INTRODUCTION BY THE DIRECTOR OF FINANCE & CUSTOMER SERVICES – Louise Mattinson

Blackburn with Darwen Council, like most local authorities across the country, is working through an ongoing period of financial pressure and challenge as a result of the Government's extended programme of austerity, exacerbated by significant increases in demand for public services; critical financial pressures include:

- rising demand in Adult Social Care, for which the trajectory of spend shows no sign of abatement; as life expectancy continues to increase, so too do the demands faced in terms of the volume of service users and for many of these, the complexity of their needs;
- rising demand for Children's services;
- the impact of the increase in the National Living Wage on our social care providers which has ultimately increased the costs borne by the Council ;
- increases in pay and non-pay inflation and in the cost of employer pension contributions;
- the impact of continuing Welfare reform, most recently the roll-out of Universal Credit in the borough.

Difficult decisions have had to be made to ensure the Council can live within the funding available; some services have been curtailed, and in some instances ceased, departments and teams have been restructured, staff have been made redundant and contributions to partnership and contract working have had to be scaled back.

From a base of £183.1 million in 2010/11, funding is projected to reduce by 40% by 2019/20, compounded by the fact that the Council has had to absorb the costs of inflation and the costs of the increasing demands noted above. We have faced the challenge head on and 2017/18, like previous years, has seen the implementation and delivery of further savings as part of our efficiency programme, to which all teams, departments and portfolios have contributed, enabling the Council to deliver a balanced budget for 2018/19. Whilst projecting a small budget gap for 2019/20 of £4.9million, a programme of thematic reviews across digital change, procurement, alternative service delivery models and income and traded services are already underway, alongside reviews of single person discount and empty homes in the borough. Like all councils, we remain concerned for the financial position for 2020/21 and beyond given the lack of information provided by central Government in relation to future funding and the mechanisms for its distribution at this time.

However, in addressing the scale of the financial challenge faced, the Council has remained steadfast in pursuit of its strategy to deliver the Corporate Plan priorities, grounded in the principles of;

- delivering, as far as is possible, the services that our residents need and want,
- providing help and support to those in hardship, and
- encouraging the growth of jobs and businesses across the borough.

At Policy Council in December 2017 the Council agreed to continue working across the four themes which underpin the delivery of the Corporate Plan, to ensure we continue to meet the needs of the people we serve. Examples of just some of our achievements in delivering on our commitments during 2017/18 are;

Image and marketing of the borough

- The National Festival of Making took place in May 2017 and saw over 30,000 people flock to Blackburn town centre to enjoy the celebration of makers and making. Visitors came from all over the UK to enjoy two days of demonstrations, workshops and performances as well as a collection of art installations, held at a variety of venues around the town centre.

NARRATIVE REPORT 2017/18

- Blackburn was selected as winner of 'Town Centre of the Year' and overall 'Winner of Winners' in the national Great British High Street Awards in July 2017 and winner of the Gold Award in the Royal Horticultural Society (RHS) national 'Britain in Bloom' competition

Fairness / Equality / Cohesion

- As part of the Government's launch of its Integrated Communities Strategy Green Paper in March 2018, the Council was selected by the Ministry of Housing, Communities and Local Government as one of 5 'Integration Areas', in recognition of our keen grasp and understanding of the challenges faced and our desire to try new ways of working, learning both from what does and doesn't work. This learning will be shared nationally as the programme develops as part of an ambitious long-term plan of action to tackle the root causes of poor integration to create a stronger, more united Britain.
- In recognising and promoting the positive community spirit that exists within the borough, and fitting with the Council's 'Your Call' ethos which is about encouraging and celebrating people giving something back to their community, the 'Good Neighbour Awards', were held for the sixth successive year. These awards have gone from strength to strength and showcase the best of Blackburn with Darwen and celebrate all of those people in the borough who go the extra mile to make it a better place. We had over 100 nominations this year from across the borough, which is the most ever received.

To remain strong on partnerships, working with businesses and other public sector organisations, as well as residents and community groups;

- Despite the funding reductions, we are continuing to work closely with our residents, partners and staff to prioritise resources and to seize opportunities to change the shape, scope and the way that we deliver services, such as the work undertaken with our colleagues in the NHS to develop new models of care and to integrate the Health and Social care economy both within the Lancashire and South Cumbria Sustainability and Transformation Programme (STP) and more locally across the Pennine Lancashire footprint.
- Again working with our partners, the Council successfully led a bid to Sport England on behalf of Pennine Lancashire to become one of 12 pilot schemes to develop a bold new approach to building healthier, more active communities across England. Around £100 million of National Lottery funding will be invested in the 12 pilot schemes over four years, to create innovative partnerships that make it easier for people in our communities to access sport and physical activity.
- And, in working to improve the borough for the benefit of our residents and businesses, the Council has successfully secured funding of over £20million to improve the highways infrastructure including funding from the Local Enterprise Partnership (LEP) for the Darwen East Development Corridor and Pennine Gateway schemes and funding from the National Productivity Investment Fund to open up gateways to the town centre; this will assist in opening up sites to build better homes and for new areas for employment with the potential to create hundreds of new jobs.

To make use of technology and digital opportunities in all services;

- The Council's Digital Services Programme has now been refreshed, relaunched and expanded to cover several areas; digital workforce, digital customer, digital Borough and digital partners. In 2017/18 our Digital Task Team began a rolling programme of reviews across all teams and service areas within the Council to ensure they are maximising the use of digital technology. As part of each review they produce digital service reports and digital roadmap action plans for each team to work towards. Other work streams in the programme have also commenced in the year including the replacement of the Council website and the review of digital provision for citizens across the borough.

NARRATIVE REPORT 2017/18

As the financial statements demonstrate, despite the financial challenges faced during 2017/18, the Council remains on a firm financial footing. We remain committed to looking for ways to reduce costs whilst ensuring service delivery and resource are directed towards our priorities.

In concluding this foreword I would like to thank you for showing an interest in the Council's finances and hope you find this report useful. We are always looking to improve the way we present our financial information as we feel it is important for you as a resident or business in the borough to understand all of the services that we provide and how your Council Tax and Business Rates are spent during the year. If you have any suggestions as to how we can improve things in the future then please do not hesitate to get in touch with us.

THE 2017/18 REVENUE BUDGET PROCESS

With regards to funding, as part of the 2015 Spending Review and Local Government Finance Settlement for 2016/17, an offer of a 4 year funding settlement up to 2019/20 was made to all Councils. The purpose of this offer was to assist all local authorities by providing greater certainty of their funding over the period and to provide more stability to enable more proactive planning of their service delivery. At their meeting of 6th October 2016, Council Forum agreed to accept this offer, and the government's indicative figures form the basis of the Council's 2017/18 Budget and Medium Term Financial Strategy (MTFS) 2017-2020.

The purpose of the MTFS is to set the financial framework for the Council for the medium term to ensure delivery of the Council's strategic objectives and major projects. This requires a review and assessment of revenue budgets, the capital programme, levels of reserves and potential future council tax levels, based on funding projections and other financial and economic assumptions.

The MTFS underpins the Council's Corporate Plan, which was agreed by elected members at Council Forum in July 2016, and sets out for residents, staff and partners, the Council's top priorities for 2016 to 2019 and how the Council will continue to improve services and prepare for the ongoing and difficult financial challenges ahead.

The Council's six priority objectives for residents are:

- Creating more **jobs** and supporting business growth
- Improving **housing** quality and building more houses
- Improving **health and wellbeing**
- Improving outcomes for our **young people**
- Safeguarding the most **vulnerable people**
- Making your money go further

As noted in the introduction by the Director of Finance and I.T. to support the delivery of these priority objectives, four long term strategic themes will be distilled into every portfolio to complement the Corporate Priorities:

- Image and Marketing of the borough
- Fairness / Equality / Cohesion
- To remain strong on partnerships, working with businesses and other public sector organisations, as well as residents and community groups;
- To make use of technology and digital opportunities in all services;

The Council's Budget Strategy, including the proposals for the Revenue Budget 2017/18 and the MTFS and Capital Programme for 2017-20 were agreed at Finance Council on 27th February 2017. Further allocations of funding for adult social care via the Improved Better Care Fund (iBCF) were subsequently announced in the Chancellor's Spring Budget. Initial allocations of the fund were issued through the Local Government Finance Settlement, and the MTFS approved at Finance Council on 27th February 2017 included an amount

NARRATIVE REPORT 2017/18

of £717,000 (within the government grants line in the table below). The additional allocation of £3.590 million increased the total funding for iBCF for Blackburn with Darwen to £4.307 million in 2017/18.

MEDIUM TERM FINANCIAL STRATEGY 2017-2020	2017/18 £000	2018/19 £000	2019/20 £000
Net expenditure			
Portfolio controllable budgets (net of agreed savings targets)	101,861	103,104	105,455
Cost of capital investment	18,395	18,191	18,438
Central contingencies	3,885	2,767	5,011
Parish precepts	181	181	181
Contribution to reserves	1,573	1,499	0
Total net expenditure	125,895	125,742	129,085
Resources			
Government (non-ringfenced) grants	(59,919)	(57,334)	(56,083)
Business rates retained locally	(19,281)	(19,712)	(20,412)
Council Tax	(47,059)	(48,696)	(50,390)
Collection Fund surplus from 2016/17 (estimated)	364	0	0
Contribution from reserves	0	0	(2,200)
Total resources	(125,895)	(125,742)	(129,085)
Budget shortfall / (surplus)	0	0	0

Council Tax

In December 2015, the Secretary of State for Communities and Local Government gave Adult Social Care authorities the option of being able to increase their relevant basic amount of council tax by an additional 2% without holding a referendum, to assist it in meeting expenditure on Adult Social Care functions. This 'offer' was subsequently confirmed to be available for the four years up to and including 2019/20, subject to conditions requiring the Council to evidence that the additional funds raised will be applied for Adult Social Care purposes. In the draft Financial Settlement for 2017/18, the government announced the option for Councils to re-phase the implementation of this precept with a maximum precept of 3% in any one year, whilst retaining a cap of 6% over the 3 years through to 2019/20.

Given the scale of the financial and demand pressures on Adult Social Care services, the MTFs for 2017-2020 assumed increases of 3% in 2017/18 and 1.5% for each of the two following years.

For 2017/18, Finance Council agreed a total council tax increase of 4.99%, of which 3% (£1,340,400) was to be spent exclusively on the delivery of Adult Social Care. Lancashire Combined Fire Authority and the Police and Crime Commissioner for Lancashire increased their precepts by 0% and 1.99% respectively.

The aggregate Council Tax calculation in relation to Band D properties for that part of the Borough having no Parish Councils was made up as follows:

	Council Tax requirement / Precepts £m	Band D Council Tax £
Borough Council's Council Tax Requirement	46.905	1,383.15
Lancashire Police and Crime Commissioner Precept	5.611	165.45
Lancashire Combined Fire Authority Precept	2.221	65.50
Total	54.737	1,614.10

Budget Monitoring

Revenue and capital budget monitoring information is reported to the Executive Board on a quarterly basis throughout the year, with the Actual Outturn position being reported in the Quarter 4 report. In addition, Treasury Management performance is reviewed by the Treasury Management Group and reported to the Audit and Governance Committee.

CAPITAL STRATEGY AND CAPITAL PROGRAMME 2017/18 TO 2019/20

A capital programme for 2017-2020 of £48.6 million was agreed at Finance Council on 27th February 2017. The programme recognises the importance of investment in the Borough and the impact that the schemes themselves will have on the regeneration and economic growth of the area in the future, and predominantly comprises of existing commitments including investment:

- in our local transport plan,
- in the highways network recovery programme, and
- in aids and adaptations through provision of disabled facilities grants.

Allocations are also included:

- for our successful Growth Deal 3 bid which will open up the Pennine gateways around the Borough to facilitate housing and business growth
- to support continued investment in IT services to underpin our 'digital first' approach to delivering efficiencies and in turn, cash savings,
- to support the accommodation review which again will drive efficiencies and savings through rationalisation and a more cost effective use of space.

The programme will contribute towards the achievement of the Council's key priorities:

- Creating more jobs and supporting business growth – through construction and in improving transport networks and enhancing the town centre
- Improving housing quality and building more houses – by facilitating access to housing developments
- Making your money go further – through rationalisation of accommodation and maximising the use of technology to streamline services and processes.

The original capital programme for 2017/18 was agreed by Finance Council at £21.215 million, made up of:

	£000
Approved schemes	17,884
Earmarked schemes	2,831
Contingent schemes	500
Total capital programme	21,215

As 2017/18 progressed, the initial plans were revised to incorporate expenditure re-profiled from the previous year, new assumptions, approvals and scheme updates, as information became available.

Financing of the original programme, was planned as follows:

Capital Financing	£000
Unsupported borrowing	(4,527)
Capital receipts	(2,557)
Contributions from revenue	(500)

NARRATIVE REPORT 2017/18

Government grants	(12,116)
External contributions	(1,515)
Total	(21,215)

TREASURY MANAGEMENT STRATEGY

The *CIPFA Code of Practice on Treasury Management in the Public Services* requires the Council to approve a Treasury Management Strategy, including various Treasury Management Indicators, before the start of each financial year. This is followed up with a mid-year Strategy Review, considered alongside the Annual Outturn Report, summarising the position for the previous financial year.

The key requirements for the Council are to maintain its two investment priorities:

- For borrowing costs – to manage affordability in relation to the Council’s overall budget and optimise the long term cost of debt financing.
- For the investment of surplus funds – to invest prudently, prioritising security and liquidity of investments over their yield (or return). Limits are set as to the level and duration of investments with different counterparties.

The Prudential Code provides a framework to ensure that the capital investment plans of the Council are affordable, prudent and sustainable. The prudential indicators required by the Prudential Code are designed to support and record local decision making in a manner that is publicly accountable. The Council approves these indicators annually, together with the policy for setting a “prudent” level of debt repayment (or Minimum Revenue Provision), which must be consistent with the Council’s Medium Term Financial Strategy.

A report detailing the Council’s Treasury Management Strategy, Treasury and Prudential Indicators and a policy for determining a “prudent” level of Minimum Revenue Provision for repayment of debt was approved at Finance Council on 27th February 2017.

FINANCIAL PERFORMANCE OF THE COUNCIL 2017/18

Revenue Outturn

The general fund revenue accounts represent the cost of meeting the annual expenses of carrying out the Council’s duties and responsibilities to the community, most of which are of a statutory nature.

In 2017/18 the Council approved a revenue budget of £125.895 million. This represented approved net expenditure of £124.322 million (which includes parish precepts of £181,200) plus a net contribution to Council reserves of £1.573 million. The final outturn position for the year against the budget is set out in the table below by portfolio, together with the sources of funding.

	Original Estimate £000	Revised Estimate £000	Actual Outturn £000	Variation from Revised £000
Net Expenditure				
Health and adult social care *	43,353	46,185	45,811	(374)
Children’s services	21,134	26,051	26,057	6
Environment	8,860	8,783	8,824	41
Leisure, culture and young people	3,162	3,255	4,232	977
Neighbourhood and prevention services	1,368	989	825	(164)
Regeneration	7,692	7,940	7,665	(275)
Resources	13,531	15,947	15,615	(332)

NARRATIVE REPORT 2017/18

Schools and education (Non-DSG)	3,402	3,547	3,534	(13)
Schools and education (DSG) **	(641)	(641)	73	714
Net portfolio controllable expenditure	101,861	112,056	112,636	580
Contribution from schools for prudential borrowing	(650)	(650)	(650)	0
Contribution to capital expenditure	500	349	349	0
Interest and debt repayment	18,545	18,302	18,452	150
Amounts to be allocated / contingencies	3,885	2,881	2,882	1
Parish councils	181	181	181	0
Total net expenditure	124,322	133,119	133,850	731
Contribution (from)/to reserves	1,573	(3,611)	(3,389)	222
Total net budget	125,895	129,508	130,461	953
Financed by:				
Non-ringfenced Government grants *	(59,919)	(63,532)	(64,485)	(953)
Non-domestic rates	(19,281)	(19,281)	(19,281)	0
Council tax	(47,059)	(47,059)	(47,059)	0
Net surplus / (deficit) on Collection Fund	364	364	364	0
Total financing	(125,895)	(129,508)	(130,461)	(953)

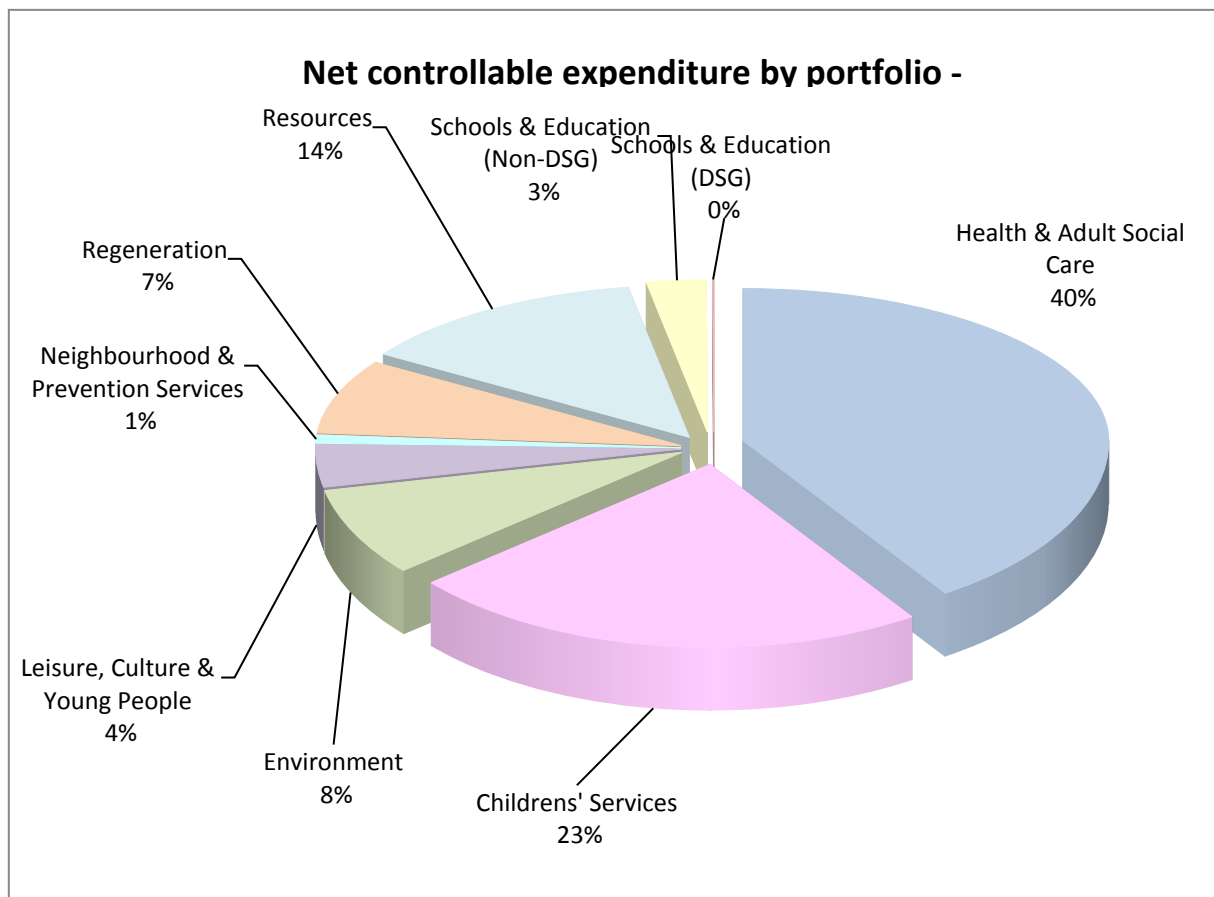

* **Health and adult social care** – the original estimate does not include expenditure funded by the further allocation of £3.590 million iBCF announced in the Chancellor's Spring Budget 2017. The additional expenditure and matching funding (within Non-ringfenced Government grants) was reported in the Quarter 1 corporate budget monitoring report

** **Schools and education (DSG)** - The net deficit of £714,000 comprises a deficit of £0.601 million from individual schools, together with a deficit of £0.113 million in respect of centrally retained budgets.

Portfolio controllable budgets overspent by £0.580 million in total, which was largely funded by increased use of the council's reserves. The most significant variance was in relation the Leisure, Culture and Young People portfolio, which had reported pressures within Leisure services during the year. At year end the portfolio reported a final overspend of £977,000 due to pressures across the Leisure Centres and Halls. These budgets are being reviewed to ensure that the pressures faced in 2017/18 are addressed by the portfolio in 2018/19.

NARRATIVE REPORT 2017/18

The net controllable expenditure by portfolio for 2017/18 is shown in the chart below.

Decisions about resource allocation are taken by the Council's Executive Board on the basis of budgets analysed across portfolios as shown above. Portfolio controllable budgets monitored and revised throughout the year and actual expenditure and income (revenue outturn) is measured against this revised budget at the financial year end. Budgets in relation to schools are ringfenced under the heading *Schools and Education (DSG)* and funded by Dedicated Schools Grant.

Analysis of income and expenditure by service in the Comprehensive Income and Expenditure Statement is presented on the basis of how the Council is structured and how it monitors and manages its financial performance i.e. by reference to portfolio controllable budgets. The Expenditure and Funding Analysis (Note 1) explains the differences between the revenue outturn figures above and financial performance reported on the basis of proper accounting practices within the Comprehensive Income and Expenditure Statement.

NARRATIVE REPORT 2017/18

The following charts are derived from the Comprehensive Income and Expenditure Statement and show where the money came from and how it was spent.

NARRATIVE REPORT 2017/18

Capital Expenditure

Capital expenditure and income result from transactions in respect of the following:

- Buying or selling land or property
- Building new property
- Purchasing plant or equipment
- Significantly enhancing the value of our existing property
- Providing grants to others for the above

The approved portfolio capital programme for 2017/18 was £17.884 million although additional approvals in year resulted in a revised programme of £22.512 million. Actual expenditure was £18.655 million which is 82.9% of the revised programme.

	Approved Programme £000	Revised Programme £000	Actual £000	Variation from Revised £000
Capital Expenditure				
Health and adult social care	2,079	1,892	1,264	(628)
Children's services	533	872	331	(541)
Environment	0	1,365	1,089	(276)
Leisure, culture and young people	6	569	475	(94)
Neighbourhood and prevention services	623	84	88	4
Regeneration	6,033	7,719	7,812	93
Resources	2,115	1,549	1,386	(163)
Schools and education	6,495	8,462	6,210	(2,252)
Total capital expenditure	17,884	22,512	18,655	(3,857)
Resources				
Unsupported borrowing	(3,753)	(5,358)	(5,122)	236
Contributions from revenue	(500)	(774)	(349)	425
Government grants	(12,116)	(15,550)	(12,644)	2,906
External contributions	(1,515)	(830)	(540)	290
Total resources	(17,844)	(22,512)	(18,655)	3,857

The total variation at outturn compared to the last report approved by Executive Board is £3.857 million, of which £2.252 million relates to slippage on the Schools capital programme.

