

**DEPARTMENT OF GROWTH & DEVELOPMENT**

**ORIGINATING SECTION: Planning**

**REPORT TO: Planning & Highways Committee**

**TITLE: Petition supporting an application for full planning permission for the following development:**

**'Retention of shed to front terrace to be used as food bank (Use Class F2)' – Ref: 10/23/0207, at**

**74 Queens Park Road  
Blackburn  
BB1 1SE**

**WARD: Audley and Queens Park**

**Councillor: Altaf Patel  
Councillor: Ehsan Raja  
Councillor: Salim Sidat**

---

**1.0 PURPOSE OF REPORT**

1.1 To inform Members of the receipt of a petition supporting a current planning application relating to the retention of shed to front terrace to be used as food bank (Use Class F2). The application premises is 74 Queens Park Road, Blackburn, BB1 1SE.

1.2 The application is submitted by Mr Mohammed Kathrada.

**2.0 BACKGROUND AND DETAILS**

2.1 The planning application (Ref: 10/23/0207) was received by the Council on 12<sup>th</sup> March 2023, and was subsequently validated on 5<sup>th</sup> April 2023. 8 notification letters were sent to the neighbours of the closest adjacent properties. The statutory 21 day consultation period expired on 28<sup>th</sup> April 2023 for those letters. A site notice was also displayed outside of the site on 17<sup>th</sup> April 2023, which expires on 12<sup>th</sup> May 2023.

2.2 The petition was initially received by the LPA on 2<sup>nd</sup> May 2023. The petition supports the application. The comments received generally support the services offered by the food bank to the community. Sheets containing 115 signatures were initially received, which have been provided by residents and occupants of nearby addresses. Additional sheets were subsequently received on the 5<sup>th</sup>, 9<sup>th</sup> and 11<sup>th</sup> May, containing a further 89 signatures, which brings the total to 204. The petitions and covering letter are appended to this report.

2.3 The grounds of support are summarised as:

- Great need for the foodbank due to food poverty and cost of living crisis;
- Project been running since Covid pandemic;
- Project run by volunteers

2.4 Members are advised that assessment of the planning application is ongoing and that all material issues that must be considered in the decision making process will be addressed during the course of the application. Once finalised, the Officer Report will be forwarded to the Committee Chairman to clarify whether or not the application should be referred to Planning and Highways Committee for determination. The statutory 8 week determination date expires 30<sup>th</sup> May 2023.

### 3.0 **RECOMMENDATION**

3.1 That the petition be noted by Members and that the lead petitioner be informed of any decision taken, including the outcome of the application.

### 4.0 **BACKGROUND PAPERS**

4.1 The petition subject of this report, including signatures and comments.

4.2 Planning application 10/23/0207.

5.0 **CONTACT OFFICER:** Christian Barton, Planning Officer, Development Management.

6.0 **DATE PREPARED:** 11<sup>th</sup> May 2023

04/05/2023

**Covering letter Blackburn with Darwen Youth Awareness Project – Community Fridge  
Shed planning reference: 10/23/0207**

Intro -The Shed – The shed has been put up to stock surplus foods rescued from branded supermarkets within Blackburn and Darwen and Lancashire-wide that would usually be thrown into waste when stores close, the surplus foods are made up of Breads, fruits, vegetables, and at times ready meals that have passed their best before date on the night of collection. These foods are checked and stored in crates and covered inside the shed overnight, for security, health, and safety purposes including hygiene. The shed also has chilled cooler boxes to temporarily store any ready meals overnight should the project collect any.

During the day, in the morning the project has a rota of volunteers with a minimum 2 volunteers and a maximum of 3, Volunteers are women who are residents from Audley and Queens Park wards, Volunteers are trained up to Level 2 food hygiene and safety qualification.

The volunteers, prepare the foldable plastic food counters to be placed outside of the garden beside the property fence, usually two plastic counters are placed, or two counters and one table to place vegetable crates. During the time of preparation no public or service users are allowed to come and wait on the public footpath or on the property door step, the lead volunteer would otherwise ask them to come back at an allocated time, the setting of the food counters can take anywhere from 10mins to half an hour set-up, depending on the volume of surplus foods received.

Once set up and food has been placed inside the counters or on the table, the counters are open to the general public, residents, and service users to access. At least 2 volunteers are on hand to support and oversee the public accessing the counters making sure there are no or reduced single file cues, no loud chatting, or individuals loitering about. The volunteer also checks for any rubbish left on the public footpath before and after the counters are put out to ensure no wrapping, packaging, or other rubbish is left. At least 2 volunteers stay within the shed premise for up to an hour whilst individuals come and collect the free surplus foods for the purpose of anyone needed help, support, and information.

Usually, the food counters become empty within the first hour of the counter becoming available to the public, each service user has about 5 minutes or less to collect so those who are waiting around can also access the surplus foods. Once empty or half empty, if the project has more surplus food in the shed, this would then be put out by a volunteer. If there is no surplus, then the food counters would be taken down and put away inside the shed.

The food counters and a table is out most days, as the project collects each night, and usually by 7pm the counters are taken down Monday to Friday, during weekends by 5 pm or earlier.

