Draft Audit & Governance Committee Annual Report 2017/18

1. Background to the Governance Framework
- 1.1. What drives governance policy?

- 1.1.1. The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of control which facilitates the effective exercise of the Council's functions and which includes adequate arrangements for the management of risk.
- 1.1.2. Effective corporate governance is a fundamental feature of any successful public sector organisation. Corporate governance initially became a major issue after several high profile failures in the private sector. As a result there were several reviews (for example the Cadbury and Hempel Committees) directed at improving governance in the private sector.
- 1.1.3. The trend for strengthening governance arrangements spread to the public sector and resulted in the joint Chartered Institute of Public Finance and Accountancy (CIPFA)/Society of Local Authority Chief Executives (SOLACE) document Delivering Good Governance in Local Government – a Framework. The Framework, revised in 2016, was originally structured around the six core principles found in the Good Governance Standard for Public Services drawn up by an independent commission established by CIPFA, the Office for Public Management (OPM), and the Joseph Rowntree Foundation.
- 1.1.4. In 2016 CIPFA/SOLACE published a revised Framework to ensure that local government continues to develop and shape its own approach to governance, taking account of the environment in which it now operates. The new Framework applied to annual governance statements prepared for the financial year 2016/17 onwards. It is based on the International Framework: Good Governance in the Public Sector published by CIFA and the International Federation of Accountants in 2014 and contains seven key principles.
- 1.1.5. The International framework defines governance as follows:

“Governance comprises the arrangements put in place to ensure the intended outcomes for stakeholders are defined and achieved.”
- 1.1.6. It also states that:

“To deliver good governance in the public sector both governing bodies and individuals working for public sector entities must try to achieve their entities objectives while acting in the public interest at all times. Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and stakeholders.”
- 1.1.7. Blackburn with Darwen Borough Council operates through a governance framework that brings together an underlying set of legislative requirements, governance principles and corporate policies and management processes.
- 1.1.8. The Council recognises the seven core principles of good governance as:
 - A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law;
 - B. Ensuring openness and comprehensive stakeholder engagement;
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits;

- D. Determining the interventions necessary to optimise the achievement of the intended outcomes;
 - E. Developing the entity's capacity, including the capability of its leadership and the individuals within it;
 - F. Managing risks and performance through robust internal control and strong public financial management; and
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.
- 1.1.9. The Council's local Code of Corporate Governance was revised during 2016 to ensure that it complies with the latest requirements. The updated Code was approved by full Council in December 2016.

2. Blackburn with Darwen Borough Council Audit & Governance Committee

2.1. Why do we need an Audit Committee?

- 2.1.1. Whilst there is no statutory requirement to have an Audit Committee they are widely recognised as a core component of an effective governance framework and therefore reflect good practise. Regardless of a specific legislative or regulatory framework, Section 151 of the Local Government Act 1972 requires local authorities to make arrangements for the proper administration of their financial affairs and appoint a Chief Financial Officer to have responsibility for those affairs. To be truly effective, the Chief Financial Officer requires an effective Audit Committee to provide support and challenge, as well as an adequate and effective Internal Audit. Both these elements are now enshrined in the 'Public Sector Internal Audit Standards' and the supporting 'Local Government Application Note' published by CIPFA. The Audit & Governance Committee has a key role in overseeing and assessing the internal control, risk management and corporate governance arrangements in place and advising the Council on the adequacy and effectiveness of these arrangements. This role is formalised in the Committee's terms of reference.
- 2.1.2. The Council's Audit & Governance Committee is properly constituted and is given sufficient authority and resources by the Council. The Committee has the right to obtain all the information it considers necessary and to consult directly with senior managers. In line with best practice from both the public and private sectors, the Audit & Governance Committee can report its observations and concerns directly to the Executive Board.
- 2.1.3. Good corporate governance requires independent and effective assurance about the adequacy of financial management and of management arrangements for achieving the organisation's objectives. These responsibilities require an independent and challenging approach. Through these mechanisms, Committee Members are able to use their skills and experiences to influence the Council's governance, internal control processes and risk management arrangements.
- 2.1.4. An effective Committee can bring many benefits to the Council including:
- increasing public confidence in the objectivity and fairness of financial and other reporting;

- providing additional assurance through a process of independent and objective scrutiny;
- raising awareness of the need for internal control and the implementation of audit recommendations; and,
- Reinforcing the importance and independence of internal audit.