NARRATIVE REPORT 2017/18

The major schemes in 2017/18 are listed below together with the sources of financing.

Capital Expenditure	£000
Health and adult social care	
Disabled facilities grant	1,056
Environment	
Old Bank Lane Car Park	1,030
Leisure, culture and young people	
Woolridge Playing Fields	293
Regeneration	
Local Transport Plan	4,550
Blakey Moor	756
Darwen 3 Day Market	462
Department of Energy and Climate Change (DECC) Central Heating Fund	569
Cathedral Square Office Block Fit-out	270
Land Release Fund	288
Resources	
Davyfield Road Offices Remodel	212
Corporate ICT Schemes	849
Schools and education	
Cedars Primary School	1,539
Newfield School ASD	4,274
Other schemes	2,507
Total	18,655

Capital Financing	£000
Unsupported borrowing	(5,122)
Contributions from revenue	(349)
Government grants and external contributions	(13,184)
Total	(18,655)

Treasury Management

During 2017/18, the Council's investment balances averaged around £29 million, generally ranging between £15 million and £40 million. Funds were generally either kept on call, or in relatively short term investments, resulting in low returns. Interest earned was approaching £75,000 at an average rate of 0.25%.

Excluding the nominal debt associated with schools Private Finance Initiative (PFI) schemes, the Council's long term debt fell from £128 million to £125 million, with £85 million in short term loans across the end of the year taking the closing total up to £210 million. Interest on financing this debt cost the Council

NARRATIVE REPORT 2017/18

approximately £5.7 million (down from £5.9 million in 2016/17), with another £0.3 million interest cost on the £15.7 million of debt managed on the Council's behalf by Lancashire County Council.

Excluding the schools PFI element, the Council's Capital Financing Requirement (CFR) - the long term borrowing need to cover capital spending not financed from other sources - fell from £232 million to £230 million. The Council's long term borrowing was £89 million below its CFR at year end. The Council has continued to use its overall cash position, and cheaper short term borrowing, to make significant savings in borrowing costs. Interest costs are expected to remain low for the near future, but it is possible that borrowing will cost more at some point in future years, adding to budget pressures.

The Council has continued to benefit from lower MRP (Minimum Revenue Provision for debt repayment) costs in 2017/18, following its decision to review its MRP Policy in 2016/17, though to a lesser extent, with actual MRP costs of £6.2 million (compared to £5.5 million in 2016/17, and £8.7 million in 2015/16).

Pension Fund Liability

The pension fund liability at 31 March 2018 as estimated by the fund actuary was £258 million compared to £285 million at 31 March 2017. This liability represents the underlying commitments that the Council has to pay retirement benefits. The variation between years was due to changing assumptions by the actuary. The liability represents the value at a point in time, and as the fund assets are mainly invested in equities and bonds the value of these and, therefore, the pension liability can vary as market values change.

The pension fund liability included within the Council's Balance Sheet has been reduced from £258 million to £249 million to reflect a £9 million advance payment in respect of the Council's pension deficit share. Further details on post-employment benefits are provided in Note 31.

NON FINANCIAL PERFORMANCE

Blackburn with Darwen continues to promote its town centres and the wider area – aiming to promote economic growth and improve opportunities and the quality of life for residents. Achievements during the year have included:

- As noted in the Introduction by the Director of Finance & I.T. the Festival of Making was held in May 2017 to enjoy the celebration of makers and making. The event directed and produced by Wayne Hemingway MBE was held in the town thanks to its strong connection with manufacturing forged during the industrial revolution. Blackburn also boasts a unique status in the UK, having the highest proportion (25%) of its workforce working in making and manufacturing. The event attracted over twice the numbers predicted and is becoming an annual event with a second Festival of Making taking place in May 2018.
- The Council agreed a new 'Strategic Alliance' with Lancaster University and Blackburn College to tackle long-standing economic, education, health, environmental and social challenges. The special agreement will see the university's research, expertise, facilities and networks applied to improve local employment and skills needs, promote economic growth, accelerate the innovation and reform of public services and promote improved public health. In July 2017, the partnership successfully gained the award of national Local Government Association (LGA) Leading Places Pilot within the context of the government's new Industrial Strategy, which places a fresh emphasis on institutional capacity as a key driver of local growth.
- The Hive Business School was formed in 2016, borne out of the Hive Business Leaders Network, with the aim of supporting greater collaboration between the borough's businesses and its education providers. Since its inception, Hive Business School has facilitated a designated business link for every high school in the borough and has collaborated on over 30 different projects.
- Staff working across different Council departments volunteered to be part of a high profile campaign aimed at helping people street begging in Blackburn. The Council alongside Blackburn's

NARRATIVE REPORT 2017/18

Business Improvement District (BID), local charity T.H.O.M.A.S (Those on The Margins of a Society) and other partner agencies, are behind a drive to highlight support and services available in the borough. Outreach 'Street Teams' have been commissioned to work in the town to provide a helping hand to people begging on the streets. As part of the campaign, people are being encouraged to consider donating to local charities, such as T.H.O.M.A.S, that provide food, shelter and support rather than handing over cash to those begging.

- The Council is proud to support people who have a disability and, in December 2017, was re-awarded the Department of Work and Pensions Disability Confident badge to reflect the support the Council offers to candidates who have a disability, as well as to its employees.
- Every household in Blackburn with Darwen now has the opportunity to benefit from a local energy offering with 'Fairerpower Red Rose'. This successful energy scheme, originally established in 2015 by Cheshire East Council in partnership with Ovo Energy, has now extended to Lancashire and is managed by the Skills and Growth Company in partnership with councils across the county. The Council's aim in promoting the scheme is to eradicate fuel poverty in Blackburn with Darwen by helping more people switch energy providers and at the same time offer award-winning customer service so everyone can have the best experience.

The Council is also continuing to focus on its health and wellbeing strategy, with the aim of integrating health, safeguarding and care services for the benefit of residents.

Blackburn with Darwen's award-winning Wellbeing Service has been praised in a national report by a leading health think tank. In its report: 'Tackling multiple unhealthy risk factors', the King's Fund looks into ways of tackling the risks of unhealthy habits like tobacco use, alcohol consumption, diet or physical activity via integrated health and care services – which it considers the best way of managing demand. The Council's Wellbeing Service is cited as an example of best practice for its innovative approach to bringing together a wide range of services that support health and wellbeing and making them accessible via a single contact point. The work of the service's health trainers were praised in the report; staff who provide face-to-face consultations and personalised sessions as well as follow up meetings and ongoing support.

Last year the Wellbeing Service scooped an award for Transformation in Health and Social Care from public sector improvement organisation iESE (Improvement and Efficiency Social Enterprise). It was also shortlisted as one of only four finalists for the NICE Shared Learning Award 2017.

Three Council services have recently been inspected by the Care Quality Commission (CQC). The CQC inspectors assessed whether the services are safe, effective, caring, responsive and well-led. All three of the following services received a 'good' rating in all areas:

- St Aidan's Short Term Breaks service provides respite care for adults with a learning disability.
- The Shared Lives Scheme offers vulnerable adults the chance to receive the care and support they need in a different setting to the family home, or the supported accommodation, in which they usually live.
- The Reablement service works with people in their own homes to help them to maximise their independence after a period of illness, disability or loss of confidence.

Teams across the Council have been helping to lead the Riverside Heights Housing with Care scheme, which is set to open in Darwen during Spring 2018. The £12million housing with care scheme is for local people aged over 50 with an assessed need for care and/or support. The development comprises 85 self-contained apartments, with a range of additional facilities including a residents' lounge, restaurant, hair and beauty salon and secluded gardens. These superb facilities will be open to the local community as well as residents. Housing with care provides high-quality accommodation with on-site care services tailored to individual needs. The aim of this safe and secure scheme is to enable older people to live independently for longer.

NARRATIVE REPORT 2017/18

Working in partnership with Health and Macmillan cancer support Council staff are continuing to play a key role in a pioneering project which is designed to provide better care and support for cancer patients in Blackburn with Darwen and East Lancashire from the moment of diagnosis through to beyond treatment.

Within Children's services the Council have continued to see increased numbers of children being subject to Child Protection Plans and children coming into the care of the local authority. In response to this, last year the Borough piloted an offer of Family Group conferencing which had some impressive results. The Blackburn with Darwen pilot saw a Family Group Conference (FGC) co-ordinator, who is independently appointed, work with 15 families, and a total of 33 children in the first 12 months. Only two children from these families subsequently became looked after by the Council.

Family Group Conferences (FGCs) are a way of making decisions about the care of children by involving the extended family, such as grandparents, aunts and uncles, and friends in the planning process of establishing a plan of support to improve outcomes for the children in the family.

During September and October 2017, Ofsted carried out an inspection of services for children in need of help and protection, children looked after and care leavers. It also reviewed the effectiveness of the Local Safeguarding Children Board. The resulting report, which was published in December 2017, concluded that services for children and young people in Blackburn with Darwen are good. The report also noted that the Director of Children's Services (DCS) and her senior management team have an accurate view of the strengths and the areas needing further development in the service, and that the wider council is supportive of the department, with corporate priorities that focus on improving outcomes for children and safeguarding vulnerable people.

Since the last inspection, there have been some good improvements, including enhanced support to the mainstream service through teams of family support workers and advanced practitioners, as well as the implementation of a locally designed framework for assessing risk. Early intervention is a priority, with well-coordinated support delivered through eight designated children's centres, and well-coordinated support for disabled children and young people. Council staff use all of these initiatives to enable children to remain living at home when it is safe to do so. Some areas of help and protection are not as strong as those for children looked after but, across all areas of the service, including some services providing help and protection, inspectors saw some very good services delivering improved outcomes for children.

CONTENT OF THE STATEMENT OF ACCOUNTS

The Statement of Accounts summarises the Council's transactions for the financial year 2017/18 and its position at the year end of 31 March 2018. It has been prepared in accordance with the Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Local Authority Accounting which is based on International Financial Reporting Standards (IFRS).

The purpose of the Statement of Accounts is to give electors, those subject to locally levied taxes and charges, members, employees and other interested parties clear information about the Council's finances. It provides information on the following:

- The cost of the Council's services for the year
- Where the money came from
- What the Council's assets and liabilities were at the year end

CORE FINANCIAL STATEMENTS

The accounts consist of the following core financial statements supported by explanatory notes. An explanation of the purpose of each of the statements is given below.

Comprehensive Income and Expenditure Statement

This statement shows the Council's income and expenditure for the year on the basis of International Financial Reporting Standards (IFRS). This accounting cost is different from the statutory amounts charged to the General Fund balance for council tax setting purposes as it also includes transactions measuring the value of fixed assets consumed i.e. depreciation and the real projected value of retirement benefits earned by employees in the year. The taxation position is shown in the Movement in Reserves Statement.

Movement in Reserves Statement

This statement shows the movement in year on the different reserves held by the Council analysed into usable (those that can be applied to fund expenditure or reduce local taxation) and unusable reserves (those that hold unrealised gains and losses e.g. the Revaluation Reserve or those that hold timing differences e.g. the Collection Fund Adjustment Account).

The surplus or deficit on the provision of services line shows the true economic cost of providing the Council's services, as detailed in the Comprehensive Income and Expenditure Statement. A series of statutory adjustments are made as detailed in Note 3 (Adjustments between accounting basis and funding regulations), resulting in the net increase or decrease before transfers to earmarked reserves.

Balance Sheet

The Balance Sheet shows the value of the assets and liabilities of the Council as at 31 March. The net assets (i.e. assets less liabilities) are matched by the reserves held by the Council.

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the year. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows into operating, investment and financing activities.

Notes to the Financial Statements

These notes explain in more detail the individual items shown in the financial statements.

Collection Fund Statement and Notes

The Collection Fund Statement is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates.

Accounting Policies

This section includes details of the significant accounting policies and estimation techniques used in preparing the financial statements. Where a change in accounting policy is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always applied. Where this is the case, explanations are provided in respect of any changes being made to the figures presented in the previous year's financial statements.

STATEMENT OF RESPONSIBILITIES

This statement defines the responsibilities of the Council and the Chief Financial Officer in respect of the Council's financial affairs.

The Council's responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Director of Finance & Customer Services.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

The Director of Finance & Customer Services' responsibilities

The Director of Finance & Customer Services is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Director of Finance & Customer Services has:

- Selected suitable accounting policies and then applied them consistently.
- Made judgements and estimates that were reasonable and prudent.
- Complied with the local authority Code.

The Director of Finance & Customer Services has also:

- Kept proper accounting records which were up to date.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certification of Accounts

I certify that the Statement of Accounts gives a true and fair view of the financial position of the Council and its income and expenditure for the year ended 31 March 2018.

L Mattinson
Director of Finance & Customer Services
Blackburn with Darwen Borough Council
xxth July 2018

Difference between General Fund surplus or deficit and Comprehensive Income and Expenditure Statement Surplus or Deficit on the Provision of Services	6,070	8,782	1,079	15,931

NOTES TO THE FINANCIAL STATEMENTS

1 a Adjustments for Capital Purposes – this column adds in depreciation, impairment, net REFCUS expenditure and revaluation gains and losses in the cost of services line of the Comprehensive Income and Expenditure Statement, and for:

- **Other operating expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and investment income and expenditure** – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** – capital grants are adjusted for income not chargeable under generally accepted accounting practices. This line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

1 b Net change for the Pensions Adjustments – this relates to the Local Government Pension scheme and involves the removal of pension contributions and the addition of *IAS 19 Employee Benefits* pension related expenditure and income:

- **For services** this represents the removal of the employer pension contributions made by the Council to the Local Government Pension Fund as allowed by statute and the replacement with current service costs and past service costs.
- For **Financing and investment income and expenditure** - the net interest on the defined benefit liability is charged to the Comprehensive Income and Expenditure Statement.

1 c Other Differences - Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- **For Services** the other differences column recognises adjustments to the General Fund for the cost of compensated absences e.g. annual leave entitlement not taken by employees during the year. Items in relation to leases and investment property expenditure and income are adjusted between services and the Financing and investment income and expenditure line of the Comprehensive Income and Expenditure Statement.
- For **Financing and investment income and expenditure** adjustments also include timing differences for premiums and discounts and the impact of effective interest rate adjustments.
- The charge under **Taxation and non-specific grant income and expenditure** represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

3 ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments made to the comprehensive income and expenditure recognised by the Council in the year, in accordance with proper accounting practice, to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

Adjustments in 2017/18	Usable Reserves			Unusable Reserves
	General Fund Balance £000	Capital Receipts Reserve £000	Capital Grants Unapplied £000	£000
Depreciation, impairment and revaluation losses of non-current assets (charged to the surplus or deficit on the provision of services)	(16,860)	0	0	16,860
Movements in the fair value of investment properties	8	0	0	(8)
Amortisation of intangible assets	(1,201)	0	0	1,201
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement	8,185		(2,282)	(5,903)
Revenue expenditure funded from capital under statute (REFCUS)	(3,333)	0	0	3,333
Net gain or (loss) on sale or de-recognition of non-current assets	459	(760)	0	301
Statutory provision for repayment of debt	6,214	0	0	(6,214)
Capital expenditure charged to the General Fund balance	349	0	0	(349)
Use of the capital receipts reserve - set aside to reduce the net indebtedness of the Council	0	760	0	(760)
Use of grants and contributions received in prior year to finance new capital expenditure	0	0	7,281	(7,281)
Transfer from the Deferred Capital Receipts Reserve upon receipt of cash	(2)	0	0	2
Amount by which finance costs calculated in accordance with the Code are different from the amount of finance costs calculated in accordance with statutory requirements	56	0	0	(56)
Amount by which pension costs calculated in accordance with the Code (i.e. in accordance with IAS19) are different from the contributions due under the pension scheme regulations	(14,190)	0	0	14,190
Amount by which council tax income and non-domestic rate income included in the Comprehensive Income and Expenditure Statement is different from the amount taken to the General Fund in accordance with regulation	1,392	0	0	(1,392)
Amount by which officer remuneration calculated in accordance with the Code (i.e. including an accrual for holiday pay) is different from amounts payable in the year in accordance with relevant statutory provisions	635	0	0	(635)
Total adjustments	(18,288)	0	4,999	13,289

NOTES TO THE FINANCIAL STATEMENTS

Comparative adjustments in 2016/17	Usable Reserves			Unusable Reserves
	General Fund Balance £000	Capital Receipts Reserve £000	Capital Grants Unapplied £000	£000
Depreciation, impairment and revaluation losses of non-current assets (charged to the surplus or deficit on the provision of services)	(19,570)	0	0	19,570
Movements in the fair value of investment properties	(8)	0	0	8
Amortisation of intangible assets	(1,494)	0	0	1,494
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement	13,524		(6,896)	(6,628)
Revenue expenditure funded from capital under statute (REFCUS)	(4,572)	0	0	4,572
Net gain or (loss) on sale or de-recognition of non-current assets	(212)	(1,983)	0	2,195
Statutory provision for repayment of debt	5,455	0	0	(5,455)
Capital expenditure charged to the General Fund balance	800	0	0	(800)
Use of the capital receipts reserve - set aside to reduce the net indebtedness of the Council	0	1,983	0	(1,983)
Use of grants and contributions received in prior year to finance new capital expenditure	0	0	3,832	(3,832)
Transfer from the Deferred Capital Receipts Reserve upon receipt of cash	(2)	0	0	2
Amount by which finance costs calculated in accordance with the Code are different from the amount of finance costs calculated in accordance with statutory requirements	51	0	0	(51)
Amount by which pension costs calculated in accordance with the Code (i.e. in accordance with IAS19) are different from the contributions due under the pension scheme regulations	(8,782)	0	0	8,782
Amount by which council tax income and non-domestic rate income included in the Comprehensive Income and Expenditure Statement is different from the amount taken to the General Fund in accordance with regulation	(983)	0	0	983
Amount by which officer remuneration calculated in accordance with the Code (i.e. including an accrual for holiday pay) is different from amounts payable in the year in accordance with relevant statutory provisions	(138)	0	0	138
Total adjustments	(15,931)	0	(3,064)	18,995

Further information is provided in Note 30 which details the movements on unusable reserves.

NOTES TO THE FINANCIAL STATEMENTS

4 OTHER OPERATING EXPENDITURE

2016/17 £000		2017/18 £000
182	Parish council funding	181
62	Levies	63
0	Payments to the Government – housing capital receipts	0
212	(Gains)/losses on the disposal of non-current assets	(459)
456	Total	(215)

5 FINANCING AND INVESTMENT INCOME AND EXPENDITURE

2016/17 £000		2017/18 £000
12,658	Interest and other similar charges	12,444
7,446	Pensions net interest and administration costs	6,973
(1,660)	Interest receivable and similar income	(1,692)
2	Income and expenditure in relation to investment properties and changes in their fair value	(14)
18,446	Total	17,711

6 TAXATION AND NON-SPECIFIC GRANT INCOME

The Council credited the following to the Comprehensive Income and Expenditure Statement.

2016/17 £000		2017/18 £000
(62,223)	Non-ringfenced Government grants	(64,485)
(11,536)	Capital grants and contributions	(6,693)
(73,759)	Total non-specific grant income	(71,178)
(43,848)	Council tax income	(46,725)
(22,535)	Non-domestic rates income	(20,643)
(140,142)	Total	(138,546)

The non-ringfenced Government grants and capital grants are analysed further in the following tables.

Non-ringfenced Government grants

2016/17 £000		2017/18 £000
(28,854)	Revenue support grant	(22,301)
(17,979)	Top-up grant (business rates retention scheme)	(22,522)
(2,146)	Compensation for loss of business rates income	(3,031)
(1,758)	Education services grant	(488)
(1,746)	New Homes Bonus grant	(1,428)

NOTES TO THE FINANCIAL STATEMENTS

(908)	Benefits administration grant	(840)
(8,471)	Private finance initiative (PFI) revenue grant	(8,471)
0	Improved Better Care Fund	(4,307)
(361)	Other	(1,097)
(62,223)	Total	(64,485)

Capital grants and contributions

2016/17 £000		2017/18 £000
(6,352)	Education capital	(1,114)
(3,449)	Transport	(4,133)
(52)	Energy and climate change	0
(474)	Other Government grants	(578)
(1,209)	Other contributions	(868)
(11,536)	Total	(6,693)

7 GRANT INCOME AND CONTRIBUTIONS CREDITED TO COST OF SERVICES

In addition to the non-ringfenced grants, a number of service specific or ringfenced grants were credited to the cost of services as detailed below.

2016/17 £000		2017/18 £000
(99,707)	Dedicated schools grant	(100,463)
(6,779)	Pupil premium grant	(6,568)
(15,726)	Public health grant	(15,218)
(53,996)	Rent allowances subsidy	(50,451)
(7,638)	Other government grants	(9,877)
(2,438)	Contributions from other local authorities	(2,679)
(7,314)	Contributions from other public sector bodies	(6,763)
(5,213)	Other contributions	(5,565)
(1,988)	Funding of REFCUS expenditure from grants and contributions	(1,492)
(200,799)	Total	(199,076)

Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by the Dedicated Schools Grant (DSG) provided by the Department for Education. DSG is ringfenced and can only be applied to meet expenditure properly included in the Schools Budget, as defined in the School Finance (England) Regulations 2011.

The Schools Budget includes elements for a range of educational services provided on an authority wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school. Details of the deployment of DSG receivable for 2016/17 and 2017/18 are as follows:

NOTES TO THE FINANCIAL STATEMENTS

	Central Expenditure £000	Individual Schools Budget £000	Total £000
Final DSG for 2016/17 before academy recoupment			(145,280)
Academy figure recouped for 2016/17			45,573
Total DSG after academy recoupment for 2016/17			(99,707)
Brought forward from 2015/16			(11,455)
Agreed initial budgeted distribution for 2016/17	(30,673)	(80,489)	(111,162)
Actual central expenditure relating to DSG	20,029	0	20,029
Actual ISB deployed to schools	0	80,489	80,489

Carry forward to 2018/19	(8,731)	0	(8,731)

8 OFFICERS' REMUNERATION

The Council is required to disclose remuneration for all employees earning over £50,000 with additional disclosures for senior officers. The number of other employees whose remuneration, excluding pension contributions, exceeded £50,000 during the year is set out in the following tables. The total of 175 includes 111 teachers (154 including 96 teachers in 2016/17).

