.4 Any suspension or revocation of an Operator's Licence takes effect at the end of the period of 21 days beginning with the day on which notice is given to the operator.

## **19. Licences issued by other licensing authorities**

Applicants who hold a driver or operator licence issued by another licensing authority, must not assume that their application will automatically be granted. Only applicants who are considered to be fit and proper by Blackburn with Darwen Council, having regard to the criteria laid out in this policy, will be granted licences.

## **20. Hearings**

- 20.1 Hearing with notice – Where a committee/panel is to be convened to consider whether or not a person is “fit and proper”, notice of the time and date for the committee/panel will be given ahead of the date listed, in order to allow the person to seek independent legal advice and to attend and be represented at the hearing.
- 20.2 Ex-parte hearing – Where a committee/panel is convened as a result of sensitive information being received by the Council, an assessment will be undertaken in balancing a person's right to a fair hearing, against whether or not it is in the public interest to hold the hearing ex-parte.

## **21. Appeals**

- 21.1 Any applicant refused a licence has the right of appeal to the Magistrates' Court within 21 days of the notice of refusal.
- 21.2 Anyone aggrieved by the Council's decision to suspend or revoke their licence, or to impose additional conditions on their licence, has a right of appeal to the Magistrates' Court within 21 days of the decision notice.

- 4.4 Examine the jack and wheel brace provided with the vehicle to ensure that they are in good working order.
- 4.5 Check the spare wheel fixing bracket (or similar securing device) to ensure that the wheel is properly secured in the correct position.
- 4.6 Check the rim of the spare wheel for any signs of distortion or damage.

##### **NOTES**

If a vehicle has tyres in a combination which conforms to current legal requirements (e.g. radial and cross ply), the carrying of one spare wheel/tyre cannot be accepted, since it can only be used in limited circumstances. The vehicle must therefore fail the test, even if the spare tyre is in good condition and matches one pair of the tyres fitted to the vehicle. A mix of steel and cord radials on one axle will not be accepted.

##### **REASON FOR REJECTION**

- 1 A spare wheel not provided with the vehicle. A tyre which is of a different size or construction.
- 2 Damaged, worn, sub standard or otherwise illegal tyres.