Tel [REDACTED]

All of our volunteers, a trained to deal with individuals with mental health issues and those affected by Drugs and Alcohol and are able to signposts for local services support, Spark Recovery, CommunityCVS, and Nightsafe for young people.

Surplus food collections – Blackburn with Darwen Youth Awareness Project – have registered with the supermarket charities surplus instore food scheme to allocate surplus from Asda and Tesco stores. The project received text alerts from 7.30 pm until 8 pm for any surplus collection request and allocated time to collect, our project collection slot is from 8.30 pm until 10 pm. We have two Volunteer drivers and food collectors who go out and collect the surplus allocated. Once collected from each supermarket surplus foods are brought back to be placed in crates and covered inside the Shed. By 10:30 pm the surplus food is stored, and the shed door is closed, the project does not operate after this time.

Food Packs – The project provides free food packs; referral is made through the social media platform and a text message to the project mobile phone for Blackburn with Darwen residents aimed at those who are moving into rented accommodation from homeless accommodations, families who are seeking refuge and asylum, individuals in safe houses who are vulnerable, elderly individuals isolated from local services, from GP surgeries and mental health and wellbeing services. The project provides an allocated time during the day for referrers and support workers to collect from the Shed, as the food packs are pre-ready meaning handover is within one minute of collection so there is no waiting time.

Project Contribution offers – The project is registered with Fareshare Recycling Lives where the project pays a membership fee to purchase Ambient items in bulk made up of tins, soft drinks, snacks, and chilled items. Every Thursday from 5 pm until 7 pm from the shed we open these products to the service users at a minimum contribution cost, the contribution raised from this activity goes towards the membership fee, fuel cost, and volunteer experiences. We have 2 volunteers supporting this activity during the allocated times ensuring there is reduced noise, queuing is small, also a quick and easy collection for individuals, The project would post on the broadcast virtual notice board through Whatsapp. The project volunteer travels to the fareshare warehouse in Preston and collects the product to bring back to the project.

Insurance, policies and procedures – Blackburn with Darwen Youth Awareness Project and all of its activities including the food project are covered by appropriate and up-to-date liability insurance under the project name this covers volunteers' and service users' policies including equipment usage.

All volunteers participating in the delivery of the food project are trained to level 2 food hygiene and are all up to date with their qualifications and learning as well as trained in conflict resolution and mental health awareness.

The project is registered with Blackburn with Darwen Council Food standard agency since we started, however because of the issue with Neighbour at No 76 and trying to sort out the shed through Planning, we have been unable to contact the Food Standard agency to check our service and provide an up to date report and rating, this will be done once the project knows the outcome from the Council Planning team on the Community Fridge Shed.

Inside Shed – Shed has been ventilated with silver bubble foils on the ceiling and walls to retain cool air and heat ensuring tins and fresh produce are correctly stored at as correct room temperature, there are 3 cooler boxes to place chilled-only items in with ice packs. There is a portable sink installed with a water storage attached, this is the one used for camping outdoor usage. There is a space area for the plastic foldable counters to be placed alongside folding tables. The is regulated with daily temperature checks ensuring all foods are okay to consume.

Email Address: [REDACTED]

[REDACTED] us on Facebook: [REDACTED]

Tel [REDACTED]

Waste including food waste – The project under the name of Mohammed Kathrada, has a waste permit issued by the council and has access to the property waste and recycling bins, any other rubbish left on a public footpath and not just from the side of food counters volunteers would collect and place in the public bins provided on the side of the street on Queens Park Road, or place in large bin bags to place in the property bin.

Food waste – any leftover food waste would be taken back to the supermarkets to be disposed of safely each night including cardboard boxes.

We, on behalf of Blackburn with Darwen Youth Awareness Project hope this cover letter provides insight into the delivery of our reduction of food waste project for our community. We asked that the planning panel takes into consideration the petitions provided, and the letter of support sent out by neighbours, residents and service users to councillors in support of this well-needed and established project. We would also encourage counsellors and the planning team to come and visit our food project to see it first-hand.

Please find below photographic images of the delivery of the project in support of the planning application for the shed to stay.

Regards,

Riyaz Patel

Chairperson

Mohammed Kathrada

Treasurer

(Homeowner 74 Queens Park Road)

Please find below photographic images of the sort of support we are providing in the community in such a positive way

YAP community engagement cleaning up a land. Filled with fly-tipping bags and waste, volunteers. And YAP young people support residents to cleaner up the unused land.

YAP project engaging with children at a local Youth club at a mosque in area. Providing foods from surplus rescued food products

One of the project food counters located inside Spark Recovery Centre

Petition summary and background	Blackburn with Darwen Youth Awareness Project Community Fridge Shed - Planning Reference: 10/23/0207
Action petitioned for	We, the undersigned, are concerned residents of Blackburn with Darwen who urge our councillors to act now to prevent the BwD Youth Awareness Project Fridge Shed to be taken down, there is a great need within our community located in the Audley and Queens Park ward with regard to Food poverty and the higher rise in housing living cost. This project has been running since Covid Pandemic first start and has been highly appraised of the daily running of the project by local volunteers, children, young people and families. We Need the shed to continue operating and providing a great needed service in our community. Please Save our Community Fridge Shed.