No of Employees 2016/17	Remuneration Banding	No of Employees 2017/18
57	50,000 to 54,999	68
41	55,000 to 59,999	49
25	60,000 to 64,999	22
13	65,000 to 69,999	22
9	70,000 to 74,999	4
0	75,000 to 79,999	3
1	80,000 to 84,999	3
1	85,000 to 89,999	0
1	90,000 to 94,999	1
2	95,000 to 99,999	1
2	100,000 to 104,999	1
0	105,000 to 109,999	0
1	110,000 to 114,999	0
1	115,000 to 119,999	1
154	Total	175

NOTES TO THE FINANCIAL STATEMENTS

The following tables provide an analysis by job title of the remuneration and employer's pension scheme contributions in respect of senior officers for 2017/18 and 2016/17. These posts are in addition to those included in the previous table.

2017/18

Postholder	Note	Salary, Fees and Allowances £000	Benefits in Kind £000	Compensation for Loss of Office £000	Total Remuneration excluding Pension Contributions £000	Pension Contribution £000	Total Remuneration including Pension Contribution £000
Chief Executive – Head of Paid Service (Harry Catherall)	1	154	0	0	154	19	173
Deputy Chief Executive – Denise Park	1	131	0	0	131	16	147
Director of Adult Services	2	24	0	0	24	3	27
Director of Adults & Prevention	2	94	0	0	94	11	105
Director of Public Health		111	0	0	111	16	127
Director of Children's Services	3	112	0	0	112	13	125
Director of Environment & Leisure		94	0	0	94	11	105
Director of Strategy & Funding	4	72	0	67	139	9	148
Director of Finance & Customer Services		94	0	0	94	11	105
Director of HR, Legal & Corporate Services	1	91	4	0	95	11	106
Managing Director Growth Lancashire Limited		86	0	0	86	10	96

1. The government determines and funds the election fees for Returning Officers that are related to election duties for National, European and Police and Crime Commissioner Elections and these are subject to full reimbursement and paid to officers as appropriate. The fees for Local Elections are based on a County wide formula.
2. The Director of Adult Services left the Council's employment with effect from 30th June 2017. The former Director of Localities & Prevention took on the role of Director of Adults & Prevention, and the post of Director of Localities & Prevention was dis-established.
3. From February 2016 until 31st December 2017, the Director of Children's Services became shared director of both Blackburn with Darwen Borough Council and Lancashire County Council's Children Services. During this period the post holder continued to be employed by Blackburn with Darwen Council and subject to its terms and conditions of employment, therefore full costs of this post have been included in the note above.
4. The Director of Strategy & Funding (formerly Director of Growth & Prosperity) left the Council's employment with effect from 19th January 2018.

NOTES TO THE FINANCIAL STATEMENTS

2016/17

1. The government determines and funds the election fees for Returning Officers that are related to election duties for National, European and Police and Crime Commissioner Elections and these are subject to full reimbursement and paid to officers as appropriate. The fees for Local Elections are based on a County wide formula
2. The Executive Director People left the Council’s employment with effect from the end of February 2017. Prior to that date the post holder was seconded to work on the *Together a Healthier Future Programme*, for which the NHS are due to reimburse the Council £100,800 in respect of the full costs of the post included above.
3. The Executive Director Place left the Council’s employment with effect from 31st August 2016.
4. From February 2016, the Director of Children’s Services became shared director of both Blackburn with Darwen Borough Council and Lancashire County Council’s Children Services. As the post holder will continue to be employed by Blackburn with Darwen Council and subject to its terms and conditions of employment, the full costs of this post have been included in the note above.

NOTES TO THE FINANCIAL STATEMENTS

Termination benefits

The number of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the table below. The total cost of an exit package includes:

- All relevant redundancy costs – compulsory and voluntary
- Pension contributions in respect of added years (pension strain)
- Ex gratia payments
- Other departure costs (e.g. pay in lieu of notice, outstanding holiday pay)

Banding	No. Compulsory Redundancies		No. Other Exit Packages		Total Number		Total Cost £000	
	2016/17	2017/18	2016/17	2017/18	2016/17	2017/18	2016/17	2017/18
0 to 20,000	22	27	99	58	121	85	779	632
20,001 to 40,000	3	2	16	11	19	13	521	477
40,001 to 60,000	1	1	9	2	10	3	472	142
60,001 to 80,000	0	0	2	0	2	0	140	0
80,001 to 100,000	0	0	0	0	0	0	0	0
100,001 to 150,000	0	0	2	0	2	0	245	0
Total	26	30	128	71	154	101	2,157	1,251

9 MEMBERS' ALLOWANCES

2016/17 £000		2017/18 £000
510	Allowances payable to Members	516
4	Expenses payable to Members	4
514	Total	520

10 EXTERNAL AUDIT COSTS

The Council incurred the following fees relating to external audit.

2016/17 £000		2017/18 £000
103	Fees incurred with regard to external audit services provided by Grant Thornton	103
15	Fees incurred for the certification of grant claims and returns by Grant Thornton	12
10	Fees incurred for other audit work undertaken by Grant Thornton	6
0	Rebate of fees from Public Sector Audit Appointments (PSAA)	(15)
128	Total	106

Fees incurred for other audit work undertaken relate to the provision of reasonable assurance reports as required by central government.

NOTES TO THE FINANCIAL STATEMENTS

11 TRADING OPERATIONS

Trading operations included within the cost of services are the markets operations in both Blackburn and Darwen. The expenditure and income in relation to these trading operations is included within the Regeneration portfolio.

2016/17 £000		2017/18 £000
(1,445)	Turnover	(1,369)
2,380	Expenditure	2,597
935	(Surplus)/deficit	1,228

12 EVENTS AFTER THE BALANCE SHEET DATE

Events may occur between the balance sheet date and the date the accounts are authorised for issue which are indicative of conditions that arose after the reporting period. The Statement of Accounts is not adjusted to reflect such events, but disclosure is required of the nature of the events and their estimated financial effect.

There are no such events to report at the time of publication of this document.

13 PROPERTY, PLANT AND EQUIPMENT

All operational land and buildings are revalued on a five year rolling programme by Capita Plc, property consultants to the Council, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors (RICS). All properties within the same category, e.g. industrial estates, are revalued in the same year, which ensures that valuations are consistent across the category.

In order to provide assurance that the value of assets in the Council's Balance Sheet is not materially different from the amount that would be given by a full valuation of all operational land and buildings each year, the Council discusses local market forces with the valuer and commissions additional valuations where appropriate, for example:

- where new construction or significant enhancement of assets has completed during the year;
- where the annual impairment review indicates other changes in valuation due to specific circumstances;
- where individual assets of significant value that have not been valued for some time.

In addition, a review of the potential variance in the Balance Sheet values of the remaining operational land and buildings, not subject to revaluation during the financial year, is done. The review combines the use of national indices to model potential valuation movements over the five year valuation period, with an assessment of local market conditions and how that compares with national trends. The result of the assessment did not require a change in the values used within the Council's Balance Sheet.

The basis of valuation is set out in the accounting policies.

Movements in the property, plant and equipment valuations are detailed in the following tables:

NOTES TO THE FINANCIAL STATEMENTS

Total cost or valuation	249,005	28,464	169,210	7,509	16,949	9,787	480,924

Revaluation losses

For 2017/18, revaluation decreases recognised in the surplus or deficit on the provision of services include the following item that is greater than £1 million.

Property	£000
Blackburn Town Hall – following completion of a full condition survey, the valuation has been decreased to reflect to significant cost of refurbishment required in order to utilise the building more efficiently.	2,782

Surplus Assets – Fair Value Hierarchy

Details of the authority's investment properties and information about the fair value hierarchy as at 31 March 2018 and 2017 are as follows:

	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2018
	£000	£000	£000	£000
Residential land	0	15,022	0	15,022
Office units	0	800	0	800
Retail	0	1,127	0	1,127
Total	0	16,949	0	16,949

	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2017
	£000	£000	£000	£000
Residential land	0	7,000	0	7,000
Office units	0	0	0	0
Retail	0	0	0	0
Total	0	7,000	0	7,000

Transfers between Levels of the Fair Value Hierarchy

There were no transfers between Levels 1 and 2 during the year.

NOTES TO THE FINANCIAL STATEMENTS

Valuation Techniques used to Determine Level 2 Fair Values for Surplus Assets

The fair value for the residential properties (at market rents) has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local authority area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy.

14 CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the following table together with the resources that have been used to finance it.

This statement incorporates details of the movements in the capital financing requirement (CFR). This is a measure of the capital expenditure historically incurred by the Council that has yet to be financed. This will be discharged by future charges to revenue.

31 March 2017 £000		31 March 2018 £000
297,518	Opening capital financing requirement	301,712
	Capital investment	
17,853	Property, plant and equipment	15,084
477	Intangible assets	520
4,562	Revenue expenditure funded from capital under statute	3,051
22,892	Total capital investment	18,655
	Sources of finance	
(1,983)	Capital receipts – set aside to reduce net indebtedness	(760)
(10,460)	Government grants and other contributions	(13,184)
	Sums set aside from revenue:	
(800)	Direct revenue contributions	(349)
(5,455)	Minimum revenue provision (MRP) for debt repayment	(6,214)
301,712	Closing capital financing requirement	299,860
	Explanation of movement in year	
4,164	Increase / (reduction) in underlying need to borrow (unsupported by Government financial assistance)	(1,852)
4,194	Total movement	(1,852)

Capital Commitments

At 31 March 2018 the Council had entered into numerous contracts for the construction or enhancement of property, plant and equipment in 2018/19 or future years.

NOTES TO THE FINANCIAL STATEMENTS

Contractual commitments include:

- Design, development and construction of the Newfield school - £4 million
- Single site rationalisation and construction of a two storey extension at Cedars School - £250,000

In addition, the Council has commitments to compensation payments in relation to the clearance of former residential sites within the area development framework. The estimated value of these commitments is £485,000. These have been provided for in the 2018/19 capital programme.

15 ACCOUNTING FOR SCHOOLS

As a general approach, the Council's single entity financial statements are defined as including the income, expenditure, assets, liabilities, reserves and cash flows of the local authority maintained schools within the control of the Council. Local authority maintained schools are those schools categorised in the School Standards and Framework Act 1998, i.e. community, voluntary controlled, voluntary aided, foundation, community special, foundation special and nursery schools.

The accounting treatment of land and buildings in relation to schools is based on the legal framework underlying each type of school. The Council controls the management and running of community and foundation schools (where the foundation school is subject to a PFI contract), and therefore the land and buildings of those schools are included within property, plant and equipment on the Council's Balance Sheet.

The land and buildings of voluntary aided, voluntary controlled, foundation (not subject to a PFI contract), academy and free schools are owned and controlled by the trustees of the schools or the foundation body and are, therefore, not shown on the Council's Balance Sheet.

The Building Schools for Future programme included the construction and operation of four schools under PFI contracts. Initially, the assets for all four community and foundation schools subject to PFI contracts were shown on the Council's Balance Sheet together with the related liability. Subsequently two of the schools, Witton Park and Pleckgate, have converted to academy status. The assets relating to these two schools have been removed from the Council's Balance Sheet however the PFI liabilities for all PFI schools remain on as the Council is the party to the contract with the PFI operator.

Capital expenditure on community schools is added to the balances for those schools as reported in the property, plant and equipment note. Capital expenditure on voluntary aided and foundation schools is treated as Revenue Expenditure Funded from Capital under Statute (REFCUS) and written off each year to the Comprehensive Income and Expenditure Statement within School's and Education Services (Non-DSG).

Dedicated Schools Grant (DSG) is credited to the Comprehensive Income and Expenditure Statement within taxation and non-specific grant income based on amounts due from the Department for Education. (Further details are provided in Note 7).

DSG is allocated between centrally retained Council budget and budgets delegated to individual schools. Expenditure from centrally retained budgets and delegated schools budgets is charged to the Comprehensive Income and Expenditure Statement under School's and Education Services (DSG).

Academies are funded directly from the Government, not via the local authority apart from funding for pupils with high needs. Income and expenditure in relation to academies is therefore not charged to the Comprehensive Income and Expenditure Statement.

Individual schools' balances for local authority maintained schools at 31 March 2018 are included in reserves in the Council's Balance Sheet.

NOTES TO THE FINANCIAL STATEMENTS

Schools on the Council's Balance Sheet

31 March 2017			31 March 2018	
Number of Schools	Value of Land and Buildings £000		Number of Schools	Value of Land and Buildings £000
20	62,001	Community schools (excluding PFI schools)	20	58,458
1	2,124	Foundation schools (excluding PFI schools)	1	2,098
2	19,998	Community and foundation schools subject to PFI contracts	2	19,596
23	84,123	Total	23	80,152

Schools off the Council's Balance Sheet

2016/17 £000		2017/18 £000
12	Academy	12
0	Foundation	0
3	Free	3
26	Voluntary aided	26
4	Voluntary controlled	4
45	Total	45

There have been no academy conversions during the financial year 2017/18.

The PFI liability relating to both Pleckgate High School and Witton Park High School, which converted to academy status in prior years, remains on the balance sheet as the obligation to pay remains with the Council. The Council receives grant funding from Central Government to cover the capital cost of the PFI liability. There is a formal agreement with the Academy Trust to cover the shortfall between the full liability and the grant, therefore, there is no change in the nature of the existing liability and hence no adjustments were made in 2017/18. Should there be changes in Government policy or the status or viability of the Academies in the future that impact on how the existing guarantees operate, the accounting policy will be reviewed and amended if necessary. Based on current information and projections of pupil numbers no changes are likely over the short to medium term.

16 HERITAGE ASSETS

Heritage assets are non-current assets held principally for their contribution to knowledge and culture. In particular such assets increase the understanding and appreciation of the Council's history and that of the local area.

	Civic Regalia and Other artifacts £000	Art Collections (including public/street art) £000	Manuscripts and Books £000	Total Heritage Assets £000
Cost or valuation				
At 31 March 2017	259	8,215	10,970	19,444
Net gains/(losses) from fair value adjustments	0	0	0	0
At 31 March 2018(259	8,215	10,970	19,444

NOTES TO THE FINANCIAL STATEMENTS

There have been no additions or disposals during the year and the values remain unchanged from 2016/17.

Individual items valued at £25,000 or more are included at insurance valuation, which is based on market values.

Civic regalia and other artefacts

These are mainly held within the Mayor's Parlour at Blackburn Town Hall.

Manuscripts and books

A collection of publications is held by the Council's museum for their historical and cultural importance.

Art collections

These are mainly held in the Council's Museum and Turton Tower.

17 INVESTMENT PROPERTIES

The following items of income and expense have been accounted for in the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement:

2016/17 £000		2017/18 £000
(6)	Rental income from investment property	(6)
8	Changes in the fair value of investment property	(8)
2	Net (gain)/loss	(14)

The following table summarises the movement in the fair value of investment properties over the year:

2016/17 £000		2017/18 £000
225	Balance at 1 April	72
(8)	Net gains/(losses) from fair value adjustments	8
(145)	Transfer to Property, Plant & Equipment	0
72	Balance at 31 March	80

Valuation Techniques Used to Determine Level 2 Fair Values for Investment Property

The fair value of investment property has been measured using a market approach, which takes into account existing lease terms and rentals, research into market evidence including market rentals and yields, and data and market knowledge gained in managing the Council's property portfolio. Market conditions are such that the level of observable inputs are significant, leading to the properties being categorised as level 2 on the fair value hierarchy. See Accounting Policies – Fair Value Measurement for further details of the fair value hierarchy.

18 INTANGIBLE ASSETS

The only type of asset that is accounted for as intangible is IT software. Where the software is an integral part of a particular piece of hardware, the two items are treated as one property, plant and equipment asset.

NOTES TO THE FINANCIAL STATEMENTS

The movement on intangible asset balances during the year is as follows:

2016/17 £000		2017/18 £000
	Gross carrying amount	
4,693	Balance at 1 April	3,594
477	Purchases	520
431	Assets reclassified from assets under construction	337
(2,007)	Disposals	(1,619)
3,594	Balance at 31 March	2,832
	Accumulated amortisation	
(1,785)	Balance at 1 April	(1,436)
(1,494)	Amortisation	(1,202)
2,007	Disposals	1,619
(164)	Other movements in amortisation	1
(1,436)	Balance at 31 March	(1,018)
	Net carrying amount	
2,908	Balance at 1 April	2,158
2,158	Balance at 31 March	1,814

19 LONG TERM INVESTMENTS

31 March 2017 £000		31 March 2018 £000
736	Blackburn with Darwen and Bolton Local Education Partnership	722
50	Local Capital Finance Company Plc	50
786	Total	772

20 LONG TERM DEBTORS

31 March 2017 £000		31 March 2018 £000
26,278	Shopping centre lease	26,276
1,289	Nursing/residential property charges	990
332	Loan to Lancashire County Developments Limited	347
10	Loan to Marketing Lancashire Limited (formerly Lancashire and Blackpool Tourist Board Limited)	0
4	Car loans to Council employees	7
3	Cycle scheme loans to Council employees	5
15	Other loans	1
27,931	Total	27,626

NOTES TO THE FINANCIAL STATEMENTS

21 INVENTORIES

2016/17 £000		2017/18 £000
353	Balance at 1 April	307
1,237	Purchases	1,144
(1,262)	Recognised as an expense in the year	(1,151)
(21)	Written off / reversal of prior year write-offs	2
307	Balance at 31 March	302

22 SHORT TERM DEBTORS

31 March 2017 £000		31 March 2018 £000

29	Public corporations	94
6,698	Other entities and individuals	6,579
15,313	Total	15,609

23 CASH AND CASH EQUIVALENTS

The balance of cash and cash equivalents is made up of the following elements:

31 March 2017 £000		31 March 2018 £000
78	Cash held by the Council	31
4,999	Bank current accounts	6,432
9,223	Short term deposits with banks and building societies	16,222
14,300	Total	22,685
(1,771)	Bank overdraft	(4,030)
12,529	Total	18,655

24 SHORT TERM CREDITORS

31 March 2017 £000		31 March 2018 £000
(4,317)	Central Government bodies	(4,610)
(2,396)	Other local authorities	(1,056)
(932)	NHS bodies	(1,415)
0	Public corporations	0
(20,999)	Other entities and individuals	(21,009)
(28,644)	Total	(28,090)

NOTES TO THE FINANCIAL STATEMENTS

25 PROVISIONS

	Non-domestic Rates Appeals £000	Injury and Damage Compensation Claims £000	Other Provisions £000	Total £000
Balance at 1 April 2017	(3,099)	(1,050)	(400)	(4,549)
Additional provisions made	0	(327)	0	(327)
Amounts used	1,164	249	0	1,413
Unused amounts reversed	254	0	0	254
Balance at 31 March 2018	(1,681)	(1,128)	(400)	(3,209)

Further details of the individual provisions are shown below.

31 March 2017 £000	Provision		31 March 2018 £000
(3,099)	Non-domestic rates appeals	The Council, as Billing Authority for the Blackburn with Darwen area, is required to make provisions for refunding ratepayers who have successfully appealed against the rateable value of their properties on the rating list. The total provision is calculated by the Billing Authority on behalf of the major preceptors (Lancashire Combined Fire Authority, Central Government and the Council). The amount appearing in the Balance Sheet has been adjusted to include only the Council's share of the provision.	(1,681)
Injury and damage compensation claims			
(360)	Highways insurance claims	Provision to cover the estimated cost of the Council's contribution to highways third party liability claims received up to 31 March 2018 for which settlement has not been made. The provision is based on past experience of court decisions about liability and the amount of damages payable.	(236)
(370)	Vehicle insurance claims	Provision to cover the estimated cost of vehicle insurance claims received up to 31 March 2018 for which settlement has not been made. This provision is based on a claims excess level of £25,000, an aggregate stop loss for the Council of £205,000 and an estimate of the cost of repairs using past experience.	(518)
0	General Insurance	A new provision to cover the estimated cost of Employers / Public Liability insurance claims received up to 31 March 2018 for which settlement has not been made.	(54)
(320)	Municipal Mutual Insurance Limited (MMI)	Provision in respect of MMI for costs due to be paid under the Scheme of Arrangement for managing the outstanding liabilities resulting from claims being made.	(320)
Other provisions			
(400)	Closed Landfill Sites	There are a number of closed landfill sites within the Borough for which the Council has responsibility for aftercare costs. Ongoing monitoring of these sites is in place and indications are that additional in-situ remediation measures may be required, resulting in potential future liabilities for the Council.	(400)
(4,549)	Total		(3,209)

NOTES TO THE FINANCIAL STATEMENTS

26 FINANCIAL INSTRUMENTS

A financial instrument is a contract which creates a financial asset for one party and a financial liability for another party. Non-exchange transactions such as those relating to taxes and Government grants do not give rise to financial instruments.

Financial assets

Financial assets on the Council's Balance Sheet include:

- Loans and receivables – investments
- Cash and bank balances (treated as cash and cash equivalents)
- Trade receivables for goods and services

All the above are valued at amortised cost.

- Available for sale assets – comprising investments in Money Market Funds (these also form part of cash and cash equivalents). These are shown at fair value as investments with a quoted market price

Categories of financial instruments carried on the Balance Sheet are as follows:

31 March 2017 £000				31 March 2018 £000		
Long term	Short term	Total	Category	Long term	Short term	Total
786	13,000	13,786	Loans and receivables - investments (principal)	772	17,600	18,372
0	44	44	Accrued interest on the above	0	52	52
786	13,044	13,830	Total investments	772	17,652	18,424
0	5,348	5,348	Loans and receivables - cash and cash equivalents (including bank accounts)	0	10,030	10,030
0	0	0	Accrued interest on the above	0	1	1
0	8,950	8,950	Available for sale assets - cash and cash equivalents (Money Market Funds)	0	12,945	12,945
0	2	2	Accrued interest on the above	0	4	4
0	14,300	14,300	Total cash and cash equivalents	0	22,980	22,980
26,278	0	26,278	Shopping centre lease - long term debtor	26,276	0	26,276
1,653	7,754	9,407	Other trade receivables *	1,350	11,459	12,809
27,931	7,754	35,685	Total trade receivables	27,626	11,459	39,085
28,717	35,098	63,815	Total financial assets	28,398	52,091	80,489
* The other trade receivables figure stated is lower than the debtors shown on the balance sheet because it excludes the following amounts which do not meet the definition of a financial asset – receipts in advance and non-exchange transactions						
0	7,559	7,559		0	4,150	4,150

Financial liabilities

Financial liabilities on the Council's Balance Sheet are all measured at amortised cost. They include:

- Loans – from the Public Works Loan Board (PWLB) and commercial lenders
- Other liabilities - arising from the Council's PFI contracts under Building Schools for the Future
- Trade payables for goods and services received

NOTES TO THE FINANCIAL STATEMENTS

31 March 2017 £000			Category	31 March 2018 £000		
Long term	Short term	Total		Long term	Short term	Total
(114,050)	(70,072)	(184,122)	Principal sum borrowed	(113,261)	(97,080)	(210,341)
0	(417)	(417)	Accrued interest	0	(2,637)	(2,637)
(150)	(252)	(402)	Effective interest rate (EIR) adjustments **	(149)	(246)	(395)
(114,200)	(70,741)	(184,941)	Total borrowing	(113,410)	(99,963)	(213,373)
0	(1,771)	(1,771)	Bank overdraft	0	(4,030)	(4,030)
(66,849)	(1,702)	(68,551)	PFI arrangements	(65,130)	(1,719)	(66,849)
0	(17,867)	(17,867)	Trade payables #	0	(20,936)	(20,936)
(181,049)	(92,081)	(273,130)	Total financial liabilities	(178,540)	(126,648)	(305,188)
** EIR adjustments to market loans with "stepped" interest rates, to average out their cost over the life of the loans. The adjustments made to the carrying values each year impact on the Financial Instruments Adjustments Account (Note 30)						
# The trade payables figure stated is lower than the creditors shown on the balance sheet because it excludes the following amounts which do not meet the definition of a financial liability – payments in advance and non-exchange transactions						
0	(9,075)	(9,075)		0	(5,435)	(5,435)

Fair value of financial assets and liabilities

The Council discloses the “fair value” of each class of financial asset and liability so that it can be compared with the carrying amount in the Balance Sheet.