2.2. What does it do?

- 2.2.1. Audit Committees are a key component of corporate governance. They increase public confidence in the objectivity and fairness of financial and other reporting. They also provide a high-level focus on assurance and the organisation's arrangements for governance, managing risk, maintaining an effective control environment.
- 2.2.2. Good practice is contained within CIPFA's document 'Audit Committees – Practical Guidance for Local Authorities and the Police' (2013 Edition). The latest edition of the document updates the core functions of an Audit Committee in relation to governance, risk management, internal control and audit. The introduction of the Public Sector Internal Audit Standards, along with annual governance statements and associated guidance has also been considered in relation to their impact on an Audit Committee.
- 2.2.3. During the year the Audit & Governance Committee consisted of six cross party elected Members. The Committee's purpose, as proscribed in its terms of reference, are to:
- provide independent assurance of the adequacy of the risk management framework, overall governance and the associated control environment and the extent to which these meet the objectives of the Local Code of Corporate Governance;
 - provide independent review of the Council's governance, risk management and control frameworks;
 - oversee the financial reporting and annual governance processes; and
 - oversee internal and external audit, helping to ensure efficient and effective assurance arrangements are in place.
- 2.2.4. The Audit & Governance Committee provides assurance, on behalf of the Council, about the extent to which the objectives of the Local Code of Corporate Governance, as set out in its Constitution, are being met. This purpose is reflected in the Committee's Terms of Reference which are included at Appendix 1 of this report. These were updated during 2015/16 to bring them in line with the core functions set out in the latest guidance for Audit Committees issued by CIPFA. The revised terms of reference were approved by full Council in July 2016 and reaffirmed in May 2017.
- 2.2.5. The CIPFA guidance also includes a greater focus on the factors which support improvement. These include the knowledge and skills that Audit Committee members require and a focus on where the Audit Committee adds value. The Publication provides practical support to the Committee in evaluating the existing Committee arrangements and any planned improvements.
- 2.2.6. The guidance includes a self-assessment checklist of good practice to assist both Members and Officers who are involved in the operation of the Committee. This was completed by Audit & Assurance on behalf of the Committee and presented for consideration at its meeting on 13 January 2015. The Committee noted the key requirements of the CIPFA guidance and approved the action plan for making the Audit & Governance Committee

more effective. The Committee received an update on the good practice self-assessment in January 2018, along with the results of a self -assessment of the Committee's effectiveness. This was completed by Audit & Assurance on behalf of the Committee, in consultation with the Chair of the Committee, and reported to the Committee in January. The results are included at Appendix 2 and 3 of this report for consideration.

- 2.2.7. The Audit & Governance Committee met four times during the 2017/18 Municipal Year. Timings of the meetings throughout the year are designed to coincide with the governance timetable, with meetings in June to receive annual opinion and assurance reports, approve the Council's Annual Governance Statement and to receive the draft Statement of Accounts, and in September to receive the draft Treasury Management Annual Report and Mid-Year Strategy Review, approve the accounts and receive the external auditor's annual report. Attendance details are set out in Appendix 4. The Committee's outline work programme (see Appendices 1 and 4), and associated reports it receives, is designed to enable its Members to make a positive contribution to the continual improvement of control and governance processes and arrangements across the Council, as well as performing the roles as identified by the Constitution.
- 2.2.8. As well as the assurance provided to the Committee from the key reports received from the Council's External Auditor, the Committee also places reliance on the work carried out by Audit & Assurance in delivering the annual internal audit plan. Assurance is gained throughout the year from considering the quarterly progress reports received. These provide the Committee with an overview of the activity carried out by internal audit during the period, including counter fraud activity, and an overview of all audit reports finalised. Emphasis has been on limited or no assurance reports and senior officers have been invited to update the members on progress of implementing recommendations from these reports to provide further assurance to the Committee regarding the implementation of agreed actions.
- 2.2.9. The Committee also receives a full year overview of internal audit work when the Internal Audit Annual Opinion Report is presented, alongside the Annual Counter Fraud Report. The former report provides the Head of Audit opinion on the Council's overall position in relation to the adequacy and effectiveness of risk, governance and internal control systems, based on the work completed by the internal audit team, as required by the Public Sector Internal Audit Standards.
- 2.2.10. The details of the Committee's work programme for 2017/18 and reports received, as set out in Appendix 4 of this report, demonstrate how the Committee has fulfilled its terms of reference during the year and its commitment to monitoring and helping improve the Council's risk, control and governance environments' in the year ahead.
- 2.2.11. In addition to these meetings members of the Committee have also been directed to counter fraud eLearning training modules which are available on the intranet and provided with a Councillors' workbook on bribery and fraud prevention by Audit & Assurance during the year.

