Outline of circumstances surrounding the offence / caution / complaint

Mr Nazir was asked about caution 31/12/20 for destroy or damage property. He stated that his friend got into a scuffle with someone and Mr Nazir was with him at the time. The friend smashed the window and because he was with him he got caught. He wasn't arrested. He was spoken to by Police and was given a caution. He was not involved in smashing the window. The argument was with his friend and the other person.

Mr Nazir received and IN10 on 11/04/2019 on his statutory driving licence. This will come off the licence on 11/4/2023. When he first passed his driving test he didn't know how to get insured so he did this online. He was scammed and thought he was insured but he wasn't. He was asked how this was picked up and he was stopped by Police. He went to court. His licence was supposed to have his licence revoked but he showed proof to the court. His licence wasn't revoked but he was given 6 points. He was not disqualified as this was a scam.

SP30 - 13/12/21 – Mr Nazir says he was flashed by Police camera on Roman Road and he was driving about 35/36 miles per hour in 30 MPH zone.

IN10 - 22/04/20 – This was his sister's car and he was a named driver on her vehicle insurance. Mr Nazir used to borrow her car sometimes. His sister went away on holiday and cancelled the insurance but did not tell Mr Nazir. He was driving the car and was stopped. He did not live with his sister at the time.