Fair values can be determined in a range of ways, and may either be reflected in the carrying values in the balance sheet, or reported separately in the notes to the financial statements. New accounting standards require the type of information used in fair value calculations (as classified in the hierarchy below) to be disclosed.

Fair Valuation Hierarchy:

Level 1	quoted prices in active markets for identical assets or bonds
Level 2	inputs other than quoted prices e.g. interest rates or yields for similar instruments
Level 3	“unobservable” inputs or non-market data e.g. estimated creditworthiness or cash flow forecasts

The carrying values for the Money Market Fund holdings included in Financial Assets are “Level 1” fair values, reflecting quoted market prices.

Elements for which no fair value adjustments have been made

For short term instruments, including trade receivables and payables, the carrying value is accepted to be a reasonable approximation of fair value. For the investment element within loans and receivables there is no material difference between the fair value and the carrying value because of either their scale or their relatively short duration to maturity.

Fair Value Disclosure

A comparison between carrying values and fair values are summarised in the following table.

NOTES TO THE FINANCIAL STATEMENTS

31 March 2017 £000				31 March 2018 £000		
Carrying Value	Fair Value	Difference		Carrying Value	Fair Value	Difference
			Financial Assets			
26,278	49,612	23,334	Shopping centre lease long term debtor	26,276	52,183	25,907
(105,357)	(148,591)	(43,234)	PWLB loans	(106,769)	(144,263)	(37,494)
(22,250)	(33,785)	(11,535)	Market loans (with call options)	(21,208)	(30,036)	(8,828)
(278)	(278)	0	Other stock	(280)	(280)	0
(57,056)	(57,056)	0	Short term borrowing	(85,116)	(85,116)	0
(184,941)	(239,710)	(54,769)	Total Borrowing	(213,373)	(259,695)	(46,322)
(68,551)	(119,938)	(51,387)	PFI liabilities	(66,849)	(112,650)	(45,801)

The fair values provided above are all based on Fair Value Level 2 estimations, and were prepared by the Council's treasury advisers. Where no fair values are shown, any differences are viewed as immaterial.

For the shopping centre lease debtor, the £26.276 million carrying value on the Balance Sheet was based on discounting the anticipated net income stream at the interest rate implicit in the lease. The fair values were prepared by discounting the same income at the long term gilt yield plus a credit risk margin. They are higher than the carrying values due to lower interest rates (compared to the rates for the carrying values).

PWLB loan fair values are based on discounting cash flows at market rates, applicable at the Balance Sheet date, reflecting local authority credit worthiness.

For market loans, fair values were prepared by discounting the contractual cash flows over the whole life of the instrument at the appropriate interest rate swap rate, plus a margin for local authority credit risk, and adding the value of the embedded options where relevant. Lender's options to propose an increase to the interest rate on the loan have been valued according to a standard commercial model.

The fair values of the PFI scheme liabilities were prepared by discounting the contractual cash flows (excluding service charges) at the appropriate AA corporate bond yield.

The overall fair value of the Council's financial liabilities is higher than the carrying amount because, predominantly, the interest rates payable on them are higher than the rates that were available for comparable debt at the balance sheet date. This increases the amount that the Council would have to pay to settle the liabilities early.

NOTES TO THE FINANCIAL STATEMENTS

Income, expense, gains and losses on financial instruments

The amounts charged in the Comprehensive Income and Expenditure Statement are as follows:

2016/17					2017/18			
Financial Liabilities	Financial Assets – loans and receivables	Financial Assets – available for sale	Total		Financial Liabilities	Financial Assets – loans and receivables	Financial Assets – available for sale	Total
£000	£000	£000	£000		£000	£000	£000	£000

Risks arising from financial instruments

The Council's activities expose it to a variety of financial risks, and these are recognised in the Risk Register. Treasury risks are additionally monitored by Audit Committee and by a central Treasury Management Group, working within a framework set for each year by the Treasury Management Strategy. Treasury Management Practices specify practical operational arrangements.

The main risks are:

- Credit risk – other parties may fail to pay amounts due to the Council
- Liquidity risk – the Council may not have funds available to make payments on time
- Market risk – financial loss may arise as a result of changes in financial markets, e.g. movements in interest rates

Credit risk

Investments

The Council has not suffered any loss due to default by financial institutions, and has controls in place to minimise the risk of default.

Limits are set as to the duration of loans and amounts invested, based on independently monitored credit ratings for financial institutions. This lending list is reviewed frequently in line with the latest information from the Council's treasury advisors. The categories of investment made and key limits applied to them were:

- high rated money market funds – instant access (upper limit £5 million per fund)
- Credit rated banks and building societies – limits in 3 bands, ranging from minimum rating A- (limits £3 million and 4 months) to minimum rating AA (limits £5 million and 9 months)
- Lower rated (minimum BBB) or unrated building societies with minimum asset size £500 million (maximum £1 million and 6 months), subject to additional credit-worthiness assessments
- Deposits with other local authorities (limits £5 million and 364 days)
- Deposits with the Government's Debt Management Office (no limit)

NOTES TO THE FINANCIAL STATEMENTS

Limits were also applied to investments in foreign-domiciled banks, and to overall balances in the building society sector. Separate criteria applied to longer term investments (over one year), but no long term investments were made during the year.

At the end of the year the Council's investments portfolio was placed as follows:

31 March 2017 £000	Investment Portfolio	31 March 2018 £000
	Short term investments	
0	Debt Management Office	3,600
12,000	Other local authorities	13,000
0	A rated banks/building societies	0
1,000	Low rated building societies	1,000
13,000	Total short term investments	17,600
	Short term deposits with banks and building societies	
8,950	AAA rated Money Market Funds	12,945
50	AA rated bank	150
25	A rated bank	2,975
50	Council's own current account bank	50
9,075	Total short term deposits	16,120

The Council's maximum exposure to credit risk in relation to its investments cannot be assessed in a general way because the risk of any institution failing to repay funds owed will be specific for individual institutions. Recent experience shows that it is rare for such entities to fail to meet their commitments. There is a risk of non-recovery for all of the Council's deposits, but no evidence that this risk is likely to be realised, therefore, no separate provision for loss has been made in the accounts.

The Council has continued to limit the amount of borrowing undertaken, thereby reducing the potential credit risk arising from placing deposits.

Trade receivables

Credit risk for trade receivables is managed in various ways. Risk on lease income is mitigated by legal ownership of the assets leased, with the option to repossess in the event of debtor default. Arrears are managed by encouraging payment by direct debit and taking recovery action in respect of arrears that do arise. The Council nonetheless recognises the risk of exposure to non-payment and makes provision accordingly, as shown in the following table:

31 March 2017 £000			31 March 2018 £000	
Value of debt	Provision		Value of debt	Provision
6,497	(2,237)	Trade receivables	11,459	(3,055)

Included in the previous table were debts past their due date for payment, broken down by age as follows:

31 March 2017 £000	Aged of Debt	31 March 2018 £000
2,862	Less than 3 months	6,048
1,562	3 – 12 months	2,213
897	1 to 2 years	1,271
1,176	Over 2 years	1,927
6,497	Total	11,459

NOTES TO THE FINANCIAL STATEMENTS

Liquidity risk

The Council's day to day cash flows are monitored closely and projections continually updated. The Council's Investment Strategy, whilst prioritising the security of investments and seeking to optimise net interest earned, also ensures that sufficient funds are maintained on call or for short durations to allow payments to be made when necessary. The good standing of all local authorities as credit risks and the prudent management of the Council's budget as a whole ensures that the Council is in a position to borrow short term to meet day to day expenses when and if necessary.

The Council has ready access to borrowing from the PWLB and other local authorities. As a result there is no significant risk that the Council will be unable to raise funds to meet its long term financial commitments. The main longer term risk is that the Council may find itself having to replenish a significant part of its borrowings at a time of unfavourable interest rates. This risk is managed by maintaining a spread of fixed rate loans and limiting the amount of debt maturing in any one year.

The maturity analysis of principal sums borrowed is as follows:

31 March 2017 £000		31 March 2018 £000
(70,741)	Under 1 year	(99,963)
(70,741)	Total short term borrowing	(99,963)
(6,564)	Maturing in 1 to 2 years	(7,349)
(4,349)	Maturing in 3 to 5 years	(3,659)
(18,108)	Maturing in 6 to 10 years	(20,232)
(85,179)	Maturing in more than 10 years	(82,170)
(114,200)	Total long term borrowing	(113,410)
(184,941)	Total borrowing	(213,373)

The Council has £15.5 million of "Lender's Option, Borrower's option" (LOBO) loans where the lender has the option to propose an increase in the rate payable; the Council would then have the option to accept the new rate or repay the loan without penalty. Due to current low interest rates, it is likely that these options will not be taken up, but the above table assumes they may be taken at the first call option date.

Market risk

The main market risk facing the Council is of adverse movement in interest rates. The Council has a number of strategies to manage interest rate risk, including limiting the total level of net borrowing (borrowing less investment) at variable rates and setting an upper limit for net borrowing at fixed interest rates. The Council also employs treasury advisors to assist with taking investment and borrowing decisions including on such matters as options for debt restructuring (repaying debt early and taking out replacement debt on current terms). The impact of potential changes in interest rates is considered in the setting of the annual budget and is monitored across the year to allow any adverse movements to be accommodated.

The potential impact of any changes in interest rates on the Council is complex. For example, an increase in interest rates would have the following effects:

- Borrowing at variable rates – higher interest costs charged
- Borrowing at fixed rates – the fair value of borrowing liabilities would fall
- Investment at variable rates – higher interest earned
- Investment at fixed rates – the fair value of investment assets would rise

In 2017/18, if interest rates had been 1% higher with all other variables held constant the financial effect would have been:

NOTES TO THE FINANCIAL STATEMENTS

	2016/17 £000
Interest gained on investments	(288)
Increased cost of borrowing	629
Impact on Comprehensive Income and Expenditure Statement	341

A 1% change in interest rates would also impact on the fair value of fixed rate investments and borrowings, which can be considered by varying the discount rates used in their estimation. In the case of the fair values of investments this would remain relatively immaterial. It would be more significant for the fair value of borrowings where a 1% increase in rates would decrease the fair value by over £33 million. A decrease in rates would correspondingly increase the fair value of borrowings. This would not impact on either surplus or deficit on the provision of services or the Movement in Reserves Statement.

Over recent years, relatively low interest rates have meant that the Council has been able to take borrowing at very competitive fixed rates and has reduced its exposure to the risk of interest rate increases on borrowing.

27 OTHER LONG TERM LIABILITIES

31 March 2017 £000		31 March 2018 £000
(285,067)	Pension scheme liability *	(249,217)
(15,992)	Council's share of debt administered by Lancashire County Council under local Government reorganisation regulations	(15,352)
(66,849)	Building schools for the future PFI liability	(65,130)
(367,908)	Total	(329,699)

* The pension fund liability included above has been reduced from the actuarial estimate of £258.222 million to £249.217 million to reflect a £9.005 million advance payment in respect of the Council's pension deficit share. Further details on post-employment benefits are provided in Note 31.

28 PRIVATE FINANCE INITIATIVE (PFI)

The Building Schools for the Future programme included the construction and operation of four schools, across three sites, funded by way of two PFI contracts:

- Phase 1 – Pleckgate High School
- Phase 2 - Witton Park High School and Blackburn Central high School with Crosshill

Each PFI contract is for a period of 25 years with the end dates being Aug 2036 for Phase 1 and Aug 2037 for Phase 2.

Two of those schools (Witton Park and Pleckgate) have converted to academy status, and the assets are no longer recognised in the Council's Balance Sheet, although the PFI liability continues to be reported as the obligation to pay remains with the Council. The assets used to provide services at Blackburn Central with Crosshill schools are all recognised in the Council's Balance Sheet. Movements in their value over the year are detailed in the movement on the property, plant and equipment balance in Note 13.

The Council has been approached by the PFI company's financial advisers to consider a proposal for the refinancing of Blackburn with Darwen's senior debt within the PFI deals of the two PFI agreements. This process will be on-going throughout 2018/19 and may result in the Council receiving a share of any refinancing gain in future years.

NOTES TO THE FINANCIAL STATEMENTS

The Council makes an agreed annual payment which is increased by inflation each year. Payments remaining to be made under the PFI contract at 31 March 2018 are as follows:

	Payment for Services £000	Reimbursement of Capital Expenditure £000	Interest £000	Total £000
Pleckgate school				
Payment in 2018/19	(951)	(484)	(2,568)	(4,003)
Payment within 2 to 5 years	(3,616)	(2,697)	(9,702)	(16,015)
Payment within 6 to 10 years	(4,423)	(5,374)	(10,222)	(20,019)
Payment within 11 to 15 years	(4,992)	(7,948)	(7,079)	(20,019)
Payment within 16 to 20 years	(3,457)	(7,840)	(2,387)	(13,684)
Total Pleckgate School	(17,439)	(24,343)	(31,958)	(73,740)
Witton Park / Blackburn Central with Crosshill schools				
Payment in 2018/19	(1,405)	(1,234)	(3,392)	(6,031)
Payment within 2 to 5 years	(6,591)	(4,906)	(12,627)	(24,124)
Payment within 6 to 10 years	(7,443)	(9,439)	(13,273)	(30,155)
Payment within 11 to 15 years	(8,769)	(12,142)	(9,242)	(30,153)
Payment within 16 to 20 years	(7,970)	(14,784)	(3,955)	(26,709)
Total Witton Park/Blackburn Central with Crosshill schools	(32,178)	(42,505)	(42,489)	(117,172)
Total	(49,617)	(66,848)	(74,447)	(190,912)

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred, and interest payable whilst the capital expenditure remains to be reimbursed. The liability outstanding to pay the contractor for capital expenditure incurred is as follows:

	Pleckgate £000	Witton Park / Blackburn Central £000	Total
Balance outstanding at 31 March 2017	(24,909)	(43,643)	(68,552)
Payments during the year	566	1,138	1,704
Balance outstanding at 31 March 2018	(24,343)	(42,505)	(66,848)

29 LEASES

Council as Lessee

Operating Leases

The Council has entered into a number of operating leases in respect of land and buildings, vehicles, plant and equipment.

The future minimum lease payments due to non-cancellable leases in future years are:

NOTES TO THE FINANCIAL STATEMENTS

31 March 2017 restated £000		31 March 2018 £000
2,106	Not later than one year	1,467
7,392	Later than one year and not later than 5 years	4,841
19,599	Later than 5 years	18,634
29,097	Total	24,942

The comparative figures above have been restated to reflect the inclusion of an additional asset which was omitted in error from the 2016/17 statement of accounts.

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

31 March 2017 £000		31 March 2018 £000
1,363	Minimum lease payments	1,564
425	Contingent rents	115
1,788	Total	1,679

Council as Lessor

Finance Leases

The Council leases out land in respect of the shopping centre under a finance lease with a remaining term of 124 years.

The Council has a gross investment in the lease, made up of minimum lease payments expected to be received over the remaining term. The minimum lease payments comprise settlement of the long term debtor for the interest in the property acquired by the lessee, and finance income earned by the Council whilst the debtor remains outstanding. The gross investment is made up of the following amounts:

31 March 2017 £000		31 March 2018 £000
26,278	Finance lease debtor (net present value of minimum lease payments)	26,276
156,044	Unearned finance income	154,599
182,322	Gross investment in the lease	180,875

The income due in each year of the lease varies in accordance with the terms of the lease. Management are satisfied that the Council will recover the full value of the debtor over the life of the lease. This position is reviewed annually and the Council is satisfied that the disclosure is materially correct to the extent that the unearned income due to Council in each of the remaining years of the lease is considered unlikely to be materially misstated.

The gross investment in the lease and the minimum lease payments will be received over the following periods:

NOTES TO THE FINANCIAL STATEMENTS

31 March 2017			31 March 2018	
Gross Investment £000	Minimum Lease Payments £000		Gross Investment £000	Minimum Lease Payments £000
1,447	2	Not later than one year	1,447	2
5,788	7	Later than one year and not later than 5 years	5,788	8
175,087	26,269	Later than 5 years	173,640	26,266
182,322	26,278	Total	180,875	26,276

Operating Leases

The Council leases out commercial properties under operating leases, including shops, industrial units, market stalls and agricultural tenancies. This activity supports the provision of local services and economic development in the Borough including the provision of affordable accommodation for businesses.

The minimum lease payments receivable under non-cancellable leases in future years are:

31 March 2017 £000		31 March 2018 £000
(2,196)	Not later than one year	(2,494)
(6,123)	Later than one year and not later than 5 years	(6,421)
(55,005)	Later than 5 years	(55,079)
(63,324)	Total	(63,994)

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2017/18 income generated from leases was £3,351,000 with £273,600 of contingent rents receivable by the Council (£3,464,000 and £812,300 respectively in 2016/17).

30 RESERVES

Usable reserves

The Council sets aside specific amounts as reserves for future policy purposes (earmarked reserves) or to cover contingencies (unallocated balances). Reserves are created by appropriating amounts out of the General Fund balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund balance in the Movement in Reserves Statement so that there is no charge against council tax for the expenditure.

This note sets out the amounts set aside from the General Fund in its usable reserves to provide financing for future spending plans and the amounts posted back from usable reserves to meet general fund expenditure in 2016/17 and 2017/18.

NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

Unusable reserves

Certain reserves are kept to manage the accounting processes for non-current assets, for example the Revaluation Reserve and the Capital Adjustment Account. These and other reserves in relation to financial instruments, retirement and employment benefits do not represent usable resources for the Council.

31 March 2017 £000		31 March 2018 £000
(83,913)	Revaluation Reserve	(84,809)
(49,527)	Capital Adjustment Account	(49,383)
1,981	Financial Instruments Adjustment Account	1,925
(26,278)	Deferred Capital Receipts Reserve	(26,276)
285,067	Pensions Reserve	258,222
1,151	Collection Fund Adjustment Account	(241)
2,676	Accumulated Absences Adjustment Account	2,041
131,157	Total	101,479

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its property, plant and equipment assets. The balance is reduced when such assets are:

- Revalued downwards or impaired and the gains are lost.
- Used in the provision of services and the gains are consumed through depreciation.
- Disposed of and the gains are realised.

The reserve only contains revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before this date are consolidated into the balance on the Capital Adjustment Account.

2016/17 £000		2017/18 £000
(85,722)	Balance at 1 April	(83,913)
(2,853)	Upward revaluation of assets	(3,684)
3,308	Downward revaluation of assets and impairment losses not charged to the surplus/deficit on the provision of services	1,752
455	(Surplus) or deficit on the revaluation of non-current assets not posted to the surplus or deficit on the provision of services	(1,932)
925	Difference between fair value depreciation and historical cost depreciation	858
429	Accumulated gains on assets sold or scrapped	178
1,354	Amount written off to the capital adjustment account	1,036
(83,913)	Balance at 31 March	(84,809)

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of

NOTES TO THE FINANCIAL STATEMENTS

acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction or enhancement.

The account also contains revaluation gains accumulated on property, plant and equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

2016/17 £000		2017/18 £000
(57,314)	Balance at 1 April	(49,527)
	Reversal of items relating to capital expenditure charged to the Comprehensive Income and Expenditure Statement	
16,842	Charges for depreciation and impairment of non-current assets	12,882
2,728	Revaluation losses on property, plant and equipment	3,978
1,494	Amortisation of intangible assets	1,201
4,572	Revenue expenditure funded from capital under statute	3,333
2,195	Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal calculation	301
(1,354)	Adjusting amount written out of the Revaluation Reserve	(1,036)
26,477	Net written out amount of the cost of non-current assets consumed in the year	20,659
	Capital financing applied in the year	
(1,983)	Use of the capital receipts reserve to finance new capital expenditure or set aside to reduce the net indebtedness of the Council	(760)
(6,628)	Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement	(5,903)
(3,832)	Application of grants to capital financing from the Capital Grants Unapplied Account	(7,281)
(5,455)	Statutory provision for the financing of capital investment charged against the General Fund	(6,214)
(800)	Capital expenditure charged against the General Fund	(349)
8	Movements in the market value of investment properties debited or credited to the Comprehensive Income and Expenditure Statement	(8)
(49,527)	Balance at 31 March	(49,383)

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

The Council uses the Financial Instruments Adjustment Account to manage premiums paid on the early redemption of loans. Premiums are initially debited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the General Fund balance to the Financial Instruments Adjustment Account in the Movement in Reserves Statement. Over time, the expense is posted back to the General Fund balance in accordance with statutory arrangements for spreading the burden on council tax. Similarly, further statutory provisions allow the “effective” interest rate charges in respect of soft loans and stepped interest loans to be reversed out of the General Fund balance to the Financial Instruments Adjustment Account.

NOTES TO THE FINANCIAL STATEMENTS

2016/17 £000		2017/18 £000

(29)	Proportion of premiums incurred in previous financial years to be charged against the General Fund balance in accordance with statutory requirements	(33)
	Effective interest rate adjustments in respect of:	
(15)	Soft loans	(15)
(7)	Stepped loan rates	(8)
(51)	Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance cost chargeable in the year in accordance with statutory requirements	(56)
1,981	Balance at 31 March	1,925

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place.

2016/17 £000		2017/18 £000
(26,280)	Balance at 1 April	(26,278)
2	Transfer to the capital receipts reserve upon receipt of cash	2
(26,278)	Balance at 31 March	(26,276)

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for pension benefits and for funding benefits in accordance with statutory provisions. The Council accounts for pension benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the pension fund.