2.3. How do officers support the Committee?

- 2.3.1. The Audit & Governance Committee is supported by:
- The Chief Executive, as Head of the Paid Service, with overall responsibility for the Council's management and executive arrangements;
 - The Director of HR, Legal & Governance, as the Monitoring Officer, who is required by law to ensure that the Council acts within its legal powers at all times; and,
 - The Director of Finance and Customer Services, as Section 151 Officer, who is responsible under the law for ensuring the proper administration of the Council's financial affairs.
- 2.3.2. The Director of HR, Legal & Governance leads on constitutional, legal, and human resource issues. The Director of Finance and Customer Services takes the lead on financial, audit, risk management and internal control matters. The Head of Audit & Assurance also has a key role to play in supporting the Committee because of the importance of the Internal Audit Service to governance. These Officers are responsible for making the Committee aware of any relevant changes in regulations, guidance, and codes of practice.
- 2.3.3. The Committee is also supported by External Audit colleagues, who attend each meeting to update members on the progress and results of their work, as well as providing regular sector updates. These highlight key messages from national reports and studies and include questions for consideration by the Committee. Additionally, the Committee has invited officers to attend meetings to respond to concerns raised by Members or identified through various Committee reports, such as those from internal and external audit.
- 2.3.4. During the year the Committee has instituted a cycle of corporate risk reviews. Corporate risk owners or key contacts have provided briefings to the Committee on a selection of risk register entries. This has included details regarding the background to the risk identified, the risk assessment process and control arrangements in place to manage or mitigate the relevant risk should it occur. This review and challenge process has improved the Committee's oversight and understanding of the likelihood and potential impact of the corporate risks identified by the Council and on the achievement of related corporate priorities.

2.4. Effectiveness of the Audit & Governance Committee

- 2.4.1. The purpose of the Committee, as defined in its terms of reference, is set out in 2.2.3 above. Its terms of reference set out a range of activities that would provide appropriate assurance to the Council in terms of how it manages risk, and ensures adequate and effective control and governance arrangements exist and operate effectively to secure the efficiency and effective use of its resources.
- 2.4.2. Training opportunities have been made available during the year to members who wish to update their skills and knowledge to ensure that they are able to fulfil their role as members of the Committee.
- 2.4.3. The Committee has been active during the year in carrying out its duties in monitoring internal and external reports and challenging appropriate officers to ensure that it is satisfied with the effectiveness of controls and the

governance and risk management arrangements in place, in accordance with its role and functions set out in its terms of reference in Appendix 1.

- 2.4.4. Based on the evidence presented to the Audit & Governance Committee during the 2017/18 it is the Committee's considered view that the Council has, for the most part, sound financial controls, risk management and governance arrangements in place.
- 2.4.5. The Committee has continued to invite those senior officers and managers to account for services or functions where significant financial, internal control or governance weaknesses have been identified. The members continue to challenge any impairment in stewardship and control of public funds and assets, seeking assurance that prompt and proportionate management actions have been taken. This provides the Council with assurance that effective internal control arrangements were in place during the year and that appropriate action has been taken to address any concerns raised as a result of any of the inspection and assurance processes in place. This is evidenced by the details provided in Appendix 4 regarding the various reports received and considered by the Committee at its meetings during the year to support its work programme and how each of these enable the Committee to fulfil its terms of reference.
- 2.4.6. The External Auditor's 2017 Audit Findings Report for Blackburn with Darwen Borough Council included a section on value for money. The External Auditor is required to carry out sufficient work to be satisfied on whether the Council has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources during the year ended March 2017 and to provide a conclusion on this. In doing this work the main considerations the Auditor focussed on were:
- The progress made by management to develop and implement the £15m savings programme; and
 - The work undertaken by management to update the Medium Term Financial Plan to take account of emerging pressure and changing assumptions.
- 2.4.7. Based on the work carried out the External Auditor concluded that the Council had proper arrangements, in all significant respects, to ensure it delivered value for money in its use of resources.