The debit balance on the Pensions Reserve, therefore, shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2016/17 £000		2017/18 £000

285,067	Balance at 31 March	258,222

NOTES TO THE FINANCIAL STATEMENTS

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rate income in the Comprehensive Income and Expenditure Statement as it falls due from council tax and non-domestic rate payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2016/7 £000		2017/18 £000
168	Balance at 1 April	1,151
983	Amount by which the council tax income and non-domestic rate income credited to the Comprehensive Income and Expenditure Statement differs to the amount calculated in accordance with statutory requirements	(1,392)
1,151	Balance at 31 March	(241)

Accumulated Absences Adjustment Account

The cost of compensated absences e.g. annual leave entitlement not taken by employees during the year is charged to the Comprehensive Income and Expenditure Statement. Statutory arrangements require that the impact on the General Fund balance is neutralised by transfers to or from the account.

2016/17 £000		2017/18 £000
2,538	Balance at 1 April	2,676
(2,538)	Settlement of cancellation of accrual made at the end of the preceding year	(2,676)

138	Amount by which remuneration charge to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	(635)
2,676	Balance at 31 March	2,041

31 POST-EMPLOYMENT BENEFITS

Pension Schemes accounted for as defined contribution schemes

Teachers' pension scheme

Teachers employed by the Council are members of the Teachers' Pension Scheme administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE). The Scheme provides teachers with specified benefits upon their retirement and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The scheme is technically a defined benefit scheme, however, the scheme is unfunded. The DfE uses a notional fund as the basis for calculating the employer's contribution rate paid by local authorities, and it also bears the related funding risks. The Council is not able to identify its share of the underlying financial position and performance of the scheme with sufficient reliability for accounting purposes. For the purpose of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2017/18, the Council paid £5,788,678 (£5,821,968 in 2016/17) to the Teachers Pensions Agency in respect of teachers' retirement benefits, representing 16.48% (16.48% in 2016/17) of pensionable pay.

NOTES TO THE FINANCIAL STATEMENTS

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside the terms of the Teachers' Scheme. These costs are accounted for on a defined benefits basis.

National Health Service (NHS) pension scheme

The scheme is an unfunded defined benefit scheme. However, the Council is not able to identify its share of the underlying financial position and performance of the scheme with sufficient reliability for accounting purposes. For the purpose of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2017/18, the Council paid £76,245 (£82,460 in 2016/17) to the NHS Pension Scheme in respect of former NHS staff retirement benefits, representing 14.38% (14.30% in 2016/17) of pensionable pay.

Defined benefit pension schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments (for those benefits) and to disclose them at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme (LGPS) which is administered locally by Lancashire County Council. The LGPS is a funded defined benefit pension arrangement for local authorities and related employers and is governed by statute (principally now the Local Government Pension Scheme Regulations 2013).

The Lancashire County Pension Fund is a multi-employer arrangement, under which each employer is responsible for the pension costs, liabilities and funding risks relating to its own employees and former employees. Each employer's contributions to the Fund are calculated in accordance with the LGPS Regulations, which require an actuarial valuation to be carried out every 3 years.

The principal risks to the Council of the scheme are the longevity assumptions, statutory changes to the scheme (i.e. large scale withdrawals from the scheme), changes to inflation, bond yields and the performance of the equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge to the General Fund the amounts required by statute as shown in the following table.

Early payment of 3 years LGPS deficit lump sum in April 2017

Every three years the pension scheme undertakes a valuation process which establishes each employer's deficit in respect of previous years and the period over which this is to be repaid. As the full amount is due at the point of the triennial valuation each employer pays the Pension Fund a rate of "interest" for allowing payment over a longer period to compensate the Fund for investment opportunities which it has forgone. Paying in advance of this schedule enables a gross saving due to the avoidance of these "interest" payments. This is then netted off against the interest that could have been earned by the Council placing this money on deposit.

In previous years the Council made monthly payments to the Pension Fund in respect of its proportion of the Fund deficit, in addition to monthly employer contributions in relation to current staff who are members of the LGPS. In April 2017, a lump sum early payment of the full 3 year deficit amount was made by the Council amounting to £13.508 million.

Discretionary benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. This is an unfunded defined benefit arrangement, under which liabilities arising are recognised when the decision to make the award is made. However, there are no investment assets built

NOTES TO THE FINANCIAL STATEMENTS

up to meet these pension liabilities, and cash has to be generated to meet actual pension payments as they eventually fall due. Transactions are accounted for using the same policies as are applied to the Local Government Pension Scheme.

Transactions in relation to post-employment benefits

The Council recognises the costs of post-employment/retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required to be made against council tax is based on the cash payable in the year, so the real cost of post-employment benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund balance via the Movement in Reserves Statement during the year:

	Local Government Pension Scheme		Discretionary Benefits Arrangements	
	2016/17 £000	2017/18 £000	2016/17 £000	2017/18 £000
Comprehensive Income and Expenditure Statement				
Cost of services				
Current service cost	14,493	19,337	0	0

Reversal of net charges made to the surplus/deficit on the provision of services for post-employment benefits in accordance with the Code	(9,127)	(14,569)	345	379
Actual amount charged against the General Fund balance for pensions in the year				
Employers' contributions payable to the scheme	13,583	12,074		
Retirement benefits payable to pensioners			594	569

NOTES TO THE FINANCIAL STATEMENTS

Pensions assets and liabilities recognised in the Balance Sheet

Of the lump sum early payment of £13.508 million made by the Council in April 2017, only £4.503 million was included in the 2017/18 accounts, with the remaining £9.005 million being offset against the Pension scheme net liability in the Council's Balance Sheet. The Pension scheme net liability at 31st March 2018 as assessed by the Fund Actuary was £258.222 million (as detailed in the tables below), however, the corresponding amount included within the Council's Balance Sheet has been reduced by the £9.005 million advance payment resulting in a reported Pension scheme liability of £249.217 million (see Note 27 *Other Long Term Liabilities*).

Prior to this adjustment, the amounts included in the Balance Sheet arising from the Council's obligations in respect of its defined benefit plans are as follows:

	Funded Liabilities Local Government Pension Scheme		Unfunded Liabilities Discretionary Benefits Arrangements	
	2016/17 £000	2017/18 £000	2016/17 £000	2017/18 £000
Present value of the defined benefit obligation	(837,735)	(827,708)	(7,878)	(7,331)
Fair value of plan assets	560,546	576,817	0	0
Net liability arising from defined benefit obligation	(277,189)	(250,891)	(7,878)	(7,331)

Reconciliation of present value of the scheme liabilities (defined benefit obligation):

	Local Government Pension Scheme		Discretionary Benefits Arrangements	
	2016/17 £000	2017/18 £000	2016/17 £000	2017/18 £000
Opening balance at 1 April	(659,067)	(837, 735)	(7,211)	(7,878)
Current service cost	(14,493)	(19,337)	0	0
Interest cost	(23,451)	(20,744)	(249)	(190)
Contributions by scheme participants	(4,167)	(3,615)	0	0
Remeasurement - liabilities				
- Experience (gain) / loss	17,339	0	80	0
- (Gains)/losses on financial assumptions	(177,194)	34,649	(1,168)	168
- (Gains)/losses on demographic assumptions	4,872	0	76	0
Past service (cost)/gain	0	0	0	0
(Losses)/gains on curtailment	(1,020)	(523)	0	0
Liabilities extinguished on settlements	0	0	0	0
Benefits paid	19,446	19,597	594	569
Closing balance at 31 March	(837, 735)	(827, 708)	(7,878)	(7,331)

560,546	TOTAL ASSETS		576,817

NOTES TO THE FINANCIAL STATEMENTS

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method; an estimate of the pensions that will be payable in future years, dependent on assumptions about mortality rates, salary levels etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by Mercer Limited, an independent firm of actuaries.

Estimates for the Lancashire County Fund are based on the latest full valuation of the scheme as at 31 March 2016. The principal assumptions used by the actuary are as follows:

2016/17		2017/18
Mortality assumptions		
Longevity at 65 for current pensioners		
22.6	Male	22.7
25.2	Female	25.4
Longevity at 65 for future pensioners		
24.9	Male	25.0
27.9	Female	28.0
Financial assumptions		
2.3%	Rate of CPI inflation	2.1%
3.8%	Rate of increase in salaries	3.6%
2.3%	Rate of increase in pensions (payment / deferment)	2.2%
2.5%	Rate for discounting scheme liabilities	2.6%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the previous table. The following sensitivity analysis is based on reasonably possible changes to the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant.

The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis did not change from those used in the previous period.

Change in assumptions at 31 March 2018	Impact on the net Defined Benefit Liability £000	Impact on the projected Service Cost for next year £000	Impact on the projected Net Interest Cost for next year £000
Longevity - 1 year increase in member life expectancy	+ 16,307	+ 378	+ 431
Rate of inflation - increase by 0.1%	+ 15,475	+ 554	+ 409
Rate of increase in salaries – increase by 0.1%	+ 2,258	0	+ 66
Rate for discounting scheme liabilities – increase by 0.1%	- 15,194	- 531	- 159

Impact on the Council's cash flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible, whilst meeting the requirement of Regulations governing the Fund which require the contributions to be

NOTES TO THE FINANCIAL STATEMENTS

set with a view to targeting the Fund's solvency. The detailed provisions are set out in the Fund's Funding Strategy Statement.

The Regulations also require actuarial valuations to be carried out every 3 years. The most recent valuation, at 31 March 2016, showed a shortfall of £690 million against the Fund's solvency funding target. An alternative way of expressing the position is that the Fund's assets were sufficient to cover 90% of its liabilities – this percentage is known as the solvency funding level of the Fund.

At the previous valuation at 31 March 2013 the shortfall was £1,377m, equivalent to a solvency funding level of 78%. The fund's employers are paying additional contributions over an average period of 16 years in order to meet the shortfall. Funding levels are monitored on an annual basis, with the next triennial valuation due to be completed on 31 March 2020.

The scheme continues to take account of the national changes to the scheme under the Public Pensions Services Act 2013. Under the Act, the Local Government Pension Scheme in England and Wales and the other main existing public service schemes may not provide benefits in relation to service after 31 March 2014 (or service after 31 March 2015 for other main existing public service pension schemes in England and Wales). The Act provides for scheme regulations to be made within a common framework, to establish new career average revalued earnings schemes to pay pensions and other benefits.

The Council anticipates paying contributions of £12.926 million to the scheme in 2018/19.

The weighted average duration of the authority's defined benefit obligation is 18 years, measured on the actuarial assumptions used for IAS19 purposes.

32 CASH FLOW STATEMENT NOTES

Operating activities

The net surplus or deficit on the provision of services in the Comprehensive Income and Expenditure Statement has been subject to the following adjustments in order to arrive at the net cash flows from operating activities:

The cash flows for operating activities include the following items:

31 March 2017 £000		31 March 2018 £000
1,656	Interest received	1,684
(12,637)	Interest paid	(10,231)

The surplus or deficit on the provision of services has been adjusted for the following non-cash movements:

31 March 2017 £000		31 March 2018 £000
10,306	Depreciation	12,884
9,264	Impairment and downward valuations	3,976
1,494	Amortisation	1,201
(8,831)	Increase/(decrease) in creditors	1,401
1,132	(Increase)/decrease in debtors	(185)
46	(Increase)/decrease in inventories	5
8,782	Movement in pension liability	5,185

NOTES TO THE FINANCIAL STATEMENTS

2,195	Carrying amount of non-current assets, non-current assets held for sale, sold or derecognised	301
650	Other non-cash items charged to the surplus or deficit on the provision of services	(1,102)
25,038	Total	23,666

The surplus or deficit on the provision of services has been adjusted for the following items that are investing and financing activities:

31 March 2017 £000		31 March 2018 £000
(1,983)	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	(760)
(13,524)	Any other items for which the cash effects are investing or financing cash flows	(8,185)
(15,507)	Total	(8,945)

Investing activities

31 March 2017 £000		31 March 2018 £000
(18,331)	Purchase of property, plant and equipment, investment property and intangible assets	(15,604)
(11,000)	Purchase of short term and long term investments	(4,600)
1,985	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	762
9	Proceeds from short term and long term investments	14
13,804	Other receipts from investing activities	8,508
(13,533)	Net cash flows from investing activities	(10,920)

Financing activities

31 March 2017 £000		31 March 2018 £000
57,000	Cash receipts of short term and long term borrowing	85,000
0	Other receipts from financing activities	0
(1,543)	Cash payments for the reduction of the outstanding liabilities relating to finance leases and on balance sheet PFI contracts	(1,703)
(26,728)	Repayment of short term and long term borrowing	(59,421)
(168)	Other payments for financing activities	126
28,561	Net cash flows from financing activities	24,002

33 RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies and individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been

NOTES TO THE FINANCIAL STATEMENTS

constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central Government has effective control over the general operations of the Council as it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax). Grant income from Government departments is shown in Note 7.

Other public bodies (subject to common control by Central Government)

The main transactions with other public bodies are in relation to precepts paid to Lancashire Police Authority and the Lancashire Combined Fire Authority, details of which are shown in the Collection Fund Income and Expenditure Statement.

The Council continues to work closely with its major Health partner, Blackburn with Darwen Clinical Commissioning Group (CCG) to jointly deliver integrated health and adult social care services under NHS Section 75 and Section 256 agreements and under strategic direction of the local Health and Wellbeing Board. This includes joint strategic needs assessments and a joint health and wellbeing strategy to increase and improve integrated health and social care for residents of the Borough.

In addition the Council is working together with other health partners and Local Authorities across the Pennine Lancashire footprint and wider over the Lancashire and South Cumbria area on new models of care and delivery of Integrated Health and Social Care services.

The Council and the Clinical Commissioning Group (CCG) received £11.169 million revenue ring fenced grant in 2017/18 (£10.972 million in 2016/17) towards the Better Care Fund (BCF), of which £6.214 million expenditure (£5.844 million in 2016/17) was incurred by the CCG on health related initiatives and the remaining £4.955 million (£5.128 million) was retained by the Council to spend on health and social care schemes, in accordance with the pooled budget arrangements. The BCF brings together NHS and Local Government resources, and operates as a pooled budget (Section 75 agreement) with Blackburn with Darwen Council identified as the pooled budget host. The BCF provides an opportunity through pooled budget arrangements to transform local services so that people are provided with better integrated care and support. The Fund provides a real opportunity to create a shared plan for the totality of health and social care activity, to improve services and value for money, and protecting and improving social care services by shifting resources from acute services into community and preventive settings.

The Council received £15.2 million of Public Health Grant in 2017/18 (£15.6 million in 2016/17) for the delivery of Public Health services aimed at improving health outcomes for all ages and removing health inequalities across the borough population. The Public Health Grant is allocated to the authority as a ring fenced grant.

The Council hosts a joint building control service with Burnley Borough Council. Under a service level agreement both authorities contribute towards the net running cost of the service, with Burnley contributing 35.5% (£84,880) and Blackburn with Darwen contributing 64.5% (£154,218) in 2017/18. In 2016/17 the corresponding figures were 35.5% (£86,324) and 64.5% (£156,842) respectively.

Members

Members of the Council have direct control over the Council's financial and operating policies. Members are also appointed by the Council to boards or committees of various organisations to act on behalf of the Council in their official capacities.

The total of Members' allowances paid in 2017/18 is shown in Note 9.

NOTES TO THE FINANCIAL STATEMENTS

Details of Members' interests are recorded in the Register of Members' Interests, which is open to public inspection. During 2017/18, the Council paid for works and services from the following companies / organisations in which a number of members had a personal interest:

- Payments to the value of £90,400 (£219,800 in 2016/17) were made to Transdev Lancashire United, mostly for bus service costs, bus fares and bus pass charges (£10,045 outstanding at year end).
- Three members were either employed by or were on the governing body of Blackburn College, to whom the Council paid £287,900 (£135,900 in 2016/17) towards the jointly funded town centre leisure facility and £241,400 (£151,300 in 2016/17) in relation to academic fees for which the Council was liable (£4,715 outstanding at year end).
- One member was employed by the University of Central Lancashire, to whom the Council paid £52,200 (£54,500 in 2016/17) in relation to course fees for Council staff (£33,570 outstanding at year end).
- One member was employed by Lancashire County Council, to whom the Council paid a total of £3.1 million (£9.6 million in 2016/17) in respect of pensioner travel concessions, education provision and grants for museums and schools (£2,346 in outstanding at year end).
- Also, one member is a Governor and Director of Witton Park Academy, which received £143,100 (£183,100 in 2016/17) from the Council during the year in respect of Non Local Authority Schools payments.

In all cases, the works or services detailed above were entered into in full compliance with the Council's standing orders, financial procedure rules and procurement procedure rules.

Officers

Officers are appointed by the Council to boards or committees of various organisations to act on behalf of the Council in their official capacities. All officers are also required to declare any relevant interests in a departmental register of interest, gifts and hospitality. In 2017/18 two senior officers made the following declarations:

- a family relationship with a senior officer in one of the Council's major precepting authorities. Although there are significant transactions between the two parties in relation to business rates and council tax, the administration of these is strictly defined by a statutory framework.
- a family relationship with a Lancashire County Councillor - involved in health related activity on a number of Lancashire County Council committees and a member of the Lancashire Pension Fund committee.

There were no other significant transactions with organisations in which Council officers had declared interests.

In February 2017, the Council agreed a shared management arrangement with Capita Limited for an initial 12 month period. As part of this Capita's Partnership Director will also act as Director of Growth & Development for the Council managing Council staff and services alongside delivering Capita services under the new contract. This arrangement came to an end in April 2018. Another Capita officer continues to work full time for the Council heading up the integrated Growth team comprising both Council and Capita staff to deliver housing and business growth in the borough. Revised governance arrangements and protocols for dealing with potential conflicts of interest have also been introduced.

Interests in companies and other entities

The Council has financial interests and related party transactions with the following companies.

NOTES TO THE FINANCIAL STATEMENTS

Blackburn with Darwen and Bolton Local Education Partnership Limited

The Council has a 5% shareholding in Blackburn with Darwen and Bolton Local Education Partnership Limited, which was formed in order to deliver the capital investment elements of the Building Schools for the Future programme. The Council has also invested in Blackburn with Darwen and Bolton Phase 1 Holdings Limited, Blackburn with Darwen and Bolton Phase 1 Limited, Blackburn with Darwen and Bolton Phase 2 Holdings Limited, Blackburn with Darwen and Bolton Phase 2 Limited, which are special purpose companies established solely to deliver the new schools at Pleckgate, Witton Park and Blackburn Central with Crosshill under the Private Finance Initiative (Note 28). Payments made in 2017/18 to the Blackburn with Darwen and Bolton Local Education Partnership Limited amounted to £16.015 million (£13.43 million in 2016/17).

Growth Lancashire Limited

The Council is one of 6 local authorities with an interest in Growth Lancashire Limited (formerly Regenerate Pennine Lancashire Limited), an economic development company designed to help increase prosperity and life choices for people living and working in Pennine Lancashire. By working alongside businesses to boost Lancashire's economy, the company is able to create new job opportunities and access local funds, Government grants and European funding. In 2017/18 the company continued to deliver a Gateway Service to support businesses throughout Lancashire, Blackpool and Blackburn with Darwen, and provided £198,000 in funding to assist business growth.

The company is limited by guarantee. Lancashire County Council is the accountable body, providing the company secretary and audit services at no cost. Blackburn with Darwen Borough Council acts as the employing body for staff and provides finance, IT and related support.

Entities controlled or significantly influenced by the Council

In June 2016 the Council appointed Capita Limited as a strategic partner to deliver a multi-disciplinary offering, including Property, Highways and Transport services. The contract is for a 5-year initial term, with the ability to extend by 3 years and then a further 2 years (i.e. maximum of 10 years). There will be a process for review and extension linked to ongoing performance and achievement of the macro objectives. Payments made to the Capita Limited during 2017/18 amounted to £7.162 million (5.89 million in 2016/17). Whilst the Council has no direct control over the companies, and the value of the contract is not significant in terms of the size of the Capita Group, this represents a continuation of the Council's partnership arrangements with the Capita Group.

The Council made payments in respect of the commissioning of services under either a Service Level Agreement or contractual agreement totalling £544,387 to six organisations (Families, Health & Wellbeing Consortium, Tobacco Free Futures, Alcohol Concern, Council for Voluntary Service (CVS), Care Network and Age Concern) during the year where the amounts concerned provided a significant proportion of those organisations' income. Similar payments totalling £238,748 were made in 2016/17. In these cases, there is a presumption that there is substantial reliance upon such income for the future continuation or otherwise of the organisations concerned.

34 CONTINGENT ASSETS AND LIABILITIES

Contingent Asset

The Council is currently pursuing the recovery of costs incurred in respect of three Adult Social Care service users.

The first case involves a dispute between three local authorities over the responsibility for the social care costs for an individual service user. Legal services have been involved in this case to pursue recovery of

NOTES TO THE FINANCIAL STATEMENTS

the costs and after numerous attempts over five years the case has been to ADASS for mediation and will now be referred to the Secretary of State for resolution.

In the second case a service user was entitled to Continuing Health Care since 2006 but the Council was not aware of it and paid for the service user care. Therefore, the provider appears to have been double funded, receiving payments from both Health and the Council. The process to try to recover these costs has been initiated by the Department.

The final case involves a dispute between three Clinical Commissioning Groups (CCGs) over the responsibility for the social care costs for an individual service user. Legal services have been involved in this case and have been pursuing recovery of the costs for four years.

The total amount to be recovered in respect of the three service users amounts to £681,000 as at end of March 2018.

Contingent Liability

Following the liquidation of Municipal Mutual Insurance (MMI) in 1992/93 there are a number of claims outstanding which may not be resolved for many years. The "Scheme of Arrangement" between local authorities and the administrators of MMI was invoked in 2012/13 and the Council has a liability both in relation to the former Blackburn Borough Council and Lancashire County Council (in relation to transferred services). The total potential liability in relation to the former Blackburn Borough Council as at 31 March 2018 remains uncertain. A Levy has been paid at a rate of 25% on established scheme liabilities - amounting to a total of £499,000 for the Council. In considering the most likely remaining financial impact, the Council has set aside a provision of £320,000, with a further £250,000 being held in an earmarked reserve. However, there is a risk that the Council's financial liability could increase from this level.

35 TRUST FUNDS

The Council acts as a sole or custodian trustee for 2 trust funds, and as one of several trustees for a further 2 funds. The funds do not represent assets of the Council and they have not been included in the Council's Balance Sheet. The Council also administers a fund on behalf of third parties.

The third party funds are made up of savings and property of residents in the Council's care.

Non-domestic rates

The Council collects non-domestic rates for its area which are based on local rateable values (set by the Valuation Office) multiplied by a uniform business rate set by Central Government. There are 2 multipliers- the small business non-domestic rating multiplier, which is applicable to those that qualify for small business rate relief, and the non-domestic rating multiplier, which includes the supplement to pay for the small business rates relief scheme.

For 2017/18 the non-domestic rating multiplier was 47.9p (49.7p for 2016/17), which was made up of a small business rating multiplier of 46.6p plus a supplement of 1.3p. The total non-domestic rateable value at 31 March 2018 was £119,238,375 (£128, 856,802 at 31 March 2017). The reduction followed a full revaluation of business rates properties nationally and the issue of a new rating list (the 2017 list) by the Valuation Office Agency with effect from 1 April 2017.

Calculation of the council tax base

The council tax base is the number of chargeable dwellings in each valuation band (A to H), adjusted for dwellings where exemptions or discounts apply, and converted to an equivalent number of band D dwellings.

In 2017/18 the calculation of the tax base for council tax setting purposes was based on a total of 60,605 (60,878 in 2016/17) residential properties (taken from a list prepared by the Government's Valuation Office). After taking account of discounts, exemptions and disabled relief these equate to 43,373 chargeable dwellings or 34,717 band D equivalent properties, as analysed in the table below.

Valuation Band	Total equivalent number of dwellings after discounts, exemptions and disabled relief	Chargeable Band D Equivalents
A	22,072	14,707
B	7,378	5,739
C	6,984	6,208
D	3,831	3,831
E	1,823	2,228
F	695	1,004
G	535	891
H	55	109
Total	43,373	34,717

ACCOUNTING POLICIES

ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED

The Council is required to disclose the impact of an accounting change required by a new accounting standard that has been issued on or before 1 January 2018 but not yet adopted by the Code of Practice on Local Authority Accounting in the United Kingdom (the Code). The 2018/19 Code will introduce the following amendments:

IFRS 9 *Financial Instruments*

IFRS 9 replaces International Accounting Standard (IAS) 39 - *Financial instruments: recognition and measurement*. It includes changes to the classification of financial assets and a forward looking 'expected loss' model for impairment rather than the 'incurred loss' model under IAS 39.

The change will result in more investments classified as 'fair value through profit and loss' where any gains or losses will impact on the general fund of the Council. Previously any changes in the fair value of these investments were only recognised in the general fund when the asset was sold. Additionally, the potential losses on investments are also to be charged to the revenue account in case actual losses are incurred in the future.

IFRS 15 *Revenue from Contracts with Customers*

IFRS 15 replaces IAS 11 – *Construction contracts* and IAS 18 – *Revenue and related interpretations*. The objective is to provide useful information to users of the financial statements regarding the nature, amount, timing and uncertainty of revenue from contracts as revenue is only recognised as and when the performance obligations of the contract are satisfied.

The impact for local authorities is the requirement to recognise revenue from contracts to reflect the transfer of goods or services to customers and the amount to which the authority expects to be entitled for that transfer. It excludes leases, financial instruments, insurance contracts, council tax and non-domestic rates income.

Amendments to IAS 12 *Income Taxes: Recognition of Deferred Tax Assets for Unrealised Losses*

This applies to deferred tax assets related to debt instruments measured at fair value and is not applicable to the Council's debt arrangements.

Amendments to IAS 7 *Statement of Cash Flows: Disclosure Initiative*

The amendments require additional disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes.

CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out on the following pages the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the statement of accounts are:

Funding

There continues to be a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of the need to close facilities, and reduce levels of service provision.

ACCOUNTING POLICIES

Market lease

The Council considers that the terms of the lease agreement in respect of Blackburn Market within the shopping centre does not transfer substantially all the risks and rewards incidental to ownership of the property, plant and equipment. The primary factors in determining this treatment were the non-specialist nature of the space rented, the separate accounting treatment of the specialist fixtures and fittings within the space, and the duration of the lease compared to the full economic life of the asset. The lease has, therefore, been treated as an operating lease and rentals paid under the terms of the lease are charged to the Comprehensive Income and Expenditure Statement.

Accounting for schools

In assessing the most appropriate accounting treatment for balances and transactions in relation to schools, the Council has considered the circumstances of each of the categories of school, such as ownership, control and access to economic benefits and service potential. Further details are included in Note 15.

ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2018 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Assumptions	Degree of uncertainty
Property, plant and equipment – valuation	
<p>The Code prescribes the detailed bases for measuring the different classes of property, plant and equipment (PPE). Valuations are performed by Capita Symonds, property consultants to the Council, using qualified valuers, using recognised measurement techniques and based on professional guidance.</p> <p>The Council commissions a rolling programme of valuations, which meets the Code requirements to revalue assets every 5 years as a minimum. Assets on which material capital work has been completed in year are also revalued, and an annual review is carried out to consider impairment of properties and to ensure that property valuations are not materially different to the carrying amount in the Balance Sheet.</p>	<p>The total gross valuation of PPE assets at 31 March 2018 is £480.9 million (see note 13 for further analysis).</p> <p>Since valuations are compiled by an expert using recognised measurement techniques and based on professional guidance, the underlying data is considered to be reliable and the scope to use judgement and change assumptions limited.</p>
Property, plant and equipment/intangible assets – depreciation/amortisation	
<p>Depreciation/amortisation is the systematic allocation of the cost/fair value of an asset, less its residual value, over its useful life. The calculations of amounts for the year are generated by the Council's asset register software system, although the residual value and useful life are estimates.</p> <p>For property assets, residual values are unlikely to be</p>	<p>Whilst total depreciation/amortisation for 2017/18 was material at £14.1 million (see Notes 13 & 18) there were no material depreciation charges for individual assets with the highest depreciation charge being £687,800.</p> <p>For property assets, since useful lives are estimated by an expert based on professional guidance, the scope</p>

ACCOUNTING POLICIES

<p>material. Useful lives are estimated by the Council's property consultants based on professional guidance and are reviewed on revaluation of the asset.</p> <p>For non-property assets, only the residual value and useful life are estimates because the assets are held at cost. The Council seeks advice from the supplier on useful lives and requires asset managers to estimate the remaining useful life of assets as part of the annual asset verification arrangements.</p>	<p>to use judgement and change assumptions is limited. Also, given that property assets have relatively long asset lives, the estimates are less sensitive to changes in assumptions.</p> <p>For non-property assets, the estimated remaining useful lives are reviewed as part of the annual asset verification arrangements, which mitigates the risk of the sensitivity to changes in assumptions, given the relatively short asset lives.</p>
---	---

Private finance initiative (PFI) schemes

<p>The Council's Building Schools for the Future (BSF) project included a number of schools funded under a PFI arrangement. The PFI contract is considered to be a service concession as defined in IFRIC 12, with the Council having control of the services provided through the use of the schools throughout the period of the contract.</p> <p>The Council pays the operator for the specified services over the life of the arrangement. The contract includes performance standards. It also sets the initial prices to be levied by the operator and regulates price revisions over the term of the arrangement.</p>	<p>Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable whilst the capital expenditure remains to be reimbursed.</p> <p>As the PFI model uses recognised measurement techniques and the Council has engaged professional advisors, the underlying data is considered to be reliable and the scope to use judgement and change assumptions limited. See Note 28 for further details.</p>
--	--

Impairment of debtors

<p>In this context, the concept of "impairment" involves the assessment of the likelihood of a debt being recovered. Where it is considered likely that a debt will not be paid then the carrying amount will be adjusted to the probable recoverable amount of zero.</p> <p>The Council carries out a regular assessment of aged debt information from the sundry debtors system. In general, 100% provision is made for debts over two years old, and 50% provision for debts over one year old. In addition, individual debts over £10,000 are considered separately.</p> <p>For council tax and business rates debts, a review is made of collectability in line with current debt recovery performance data.</p>	<p>Although the total of provisions for likely bad debts (£14.6 million) is material in relation to the total of short term debtors in the Council's Balance Sheet (£30.2 million), the year on year assessments based on aged debt analysis have not highlighted the need for any significant in year movements and the assumptions appear reasonable in the light of subsequent events.</p> <p>These impairment amounts reduce the Short Term Debtors analysed in Note 22.</p>
---	--

Provisions

<p>There are 5 provisions included within the Council's Balance Sheet, 3 of which are in respect of potential damage or injury claims being made against the Council. A further provision relates to a loan guarantee made by the Council.</p> <p>Since the introduction of the Business Rates Retention Scheme from 1 April 2013, billing authorities are required to make provisions for refunding ratepayers who have successfully appealed against the rateable value of their properties on the rating list. The total provision is calculated by the Council (as billing authority) on behalf of the major preceptor (Lancashire Combined Fire Authority), central government and itself. The amount appearing in the Council's balance sheet has been adjusted to include only its share (49%)</p>	<p>The main cause of estimation uncertainty relates to the timing and outcome of claims made against the Council. In order to mitigate this level of uncertainty:</p> <ul style="list-style-type: none"> • detailed monitoring of outstanding/potential insurance claims is carried out throughout the year. • the Council's future estimated liability under the MMI Scheme of arrangement is based on expert information provided by the scheme administrator. • the potential refunds to business ratepayers has been calculated using the Valuation Office (VOA) ratings list of appeals and the analysis of successful appeals to date. <p>The total value of provisions is not considered to be material (£3.209 million at 31 March 2018 and £4.549 million at 31 March 2017). See 25 Note for details.</p>
---	---

ACCOUNTING POLICIES

of the provision.	
Pensions liability	
<p>Estimation of the liability to pay pensions within the Local Government Pension Scheme depends on a number of complex judgements relating to: the rate for discounting scheme liabilities; the rate at which salaries are projected to increase; changes in retirement ages and mortality rates; and expected returns on pension fund assets. A firm of actuaries is engaged by the Lancashire County Pension Fund to provide all the authorities within that fund with expert advice about the assumptions to be applied in calculating the IAS19 figures for accounting purposes.</p>	<p>Regulations governing pension funds ensure the solvency of the fund is protected. A full actuarial valuation is required to be carried out every 3 years, with a projected deficit on the fund being made good by increased contributions from scheme members.</p> <p>Although the net pension liability has a significant impact on the Council's Balance Sheet, the regulatory arrangements for funding the deficit mitigates any risk to the financial position of the Council.</p> <p>See Note 31 for further details.</p>
Fair values estimated for financial Instruments	
<p>The Code requires that fair values for financial instruments are estimated and, where appropriate, reported.</p> <p>Such estimates require technical calculations and knowledge of market conditions prevailing at the valuation dates.</p> <p>The Council uses its professional treasury advisers, Arlingclose, to support this process, and to undertake most of the calculations.</p>	<p>The work done by Arlingclose uses expert understanding of market conditions, and recognised measurement techniques, so the estimates reflected in the financial statements and the underlying data used to calculate them are both considered to be reliable and the scope to use judgement and change assumptions limited.</p>

GENERAL PRINCIPLES

The Statement of Accounts summarises the Council's transactions for the financial year 2017/18 and its position at the year-end of 31 March 2018. The Accounts and Audit (England) Regulations 2015 require the Council to produce an Annual Statement of Accounts, prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 (the Code), supported by International Financial Reporting Standards (IFRS).

The accounts are prepared on a going concern basis and the accounting convention adopted is principally historical cost modified for the valuation of certain categories of non-current assets and financial instruments.

The Code of Practice specifies the principles and practices of accounting required to prepare a Statement of Accounts which provides a true and fair view of the financial position and transactions of the Council and is based on approved international accounting standards, except where these might conflict with specific statutory accounting requirements.

In accordance with the Code, the Council has selected a number of accounting policies which it feels are the most suitable to its particular circumstances for the purpose of providing a true and fair view of the financial position and transactions of the Council. Policies are reviewed regularly to ensure their appropriateness and are changed as necessary to maintain this position.

The concepts that the Council has regard to in selecting and applying these policies are:

<p>Qualitative characteristics of financial information:</p> <ul style="list-style-type: none"> • Understandability • Relevance • Reliability • Comparability 	<p>Revenue accounting concepts:</p> <ul style="list-style-type: none"> • Accruals • Going concern • Primacy of legislative requirements
---	--

ACCOUNTING POLICIES

Accounting policies can be defined as the principles, bases, conventions, rules and practices applied that specify how the transactions and other events are to be reflected in the financial statements through recognising, selecting measurement bases for, and presenting assets, liabilities, gains, losses and changes in reserves.

ACCRUALS OF EXPENDITURE AND INCOME

The expenditure and income of the Council is accounted for in the financial year in which the activity it relates to takes place, regardless of when cash payments are made or received. Where expenditure and income have been recognised but cash has not been paid or received a creditor or debtor for the relevant amount is recorded in the Balance Sheet. Where it is doubtful that debts will be settled, the balance of the debtor is written down and a charge made to revenue for the income that might not be collected.

Supplies and services are recorded as expenditure when they are received. When they are held for future use they are carried as inventories on the Balance Sheet. Fees, charges and other amounts due are recorded as income when goods are sold or services delivered.

Interest receivable on investments, or payable on borrowing, is accounted for on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.

Council tax and non-domestic rates are accrued for in the same way as other Council income, and are recognised in the Taxation and Non-specific Grant Income line within the Comprehensive Income and Expenditure Statement when it is probable that the economic benefits or service potential associated with the transaction will flow to the Authority, and the amount of the revenue can be measured reliably. As a billing authority the difference between the council tax and non-domestic rates income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund shall be taken to the Collection Fund Adjustment Account and reported in the Movement in Reserves Statement. Each major preceptor's share of the accrued council tax and non-domestic rates income will be available from the information that is required to be produced in order to prepare the Collection Fund Statement.

CARBON REDUCTION COMMITMENT SCHEME

The Council is required to participate in the Carbon Reduction Commitment (CRC) energy efficiency scheme and is required to purchase and surrender allowances, currently retrospectively, on the basis of emissions, i.e. carbon dioxide, produced as energy is used. Phase 1 ran from April 2010 until the end of March 2014. The second phase runs from 1 April 2014 to 31 March 2019.

As carbon dioxide is emitted, a liability and an expense are recognised. The liability will be discharged by surrendering allowances. The liability is measured at the best estimate of the expenditure required to meet the obligation, normally at the current market price of the number of allowances required to meet the liability at the reporting date. The cost to the Council is recognised and reported in the costs of the Council's services and is apportioned to services on the basis of energy consumption.

CASH AND CASH EQUIVALENTS

Cash consists of cash in hand and deposits with financial institutions repayable without penalty on demand i.e. current and instant access accounts. Cash equivalents are investments that are readily convertible to cash with up to one month's notice, with insignificant risk of change in value, for example constant net asset value Money Market Funds.

Fixed term investments are viewed as investments rather than cash equivalents, even if the outstanding period falls below one month at the date of the accounts, because of the uncertainty over the degree to which they may be readily convertible to cash.

ACCOUNTING POLICIES

In the cash flow statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand.

CHARGES TO REVENUE FOR NON-CURRENT ASSETS

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- Amortisation of intangible assets attributable to the service

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisations. Instead it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement (Minimum Revenue Provision). This is achieved by means of an adjustment between the General Fund balance and the Capital Adjustment Account in the Movement in Reserves Statement.

EMPLOYEE BENEFITS

Benefits payable during employment

Employee benefits including salaries, paid annual leave, paid sick leave and non-monetary benefits (for example the value of lease cars) are charged to the surplus or deficit on the provision of services. An accrual is made for the cost of holiday entitlements (including flexi leave or time off in lieu) earned by employees but not taken before the year end which employees can carry forward into the next financial year. The accrual is made at the salary rates applicable in the year in which the employee takes the benefit. The accrual is charged to the relevant service revenue account in the Comprehensive Income and Expenditure Statement but then reversed out through the Accumulated Absences Adjustment Account in the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy. The liability for termination benefits is recognised at the point when the Council can no longer withdraw the offer of benefits or when the Council recognises costs for a restructuring that involves the payment of termination benefits. The charge is made to the relevant service line in the Comprehensive Income and Expenditure Statement.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners.

Post-employment benefits

Employees of the Council are members of 3 separate pension schemes:

ACCOUNTING POLICIES

- Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE)
- The NHS Pension scheme, administered by EA Finance NHS Pensions
- The Local Government Pension Scheme (LGPS), administered by Lancashire County Council

These schemes provide defined benefits to members (retirement lump sums and pensions), earned as employees working for the Council. However, the arrangements for the teachers' and NHS schemes mean that liabilities for these benefits cannot ordinarily be identified specifically to the Council. These schemes are therefore accounted for as if they are a defined contribution scheme and no liability for future payments of benefits is recognised in the Balance Sheet. The Children's and Education Services line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to Teachers' Pension Scheme in the year. The Public Health line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to the NHS Pension Scheme in the year.

The Lancashire County Pension Scheme is accounted for as a defined benefits scheme.

The liabilities of the Lancashire County Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates and projections of future earnings for current employees.

Liabilities are discounted to their value at current prices using a discount rate based on the market yields at the reporting date on high quality corporate bonds.

The assets of the Lancashire County Pension Fund attributable to the Council are included in the Balance Sheet at their fair value.

The change in the net pension's liability is analysed into the following components:

Service cost comprising:

- Current service cost – the increase in liabilities as a result of years of service earned this year. This is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
- Past service cost - the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years. These are charged to the surplus or deficit on the provision of services in Comprehensive Income and Expenditure Statement as part of non-distributed costs.
- Any gain or loss on settlement – arising when the Council enters into a transaction that eliminates all further legal or constructive obligations for part or all of the benefits provided under a defined benefit plan.

Net interest on the net defined benefit liability comprising:

- The change during the period of the net defined benefit liability that arises from the passage of time. This is charged to the Comprehensive Income and Expenditure Statement within the financing and investment income and expenditure line.

Re-measurement of the net defined benefit liability comprising:

- The return on plan assets, excluding amounts included in net interest on the net defined benefit liability.

ACCOUNTING POLICIES

- Actuarial gains and losses - changes in the present value of the defined benefit obligation resulting from: a) experience adjustments (the effects of differences between the previous actuarial adjustments and what has actually occurred) and b) the effects of changes in actuarial assumptions.

Contributions by scheme participants

- The increase in scheme liabilities and assets due to payments made into the scheme by employees (where increased contribution increases pensions due to employees in the future).

Contributions by the employer

- The increase in scheme assets due to payments made into the scheme by the employer.

Benefits paid

- Payments to discharge liabilities directly to pensioners.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. This is achieved by transfers between the pensions fund and the general fund to remove the notional debits and credits for retirement benefits and replace them with amounts actually paid to the pension fund and pensioners and amounts accrued at the year end. The negative balance on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits earned by employees.

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities arising are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

EVENTS AFTER THE BALANCE SHEET DATE

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

FAIR VALUE MEASUREMENT

The Council measures some of its assets and liabilities at fair value at the end of the reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or

ACCOUNTING POLICIES

b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council uses external Valuers to provide a valuation of its assets and liabilities in line with the highest and best use definition within the accounting standard. The highest and best use of the asset or liability being valued is considered from the perspective of a market participant.

Inputs to the valuation techniques in respect of the Council's fair value measurement of its assets and liabilities are categorised within the fair value hierarchy as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – unobservable inputs for the asset or liability.

FINANCIAL INSTRUMENTS

Financial instruments arise when contracts create financial assets and liabilities, and these are recognised on the Council's Balance Sheet. Typical financial assets include bank deposits, investments and loans by the Council and amounts receivable whilst financial liabilities include amounts borrowed by the Council and amounts payable.

Financial assets

Financial assets are classified into 2 types:

- Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market
- Available for Sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments

Loans and receivables

Loans and receivables are recognised in the Balance Sheet when the Council becomes a party to the relevant contractual provisions and are initially measured at fair value, then subsequently measured at amortised cost.

For most of the Council's loans and receivables the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and the interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

However, the Council has a share in "soft loans", charging less than market rates. If there is a material difference, a charge is made to the Comprehensive Income and Expenditure Statement (debited to the appropriate service), reflecting the present value of the interest foregone over the life of the instrument and the amortised value of the loan on the Balance Sheet is correspondingly reduced. Over the life of the loan, interest is then credited to the Comprehensive Income and Expenditure Statement at a higher effective rate of interest than the rate receivable on the soft loan, with the difference serving to increase the amortised value of the loan back towards its nominal value at redemption.

However, statutory provisions require that the impact of soft loans on the General Fund Balance is the interest receivable in the financial year – in this case nil.

ACCOUNTING POLICIES

Available for sale assets

The Council recognises its holdings in Money Market Funds as available for sale assets. These are initially recognised at fair value (the price paid for the holding) and as the holdings are all at constant net asset value, there are no subsequent adjustments to value required and no Assets for Sale Reserve.

Impairment of financial assets

If assets are identified as impaired because of a likelihood arising from a past event that payments due will not be made, the asset is written down and a charge made to the relevant service or to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on derecognition of an asset are credited or debited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement. For all financial instruments any differences between charges made to the Comprehensive Income and Expenditure Statement and those required to be met from the General Fund balance are managed by transfers to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement. This includes adjustments in respect of stepped interest rate loans, and regulatory requirements in respect of certain debt restructuring and soft loans.

Financial liabilities

Financial liabilities are initially measured at fair value and are subsequently carried at their amortised cost.

For most of the Council's borrowings, this means that the amount on the Balance Sheet is the outstanding principal repayable (plus accrued interest); and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

However, the Council has taken some market loans subject to "stepped" interest rates, where the initial rates payable were lower than over the rest of the loan. Interest charges for these loans are averaged out over the life of each loan and effective interest rates are used to calculate their amortised cost for the Balance Sheet. As the loans were taken before 9 November 2007, however, this impacts on the Financial Instruments Adjustment Account and does not fall on General Fund balances.

Gains or losses on the repurchase or early settlement of borrowings are shown (on the Financing and Investment Income and Expenditure line) in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, if the loan portfolio is restructured with a modification or exchange of existing instruments any premium/discount is included in the amortised cost of the new/modified loan and the impact on the Comprehensive Income and Expenditure Statement is spread over the life of the loan.

Regulations allow the cost of premiums to be spread over the remaining life of the loan repaid or over the life of any replacement loan whichever is longer. Discounts must be spread over the remaining life of the loan repaid or 10 years, whichever is shorter. In these circumstances, the Council spreads the cost of the premium over the remaining life of the replacement debt, whilst discounts are written back over 10 years.

GOVERNMENT GRANTS AND OTHER CONTRIBUTIONS

Government grants and other contributions or donations are recognised in the accounts when the conditions for their receipt have been complied with.

ACCOUNTING POLICIES

Grants and contributions for which conditions have not been satisfied are included in the Balance Sheet within the relevant grants receipts in advance account. When conditions are satisfied, the grant or contribution is credited to the relevant service line in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund balance in the Movement in Reserves Statement. Where the grant has not yet been used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been used to fund capital expenditure, it is posted to the Capital Adjustment Account.

HERITAGE ASSETS

Heritage assets are those non-current assets with historical, artistic, scientific, technological, geophysical or environmental qualities that are held principally for their contribution to knowledge or culture. These assets have an indeterminate life and are subject to appropriate conservation measures, therefore, depreciation is not charged on heritage assets.

They are recognised and measured largely in accordance with the Council's accounting policies on property, plant and equipment although valuation of the Council's heritage assets has included a degree of estimation.

With respect to the Council's collection of art, books and manuscripts, civic regalia and other artefacts, items with a value of £25,000 or over are recognised in the Balance Sheet at the insurance valuation, which is based on market values. The schedule of items held within this category is reviewed each year and adjusted for additions and deletions or impairments. Formal valuations are reviewed and updated when items are being loaned out to other organisations or where it is considered that there has been a material change to the condition of an asset.

Public/street art, monuments and statues are included in the Balance Sheet at historic cost where such information is available. Heritage assets such as Darwen Jubilee Tower, the War Memorial and various statues have not been recognised in the Balance Sheet as recent information on cost is not available or the cost of obtaining the information outweighs the benefit to the users of the financial statements.

Historic buildings that have been identified as having heritage characteristics are all used by the Council for operational purposes and are accounted for within the Council's Balance Sheet as property, plant and equipment. Examples include Blackburn Town Hall, King George's Hall, Blackburn Museum, Lewis Textile Museum, Corporation Park conservatory and Turton Tower.

The museum recognises its responsibility to work within the parameters of the Museum Association Code of Ethics when considering acquisition and disposal. If an item becomes unsuitable for the collections it may be transferred to a more suitable venue, which is likely to be another museum or gallery. There is a process for removing items from a Museum's collection which is very controlled and specific. The guiding principal for this is the Disposal Digest put together by the Museums Association and available on their web site.

INTANGIBLE ASSETS

Expenditure on assets that do not have physical substance, for example software licences which are purchased separately from the purchase of hardware, is capitalised when it will bring economic benefits to the Council for more than one year. This category of asset is shown separately on the Balance Sheet. Intangible assets are measured initially at cost which is amortised over the economic life to reflect the pattern of consumption. The charge is made to the relevant service line in the Comprehensive Income and Expenditure Statement. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible assets held by the Council meet this criterion.

ACCOUNTING POLICIES

Regular impairment reviews are carried out and any losses recognised are posted to relevant service line in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the other operating expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses, and disposal gains and losses are reversed out of the General Fund balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve for any sale proceeds over £10,000.

The only type of asset that is accounted for as intangible is IT software. Where the software is an integral part of a particular piece of hardware, the two items are treated as one property, plant and equipment asset.

All software is given a finite useful life of between 3 and 5 years, based on assessments of the period that the software is expected to be of use to the Council and amortised on a straight-line basis.

The amortisation is charged to a support services cost centre and then absorbed as an overhead across all service headings in the cost of services. It is not possible to quantify exactly how much of the amortisation is attributable to each service heading.

INVENTORIES

The Council's inventories are valued on a variety of bases depending on the nature of the items involved. These bases include cost, average cost and first in first out.

The Code requires inventories to be included in the Balance Sheet at the lower of cost and net realisable value. The different treatment of stocks is not considered to be material.

INVESTMENT PROPERTY

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale. Industrial and commercial properties held by the Council are not considered to be held solely to earn rentals and/or for capital appreciation. Rather, they are held for regeneration, planning reasons and estate management and, therefore, have been classified as property, plant and equipment.

Investment properties are measured at cost and subsequently fair value. Properties are not depreciated but are revalued annually according to market conditions at year end. Gains and losses on revaluation or disposal are posted to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement.

Rentals received in relation to investment properties are credited to the financing and investment income and expenditure line and result in a gain for the General Fund balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund balance. The gains and losses are therefore reversed out of the General Fund balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000 the Capital Receipts Reserve.

LEASES

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the elements are considered separately for classification.

ACCOUNTING POLICIES

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as lessee

Finance leases

Assets held under a finance lease are recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred. Lease payments are apportioned between a finance charge, debited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement and the principal element, applied to write down the lease liability.

Assets recognised under finance leases are accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where the ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment are therefore substituted by a revenue contribution in the General fund balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased asset. Charges are made on a straight line basis over the life of the lease; even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as lessor

Finance leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal and charged to the other operating expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. The Council's net investment in the lease is credited to the same line matched by a long term debtor in the Balance Sheet. Lease rentals receivable are apportioned between finance income credited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement and the principal element applied to write down the long term debtor.

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where an amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund

ACCOUNTING POLICIES

balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund balance in the Movement in Reserves Statement.

Operating leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the balance sheet. Rental income is credited to the other operating expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments. Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis of rental income.

PRIVATE FINANCE INITIATIVES (PFI)

PFI and similar contracts are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As the Council is deemed to control the services that are provided under its PFI schemes, and as ownership of the property, plant and equipment will pass to the Council at the end of the contracts for no additional charge, the Council carries the assets used under the contracts in its Balance Sheet as part of property, plant and equipment.

The original recognition of these assets at fair value will be balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment.

Non-current assets recognised on the Balance Sheet will be revalued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the PFI operators each year are analysed into 5 elements:

- Fair value of the services received during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement
- Finance cost – an interest charge on the outstanding balance sheet liability, debited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement
- Contingent rent – increases in the amount to be paid for the property arising during the contract, debited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement
- Payment towards liability – applied to write down the Balance Sheet liability towards the PFI operator
- Lifecycle replacement costs – a proportion of the amounts payable is posted to the Balance Sheet as a prepayment and then recognised as additions to property, plant and equipment when the relevant works are eventually carried out

ACCOUNTING POLICIES

PRIOR PERIOD ADJUSTMENTS, CHANGES IN ACCOUNTING POLICIES AND ESTIMATES, AND ERRORS

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Where a change in accounting policy is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

PROPERTY, PLANT AND EQUIPMENT

Assets that have physical substance, that are held for use in the production or supply of goods and services, for rental to others or for administrative purposes, and that are expected to be used during more than one financial year are classified as property, plant and equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of property, plant and equipment is capitalised on an accruals basis, provided it exceeds the de minimis threshold of £10,000 and provides economic benefits to the Council for a period of more than one year.

Expenditure that maintains but does not enhance the asset or add to its potential to deliver future economic benefits or service potential is charged as an expense when it is incurred (i.e. repairs and maintenance).

Measurement

An asset is initially measured at cost, comprising:

- The purchase price
- Any costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the case of an asset being acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the taxation and non-specific grant income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain would be held in a Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund balance in the Movement in Reserves Statement.

Assets are then held on the balance sheet using the following measurement bases:

- Infrastructure and community assets - depreciated historical cost
- Assets under construction - historical cost

ACCOUNTING POLICIES

- Surplus Assets – fair value, determined by the measurement of the highest and best use value of the asset.
- all other operational assets – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value. For non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value.

Land and buildings included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year end, but as a minimum every 5 years. Valuations are undertaken by qualified valuers, with current experience and knowledge of the state of the market, in accordance with latest appraisal and valuation standards set by the Royal Institution of Chartered Surveyors (RICS).

When an asset is revalued, any accumulated depreciation and impairment at the date of valuation is eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

A decrease in value will be charged firstly against any balance held in the Revaluation Reserve. If this is insufficient or non-existent, the charge is made to the relevant service line in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that have been consolidated into the Capital Adjustment Account.

Valuations of vehicles, plant, furniture and equipment are based on current prices, where there is an active second hand market or latest list prices adjusted for the condition of the asset. Infrastructure assets, community assets, and assets under construction are measured at historic cost.

Impairment

Assets are reviewed annually for impairment. Impairment losses are charged against revaluation gains held in the Revaluation Reserve. If these are inadequate then the loss is charged to the relevant line in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is subsequently reversed, the reversal is credited to the relevant service line in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all property, plant and equipment assets calculated on the following bases:

- Buildings - straight line allocation over the useful life of the property (up to 60 years) as estimated by the valuer
- Vehicles, plant, furniture and equipment – straight line allocation over 1-20 years, as advised by a suitably qualified officer
- Infrastructure – straight line allocation over 2-40 years

An exception is made for assets without a determinable useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use for example assets under construction.

ACCOUNTING POLICIES

The standard approach is that newly acquired assets are not depreciated in the year of acquisition, and assets in the course of construction are not depreciated until they are brought into use. An exception to this is in respect of vehicles purchased outright when this represents better value for money than leasing. Depreciation is also charged on PFI schemes in the year the asset is recognised on the Balance Sheet, in order to be consistent with the minimum revenue provision (MRP) calculation. In these cases a full year's depreciation is charged in the initial year.

Where an item of property, plant and equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been charged based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and non-current assets held for sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use (i.e. it is being "actively marketed"), it is reclassified as an asset held for sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and current value less costs to sell. Where there is a subsequent decrease to current value less costs to sell, the loss is posted to the other operating expenditure line of the Comprehensive Income and Expenditure Statement. Gains in current value are recognised only up to the amount of any previous losses recognised in the surplus or deficit on provision of services. Depreciation is not charged on assets held for sale.

If assets subsequently fail to meet the criteria to be classified as assets held for sale, they are reclassified back to non-current assets and valued at their original value adjusted for depreciation, amortisation or revaluations that would have applied.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the other operating expenditure line of the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals are credited to the same line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the revaluation reserve are transferred to the capital adjustment account.

Amounts received for disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to former housing disposals (75% for land and other assets, net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the usable Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement).

The written off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account in the Movement in Reserves Statement.

PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions

A provision is made when an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation but where the timing is uncertain. For example, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

ACCOUNTING POLICIES

Provisions are charged as an expense to the appropriate line of the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation.

When payments are eventually made, they are charged to the provision carried on the Balance Sheet. Estimated settlements are reviewed at the end of each financial year and where it becomes less than probable that a transfer of economic benefits will now be required or the settlement will be lower than anticipated, then the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

Contingent liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet, but disclosed in a note to the accounts.

RESERVES

The Council sets aside specific amounts as reserves for future policy purposes (earmarked reserves) or to cover contingencies (unallocated balances). Reserves are created by appropriating amounts out of the General Fund balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred it is charged to the appropriate service in that year so that it is included in the surplus or deficit on the provision of services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets (Revaluation Reserve and Capital Adjustment Account), financial instruments, retirement and employment benefits and do not represent usable resources for the Council.

REVENUE EXPENDITURE FUNDED FROM CAPITAL UNDER STATUTE (REFCUS)

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Such expenditure generally relates to grants issued by the Council or expenditure on property not owned by the Council. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer is made to the Movement in Reserves Statement from the Capital Adjustment Account, which reverses out the amounts charged so that there is no impact on the level of council tax.

ACCOUNTING POLICIES

VALUE ADDED TAX (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs (HMRC). VAT receivable is excluded from income.

Foreword by the Deputy Chief Executive – Chair of the Primary Assurance Group

Blackburn with Darwen Borough Council recognises that there always will be risks that it must manage effectively. Whilst it recognises that due diligence will not always ensure that it gets things right first time, it continues to put in place assurance frameworks and enhance existing arrangements that are intended to ensure that its system of governance is fit for purpose and has flexibility to meet the challenges that the change agenda brings.

The Resources Directorate has continued to promote the Council's strategic approach to governance and assurance. The developments in governance in 2017/18 included:

- Complete review and refresh of the Council's Constitution following the Boundary Commission's recommendations for the Blackburn with Darwen Unitary Authority, including:
 - o Revised political arrangements;
 - o Revised Overview and Scrutiny arrangements; and
 - o Rewrite and update of the Code of Corporate Governance.
- Completion of director assurance statements, which closely reflect the seven principles of good governance in support of the Annual Governance Statement.
- Ongoing work to implement the information governance strategy and related policies and procedures, including work to ensure compliance with the requirements of the General Data Protection Regulations.
- Continuing embedding of information security awareness through the e-learning toolkit, and monitoring staff completion of training.
- The development and implementation of a Counter Fraud Risk Register.
- Ongoing use of the revised risk register template to improve the monitoring arrangements.
- Revision of the Medium Term Financial Plan and Capital Programme, which included a senior management structure review and amendments to the roles and responsibilities of chief officers.
- Annual Audit & Governance Committee self-assessment arrangements to evaluate its effectiveness.
- The ongoing formalised, structured member training programme.
- The Audit & Governance Committee routinely inviting senior officers to attend meetings and holding them to account for actions to address significant issues identified by Audit & Assurance
- The review of significant partnerships and external bodies the Council is represented on to confirm the Council representation is appropriate and the governance arrangements in place are adequate.
- Detailed review and challenge of corporate risks by the Audit & Governance Committee.

SCOPE OF RESPONSIBILITY

Blackburn with Darwen Borough Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for and used economically and effectively. It also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

DRAFT ANNUAL GOVERNANCE STATEMENT

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, which includes arrangements for the management of risk.

The Audit & Governance Committee fulfils the core functions of an audit committee, as identified in CIPFA's *Audit Committees - Practical Guidance for Local Authorities and Police (2013 Edition)*. It monitors and responds to the work of internal and external audit and has overall responsibility for reviewing the framework of corporate governance.

The Council has approved and adopted a code of corporate governance which is consistent with the principles of the CIPFA/SOLACE Framework "Delivering Good Governance in Local Government 2016". A copy of the Code is on our website at www.blackburn.gov.uk; it is contained within the Constitution. This statement explains how Blackburn with Darwen Borough Council has complied with the code and it meets the requirements of regulation 6 of the Accounts and Audit Regulations 2015, which requires all relevant bodies to prepare an Annual Governance Statement.

THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems, processes, culture and values by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and it can therefore only provide reasonable, and not absolute, assurance of effectiveness. It is based on a continuous process that is designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of both those risks being realised and their impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at Blackburn with Darwen Borough Council for the year ended 31 March 2018 and up to the date of approval of the annual statement of accounts.

THE GOVERNANCE FRAMEWORK

The Council has had robust corporate governance and management arrangements in place for many years which have led to good financial management, the delivery of efficiencies and planned investment in priorities. The Council is already implementing improvements to these business systems and processes.

Some of the key features of the governance framework are set out in the following paragraphs.

1. Identify and communicate the vision and intended outcomes for citizens and service users.

The Council has a Corporate Plan in place which is reviewed annually and approved at Policy Council. This was developed using the latest information about the needs of the people of Blackburn with Darwen including the challenges and opportunities it faced as an organisation and borough at that time, as well as responding to issues that residents identified, focusing on what is needed to achieve the identified priorities over the period of the plan. The plan is published on the Council website.

Corporate Plan targets are monitored at departmental management team meetings prior to being taken to, six monthly challenge meetings, at quarter 2 (half year reporting) and quarter 4 (year-end reporting) with directors from Resources, People and Place, the Deputy Chief Executive and a strategy & funding team officer.

DRAFT ANNUAL GOVERNANCE STATEMENT

The challenge meetings provide a robust integrated performance challenge framework that focuses on identifying key issues and cross-cutting problems from the Corporate Plan performance metrics, Management Accountabilities Framework (MAF) dashboard reports and HR issues, such as sickness and Health & Safety, are also challenged for all portfolios. Highlighted issues are discussed fully and remedial actions agreed.

Priority issues are highlighted for progression to executive team prior to being included in the Executive Board performance reports which are challenged at Policy Development Sessions (PDS) by the leader and executive members prior to final overall performance reporting and challenge at Executive Board or Policy Council.

The Medium Term Financial Strategy (MTFS) is reviewed at Finance Council, and builds upon the priorities agreed at Policy Council and identified within the Corporate Plan.

2. Review the vision and its implications for the authority's governance arrangements.

The Council's vision is guided and influenced by the longer term community vision, which is owned by the Local Strategic Partnership (LSP) and is currently encapsulated within the 2030 vision statement.

In addition the LSP has developed and launched a medium term plan: "Plan for Prosperity 2014-20" which was endorsed by the Local Government Association Health and Wellbeing Board peer review team.

The Council reviews its vision, which is focused on short to medium term ambitions, as and when required, for example when new priorities emerge or if there is a change of leadership. Changes to the vision and ambitions are generally consulted upon with executive members, chief officers and overview and scrutiny chairs, prior to annual Policy Council, which discusses and ratifies the vision and priorities.

The Council achieves good governance by working with the LSP to provide the vision for its communities and leading by example in its decision-making processes and its service delivery.

3. Translate the vision into objectives for the authority and its partnerships.

The Council plays a key role within the Blackburn with Darwen LSP, which is an overarching body made up of representatives from the public sector, local business and the voluntary, community and faith sectors. The aim of the partnership is to help make the borough the best it can possibly be, and all members of the LSP Board are committed to delivering improvements for the borough, which are outlined in the Plan for Prosperity.

The priorities are:

- Infrastructure and housing
- Business investment and innovation
- Employability
- Quality of life
- Image and marketing

The Council continues to place these at the heart of everything that it does, and all of our delivery priorities outlined within the Corporate Plan help us contribute to delivering on the vision.

At the same time as consulting on the vision and ambition, the Council's strategy & funding team work with officers to identify what will be done to deliver the ambition and how progress against this delivery will be measured. This is currently encapsulated within the Technical Appendix that accompanies the Corporate Plan.

DRAFT ANNUAL GOVERNANCE STATEMENT

The strategy & funding team also work with service departments to ensure that appropriate responsibilities for delivery are built into departmental business plans. The agreed performance measures and activities are then monitored through the Performance Management Framework.

4. Measure the quality of services for users.

The Council last undertook a Residents Survey in 2014. The results from this survey for the question “Overall, how satisfied or dissatisfied are you with the delivery of council services”, reported that more than seven out of ten (70%) of respondents were either very or fairly satisfied overall with the delivery of council services.

Customer / resident satisfaction with the services they receive, for the council tax that they pay, has always been a key priority for the Council, and as such key measures are included in the current Corporate Plan and customer service is an embedded principal in all council work and specific arrangements exist within statutory services around adults and children social care.

5. Define and document the roles and responsibilities of the executive, non-executive, scrutiny and officer functions, with clear delegation arrangements and protocols for effective communication in respect of the authority and partnership arrangements.

The Council is legally and constitutionally obliged to maintain and keep up to date its constitution. The Council Constitution was updated in May 2017 to reflect the resolutions/decisions made at Full Council since December 2016. This included changes in organisational structure previously noted and agreed, statutory changes and changes to the delegations.

The annual update also reviewed Executive Member portfolio responsibilities and the Council's strategic objectives. Amendments are made as necessary during the course of the year to reflect changes in the law and others changes which would require full Council approval. The Constitution is due to be further reviewed and updated this year to reflect the new composition of the Council following the Boundary Review.

The Council has adopted the Executive and Leader model. The Council's Constitution sets out the relative roles and responsibilities of Executive and, Officers and Committees of the Council. It defines, through the procedure rules, how day-to-day activities must be undertaken and it allocates statutory responsibilities to named individuals. The decision-making processes are also defined by the Constitution and Executive Member decisions or key decisions may only be taken after both the Finance and Legal departments have been consulted.

The respective roles of the Section 151 Officer, Monitoring Officer and Senior Information Risk Officer (SIRO) ensure legality, financial prudence and transparency in transactions in accordance with legislative requirements.

The Council is proactive in supporting the development of partnership bodies both with other public sector agencies, like health and the police, and with representation from the business and community sectors. This is principally through the development of the LSP but it also involves other significant partnership projects. The strategy & funding team produce an Annual Significant Partnerships Governance checklist which is reviewed and audited by internal audit prior to the final report being taken to Audit & Governance Committee. Governance arrangements are also set out in the Constitution.

The Council has introduced a procedure for recording and publishing decisions made by officers, in line with the Government's transparency agenda and the Access to Information Procedure Rules in the Constitution. Such decisions are subject to the scrutiny arrangements outlined in the Constitution.

DRAFT ANNUAL GOVERNANCE STATEMENT

6. Develop, communicate and embed the codes of conduct and define the standards of behaviour for members and staff.

The Council Constitution contains codes of conduct for Members and staff. New Members accept their code of conduct as part of their Acceptance of Office declaration. They are also provided training on the Code of Conduct as part of their induction. All Members need to complete and submit a 'General Notice of Registrable Interests' form, which includes information relating to gifts, hospitality and pecuniary interests. These are published on the Council website. New staff appointees sign the staff Code of Conduct as part of their induction. In addition, each Department maintains a register of gifts and hospitality and of personal interests, in accordance with the recently revised Standing Financial Instruction 12 – Register of Personal Interests. The latter are reviewed at least annually. The Employee Code of Conduct was updated in October 2013 and is reflected in the Constitution.

7. Review the effectiveness of the decision-making framework, including delegation arrangements, decision making in partnerships and robustness of data quality.

The Constitution provides the framework for decisions making. It includes delegations to various committees, Executive Members and officers, and also scrutiny arrangements for holding decision makers to be held to account. The decision making process is set out in Article 13 of the Constitution and responsibilities are identified in Part 3. These were updated and approved at Annual Council in May 2017 following a review of the Constitution. The Monitoring Officer also holds and maintains a record of sub-delegations by each Chief Officer, and is also responsible for ensuring lawfulness and fairness of decision making.

External formal monitoring of the Council's data quality arrangements are no longer required by external audit, however the Council's previous monitoring arrangements have continued to be operated. Council processes have been reassessed in light of the requirements of the Single Data List published by the Department for Communities and Local Government. Training and awareness raising sessions continue to be delivered as and when required, alongside formal checks on performance indicator files and monitoring / recording processes. The Data Quality Policy (Performance Data) was refreshed to reflect the changes in national reporting arrangements and implementation of new local arrangements (such as electronic file management).

The Policy was endorsed by Audit & Governance Committee. Work is continually underway to assess the Council's compliance with the Government's Code of Practice on Transparency, and any areas recommended for improvement will be addressed and monitored through existing data quality arrangements.

Over the course of the year the Council has continued to carry out and record equality analysis and impact assessments as a key stage in the decision making process.

The Council revised its Equality Impact Assessment (EIA) Toolkit and reviewed its decision-making processes in 2016 to embed a robust and mandatory process which helps demonstrate due regard of the impact of service reviews on protected groups, staff and local residents, whilst ensuring a level of bureaucratic balance with the introduction of a new 'screening' element to the EIA process and in line with legislative requirements.

Senior Management Teams (SMT's) and Elected Members within their respective service areas are engaged in understanding the outcomes of consultations and the impacts of decisions as part of the organisational transformation and downsizing.

The annual Audit and Assurance Plan sets out the internal audit resources and skills required to deliver an effective internal audit service. The staff resources are considered adequate for the Council's current needs to ensure that it meets the requirements of the Accounts and Audit Regulations. The resources are prioritised to evaluate and improve the effectiveness of the Council's

DRAFT ANNUAL GOVERNANCE STATEMENT

risk management, control, and governance processes for the higher priority areas identified in the annual Audit and Assurance Plan, which is approved by the Audit & Governance Committee at its meeting in April each year. Reviews of these areas are required to provide an annual internal audit opinion which contributes to the Annual Governance Statement.

8. Review the effectiveness of the framework for identifying and managing risks and demonstrate clear accountability.

Overarching responsibility for risk management lies with the Management Board, with the corporate risks being owned by members of the Executive Team or Management Board. The Corporate Risk Management Strategy and Framework 2015/20 sets out the structure of the risk management groups and risk management roles and responsibilities. It also includes the terms of reference for the groups responsible for monitoring risk management arrangements and activity, and includes risk management guidance for decision makers and self-challenge questions for report writers. The Risk Management Toolkit and risk register ensure a consistent approach to risk management across the Council. Each department has its own risk registers and risk champion and is required to consider risk at each departmental management meeting. The Decision Making templates have been revised to include reference to risks. The Management Accountability Framework (MAF) Director's Exception/Dashboard Report also contains a risk section. The corporate risk register is considered by Management Board on a quarterly basis. Risk management reports, including corporate risks, are also presented at each Audit & Governance Committee meeting and the Committee carries out a detailed review and challenge of a selection of risks at each meeting.

Biannually Directors are required to undertake a self-assessment of the effectiveness of controls within their own areas of responsibility and to identify any areas of concern and what they are doing to tackle them. This is reported to the Chief Executive through the MAF.

The reports cover the effectiveness of the governance arrangements in Departments (performance, budget management, the management of priorities, information security, risk management, health and safety and significant partnerships), identifying weaknesses and remedies. MAF is an evolving process and refinements and extensions to its coverage will continue..

The Primary Assurance Group (PAG) draws together the sources of assurance, including those provided through MAF, and having challenged them produces the Annual Governance Statement for consideration by the Audit & Governance Committee's and the Chief Executive. The PAG is chaired by the Deputy Chief Executive and has the Monitoring Officer and SIRO and Section 151 Officer as members. The Chair of the Audit & Governance Committee also attends the meeting to oversee the annual governance process.

The Council produces integrated financial monitoring reports covering revenue and capital expenditure. The Council introduced a new Financial Management System from 1st April 2017, this has produced working efficiencies, cost savings and facilitated the production of more timely and detailed information to Members and Officers at all levels.

The Departmental Business Continuity Plans and the Functional Emergency Plans are constantly being reviewed and streamlined. The Emergency Plans now have Standard Operating Procedures (SOPs), whereby a "plan on a page" was requested by the Executive Team to assist them in assimilating information when/if they have to attend the Strategic Co-ordinating Centre at Police Headquarters. This will be replicated for the Departmental Business Continuity Plans and then a strategic plan on a page showing critical functions and risks will be created for Chief Officer use.

The corporate Emergency and Business Continuity plans are tested annually in alternate years. The corporate exercise in 2017 was Business Continuity testing ICT failure and the corporate exercise in

DRAFT ANNUAL GOVERNANCE STATEMENT

2018 tested the emergency response to a prolonged emergency testing business and personal resilience. All departmental plans are also tested during the exercises, with any actions required identified and reported to Management Board. The Civil Contingencies Service is currently working through a two year quality assurance audit programme, to review all business continuity plans to identify gaps in knowledge, training and update plans. This programme will end in 2019. The Civil Contingencies Service also successfully presented to Scrutiny Committee in September 2017.

All employees have responsibility for their own and other people's health and safety. The overall responsibility for health and safety management lies with the Chief Executive. The Corporate Health and Safety policy, which was reviewed in October 2017 and the system of safety procedural documents outline the arrangements in place to meet the Council's statutory duties.

Face to face training courses for employees are available on an ad hoc basis and these are agreed with departmental managers, and are available on request. E-learning safety packages are freely available to all Council employees via the 'Me Learning' portal.

A rolling health and safety audit programme is in place for the Council. Service Level Agreements are offered to schools across the Borough for a health and safety service. Quarterly compliance checks are emailed to Directors to help support a culture of safety in their area of work.

The organisation has improved the reporting of accidents, incidents and near misses with an intranet based reporting system. This has improved reporting levels as well as tracking that steps are taken by managers to reduce risks and learn from incidents. Statistics are reported at the Health and Safety Consultative Committee.

The trend in RIDDOR reportable accidents is at a low level with 8 reported in 2017/18. None of the RIDDORS have highlighted any major cause for concern, investigations and subsequent actions have been implemented where required.

There was a significant increase in near misses reported and investigated in the second half of the year following targeted work from the health, safety and wellbeing team in the HR Service.

There is a corporate Health, Safety and Wellbeing delivery model now available on the intranet. This identifies the core service that will be delivered to all services within the Council to assist them in achieving compliance with health and safety legislation. In addition to the core service delivery, there is an opportunity for departments to purchase extra support to provide additional dedicated operational assistance, training, and onsite guidance should it be needed to achieve continuous improvement in health, safety and wellbeing standards and culture.

9. Ensure effective counter-fraud and anti-corruption arrangements are developed and maintained.

The Audit & Assurance Team takes part in the National Fraud Initiative on behalf of the Council and monitors the completion of the fraud awareness e learning package by staff. It also monitors whistleblowing calls received by the Council and carries out investigations into potential or suspected non-compliance with financial policies and procedures or financial irregularities.

The Council's Counter Fraud Policy Statement and Strategy 2016/2021 was approved in March 2016. The Statement and Strategy have been prepared in accordance with the CIPFA Code of Practice on managing the risk of fraud and corruption for public service organisations (2014). The document sets out the Council's approach to the management of fraud risks and defines responsibilities for action.

Having considered all the principles, the organisation has adopted a satisfactory response that is appropriate for the fraud and corruption risks identified and commits to maintain its vigilance to tackle fraud..

DRAFT ANNUAL GOVERNANCE STATEMENT

10. Ensure effective management of change and transformation.

The Council is continuing with a series of transformational projects which will generate efficiencies during 2018/19 and in future years. A Workforce Review Programme continued during the year. The aim of this was to determine the best and most efficient shape and range of roles required to deliver effective services taking account of available technologies and new ways of working. The delivery of the Programme has been overseen by the Workforce Review Programme Board, chaired by the Deputy Chief Executive.

During the year, the Council also commenced implementing its digital vision for the Borough. The work on this area is monitored by the Digital Programme Board. This vision sets out our approach to addressing the challenges of delivering technology across the organisation and ensuring that the maximum benefit is derived for the Council, its workforce, customers and partners.

11. Ensure the financial management arrangements conform to the governance requirements of the *CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2016)*.

The Council's financial management arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2016).

12. Ensure the assurance arrangements conform to the governance requirements of the *CIPFA Statement on the Role of the Head of Internal Audit (2010)*.

The Council's assurance arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Head of Internal Audit (2010). The Statement identifies that the Head of Internal Audit in a public service organisation plays a critical role in delivering the organisation's strategic objectives by:

- i. championing best practice in governance, objectively assessing the adequacy of governance and management of existing risks, commenting on responses to emerging risks and proposed developments; and
- ii. giving an objective and evidence based opinion on all aspects of governance, risk management and internal control.

To perform this role the Head of Internal Audit:

- iii. must be a senior manager with regular and open engagement across the organisation, particularly with the Leadership Team and with the Audit & Governance Committee;
- iv. must lead and direct an internal audit service that is resourced to be fit for purpose; and
- v. must be professionally qualified and suitably experienced.

13. Ensure effective arrangements are in place for the discharge of the monitoring officer function.

The functions of the Monitoring Officer are set out in the Council's Constitution. The role of Monitoring Officer forms part of the specific responsibilities of the Director of HR, Legal and Governance.

14. Ensure effective arrangements are in place for the discharge of the head of paid service function.

As Head of the Paid Service, the Chief Executive is responsible for ensuring that Directors and Members both understand the need for sound internal controls and to apply them in practice.

15. Undertake the core functions of an audit committee.

The Audit & Governance Committee provides independent assurance on the adequacy of the risk management framework, overall governance and the associated control environment. It oversees the integrity of financial reporting and also provides independent scrutiny of the Council's financial and non-financial performance to the extent that it affects its exposure to risk and weakens the control environment.

DRAFT ANNUAL GOVERNANCE STATEMENT

The Audit & Governance Committee is responsible overall for monitoring compliance with policies and procedures and for setting defined standards, where need be; this includes responding to reports from the Council's external auditor.

The Audit & Governance Committee has continued to monitor its own effectiveness against the criteria outlined in the CIPFA Audit Committees Practical Guidance for Local Authorities and Police (2013 Edition). The overall results reported to the Committee in January 2018 showed that there is a strong belief by its members that the Committee is operating effectively.

16. Ensure compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful.

Directors are responsible for ensuring that, within their areas of responsibility, they establish and maintain effective systems of risk management, governance and internal control, complying with legislation, grant rules, the Council's own rules, etc. This includes both responding to recommendations by Inspectorates and working with partner organisations.

A key element of assurance available to the Council and the Audit & Governance Committee is the assurance statements made by each of the directors that support the Annual Governance Statement. These require each director to take personal responsibility for the operation of adequate and effective governance and internal control systems, which include compliance with applicable laws and regulations. The director's assurance statements closely reflect the seven CIPFA/SOLACE principles of good governance and the Council's Local Code of Corporate Governance.

The NHS Information Governance (IG) Toolkit-V14 was submitted by the Council's Information Governance Team and has been confirmed by Health and Social Care Information Centre (HSCIC) assessors and published on the NHS IG Toolkit website. It has been assessed as satisfactory. This enables the Council to exchange data with NHS bodies.

The General Data Protection Regulations (GDPR) Mandatory Information Asset Register is complete in order to reflect the new requirements in the GDPR to have detailed records of all information assets including how we share those assets and who we share them with. The Records of Processing Activity (ROPA) is operational in that all the data we have captured so far is uploaded.

The datashare website has been operational for just over 3 years. Datasets have been uploaded where required. In addition to the recommended datasets for Local Government transparency, we have assisted the Parish Councils by including their required publication datasets to our datashare, as well as allocating each Parish a page on our corporate internet site to publish their minutes, accounts and agendas. Frequently requested Freedom of Information (FOI) requests continue to be monitored and IG are actively encouraging departments to consider routine upload to the Transparency pages in order to reduce the burden of repeat FOI requests.

Successful transition to a new e-learning platform has resulted in better management information allowing the Council to demonstrate compliance with the requirement to have mandatory training in Data Protection and Information Security. Progress will continue to be monitored as we enter the appraisal window for 2018/2019. Discussions have taken place in relation to new content for 2018/2019 in order to refresh the courses, enabling a better user experience more relevant to the daily functions of employees within the Council.

The GDPR will replace the EU Data Protection Directive on 25th May 2018 without the need for any national legislation to be enacted. It will supersede the Data Protection Act 1998 unless the Government takes specific measures prior to the GDPR taking effect. The IG team have created an initial Gap Analysis showing the Council's current compliance with new GDPR requirements. This has been issued to the SIRO and the Audit & Governance Committee. Compliance with GDPR is going to take a considerable amount of resource. The Corporate and departmental risk registers have been

DRAFT ANNUAL GOVERNANCE STATEMENT

updated to include known GDPR risks. As the project progresses and the Gap analysis is updated, IG will update the risk register to reflect any amendments.

The IG team continue to provide advice, guidance and assistance in the relevant areas of legislation, have an appropriate Information Security Examinations Board qualification in Data Protection and Freedom of Information and will engage with professional training providers over the course of the next 12 months to stay up to date with upcoming legislative changes and the introduction of the new GDPR.

Audit & Assurance produces an internal audit charter and annual plan which are approved by the Audit & Governance Committee. The annual plan examines the Council's systems of risk management, control, and governance. It reports to individual managers on the outcomes of its audit reviews, agreeing management actions with them. It also regularly reports to the Audit & Governance Committee on progress and outcomes of its planned work. At the year end, it produces a statutory Head of Internal Audit opinion report which is part of the Annual Governance Statement process. Routinely during the year Audit and Assurance reports to the Chief Executive and Audit & Governance Committee on governance matters of particular importance through its independent reviews of MAF Exception reports.

17. Whistleblowing and for receiving and investigating complaints from the public.

The Council's Whistle-blowing and Corporate Complaints Policies are available on the Internet. Both define what steps will be taken in investigating complaints from staff or members of the public.

18. Identify the development needs of members and senior officers in relation to their strategic roles, supported by appropriate training.

The Council remains committed to elected member training and development, and continues to assess the development needs of all elected members. A training needs assessment is carried out following Council elections. Following the 2018/19 elections the number of councillors will reduce from 64 to 51. There is a robust induction programme for newly elected members to the Council and portfolio areas. The Council also maximises the development opportunities offered by North West Employers Organisation.

The Council needs to consider the development needs and resilience of senior officers and ensure that these officers have the required knowledge, skills and experience to deal with the public sector reform agendas. Training and development needs will be considered in annual appraisals.

19. Establish clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation.

As well as a constantly updated online version of The Shuttle a hard copy called the Shuttle Extra is now published twice yearly and delivered to homes throughout the borough. Both the hard copy and online versions contain latest news and updates about Regeneration projects, events, achievements and honours, advertising opportunities and information about the Council budget and Council Tax. Automatic updates whenever a new article is published on the Council's website are also available via social media channels. Financial and performance information is also available on the Council's website.

A key commitment of the Corporate Plan is "Your Call", where the Council is committed to working together with residents; businesses and partners, to develop a local solution to local problems. This approach is predominantly delivered through the Your Call campaign, which encourages local residents to come forward with ideas to improve their streets, neighbourhoods and towns, and they are supported by the Council to implement their ideas.

DRAFT ANNUAL GOVERNANCE STATEMENT

The Council website provides access to Council papers, including Committee agendas, minutes, relevant reports and decisions.

The Council takes the views of all the groups into account when preparing its budgets. In advance of final decisions on the budgets the potential impact on individuals, services and the voluntary and community sector is considered. As each service is reviewed and final recommendations are made EIAs are undertaken.

20. Enhance the accountability for service delivery and effectiveness of other public service providers.

The Council is proactive in supporting the development of partnership bodies both with other public sector agencies, like health and the police, and with representation from the business and community sectors

The LSP Board is the overarching and strategic management body that has responsibility for the direction and overall corporate governance of the LSP. The Board is responsible for monitoring the Plan for Prosperity.

Blackburn with Darwen was one of the first areas in the country to set up the new Health and Wellbeing Boards as part of government changes to the NHS. The board, run by Blackburn with Darwen Council, leads on improving the strategic co-ordination of planning and buying local health services, social care for both children and adults and public health services to promote more local control over those services. All organisations working in those areas will, through the board, develop a shared understanding of local need and agree the best strategy to meet that with the funding and resources available.

The Blackburn with Darwen Community Safety Partnership (CSP) has merged with the CSP's of Burnley and Rossendale following agreement by members and the Police and Crime Commissioner of Lancashire. Blackburn with Darwen administers the new Pennine Lancashire Community Safety Board and retains its duty as a Local Authority alongside the Police, Fire Service, Clinical Commissioning Groups, National Probation Service and Community Rehabilitation Company to work together to reduce crime and anti-social behaviour.

The Partnership has grown in size and strength and now includes a wide range of partners from both the statutory and voluntary sector from across the Sub Region. Collectively it is achieving positive outcomes for vulnerable individuals, families and communities.

Beyond the borough the Council is working in partnership with Councils across Lancashire on the Combined Authority agenda to develop joint functions to support regional investment and transport. This will support and enhance the Council's efforts to boost the local economy, create jobs and improve transport and planning, which will benefit the residents of the borough. As part of this agenda the Council is the accountable body for the 'One Public Estate Programme' within Lancashire.

Work is also ongoing with colleagues from the NHS to work in partnership to transform the health and social care system across Pennine Lancashire, as part of the Lancashire and South Cumbria Sustainability and Transformation Plan.

21. Incorporate good governance arrangements in respect of partnerships and other joint working as identified by the Audit Commission's report on the governance of partnerships, and reflecting these in the authority's overall governance arrangements.

The Council continues to undertake sound governance arrangements with its partners.

Significant partnerships have continued to be identified and assessed since 2012 via the refreshed toolkit which was updated in 2017 following an audit review. The Significant Partnerships Register is in the process of being updated and will be taken to Audit & Governance Committee upon

DRAFT ANNUAL GOVERNANCE STATEMENT

completion. The register is updated on an annual basis with targeted sampling through the internal audit plan. The wider partnership structure and constitution have now been assimilated into corporate processes following the acquisition of new partnerships via community safety and health and wellbeing.

During 2016/17 the Council introduced new shared management arrangements, and associated governance controls, following approval of the new five year partnership agreement with Capita for the development, delivery and modernisation of a range of place-based services, including the Council's Growth Programme. These arrangements are due to end in June 2018.

The Council is also the host authority for the Lancashire Police and Crime Panel. The Council provides legal and secretarial advice and support to enable the Panel to carry out the functions and responsibilities set out in the Police Reform and Social Responsibility Act 2011 and the Regulations made under it.

Title	CIPFA Criteria	2016/17 Issue	2017/18 Action taken
1 Partnership Arrangements (brought forward from 2014/15)	3	Implementing robust governance arrangements relating to the management and delivery of the new five-year contract with the Council's technical services partner in 2016/17..	<p>Now in the second year of the new partnership which started on 1 July 2016 and we are ensuring completion of all the agreed contract management arrangements to enable a review of the governance processes to ensure they are fit for purpose. Arrangements in the first year generally worked well although some late submissions have been followed up to ensure full completion.</p> <p>The Operational Board and Strategic Partnership Board are meeting monthly plus the full Partnership Board with elected Members meets regularly and governance issues are discussed with agreed actions monitored.</p>
2 Adult Social Services financial position (brought forward from 2014/15)	1, 3, 4	The implementation of provisions within the Care Act 2014 has placed greater demands for services (which have been recognised nationally) together with the growing complexity of service user needs and delays in the delivery of efficiency programmes has resulted in a budget overspend of over £2m. The challenge of managing the budget within these pressures, whilst developing effective partnerships with the NHS will continue in 2017/18.	<p>Through the course of 2017/18 the portfolio continued to face significant pressures in the area of commissioned placements budgets due to increased activity and cost of individual care packages. As reported, the majority of these pressures were mitigated by agreed allocation of iBCF funding, transfers from the social care demand reserve, and a transfer from contingency held for Adults Commissioning inflationary cost pressures.</p> <p>The net outturn position for the portfolio is an underspend compared to final monitoring. This is subject to final approval.</p> <p>The demand pressures in the commissioning placement budgets are expected to continue into 2018/2019.</p> <p>There are good processes in place for monitoring and managing budgets. Monthly strategic budget meetings are continuing. A dashboard is being developed as an early warning system to pull together trends, activity, budget, cost and impact. Commissioning spend is scrutinised via the Mosaic approval process and demand management strategies are being applied.</p>

DRAFT ANNUAL GOVERNANCE STATEMENT

3 Children's Services Financial Position	1, 2, 3	<p>Maintain awareness and effective management at all levels within the service to monitor and manage demand and budget pressures relating to intervention, prevention and permanence planning to ensure that services and resources are not diverted from elsewhere within the Council.</p>	<p>Throughout 2017/18 the portfolio reported a number of demand led pressures, particularly surrounding the commissioned placements and special guardianship order budgets. These budgets were uplifted during the financial year in order to meet the rising demand and as a result the portfolio will be reporting a small total overspend. These pressures are expected to continue into 2018/2019.</p>
4 Information Governance	1, 7	<p>Review and strengthen Information Governance policies, systems and processes to ensure compliance with the requirements of the General Data Protection Regulations (GDPR).</p>	<p>Significant work has been undertaken during 2017/18 to ensure the Council is prepared for the introduction of GDPR in May 2018. This includes:</p> <ul style="list-style-type: none"> • The GDPR Mandatory Information Asset Register is complete and the Records of Processing Activity (ROPA) is operational in that all the data we have captured so far is uploaded. • The Primary Privacy Notice (PPN) will be uploaded in May. It has been determined that the PPN is of sufficient enough quality to demonstrate that the most basic of processing for standard activities across the Council will comply with the transparency requirements under the GDPR. • Service Specific Privacy Notices (SSPN's) will be uploaded alongside the PPN. These notices will explain in further detail, the arrangements for the processing of special category and other significant data sets that warrant more assurance from our service users. • New Data Protection Training content will be rolled out by the beginning of May. • The procurement team have issued notifications to all personal data processors. Some have been issued with contract addendums to replace. • Mandatory Policies, procedures and guidance documents are in the process of being created/refreshed. The main areas of focus, where there will be a significant refresh or creation of new policy are in the following areas: <ul style="list-style-type: none"> ○ Data Protection Policy (Refresh). ○ Data Protection Impact Assessment Policy/Procedure (New). ○ Information Security Policy (Refresh). ○ Data Protection Training Policy (New). ○ Data Breach Reporting Procedure (Refresh.) ○ Subject Access Request Procedure (New). ○ Privacy Notice (Refresh)

REVIEW OF EFFECTIVENESS

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. This review of effectiveness is informed by the work of the members of the Council's Management Board who each sign an annual assurance certificate regarding the effectiveness of the governance arrangements in place, the Head of Audit & Assurance's annual opinion report, and also by comments made by the external auditors and other inspection agencies.

The Council regularly reviews its Constitution and has delegated to the Audit & Governance Committee responsibility for reviewing the effectiveness of the governance framework and for reporting to the Executive Board where it thinks that there are issues that must be considered by the Executive.

The Scrutiny Committees set their own annual work plans and report to the Council both quarterly and annually. These Committees continue to monitor the performance and delivery of the Executive, engaging and challenging through a variety of scrutiny review methodologies, traditional reviews, appreciative and collaborative inquiries. Where appropriate, Members will utilise Task and Finish Groups outside of Committee to scrutinise and work with Officers on a wide range of issues. Overview and Scrutiny arrangements have been reviewed and revised as part of the new Governance Arrangements post May 2018 and their effectiveness will be monitored.

The Audit & Governance Committee, in addition to having responsibility for reviewing the Corporate Governance Framework, also has responsibility for reviewing the effectiveness of risk management arrangements. The Committee receives an annual risk management report. The 2017/18 report concluded that "the Council continues to maintain robust and effective risk management processes".

The Standards Committee promotes and maintains high standards of Member conduct and monitors the operation of the Code of Conduct. A new Member's Code of Conduct was approved by Council on 30 August 2012 in accordance with the Localism Act 2011. This included new arrangements for dealing with member complaints. The Committee also examines the training needs of Members relating to the Code of Conduct and if necessary make appropriate recommendations.

The Standards Committee reviews the Member Code of Conduct and Complaints procedures on an annual basis and the latest versions are included as part of the Constitutional updates to Council.

Any matters following investigation, which require a hearing for determination of a potential breach of the code of conduct would be considered by the Hearings Panel (Sub Committee of the Standards Committee).

External inspection and assurance by External Audit during the year:

The Council's external auditors noted, in the Annual Audit Letter for 2016/17, that:

- They issued an unqualified opinion on the Council's 2016/17 financial statements.
- Their opinion confirmed that there were no significant amendments required to the accounts as a result of their audit.
- They issued an unqualified Value for Money conclusion for 2016/17.
- They were satisfied that in all significant aspects, the Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2017.
- The work carried out on the Council's consolidation schedule to support the Whole of Government Accounts, in line with instructions provided by the National Audit Office, did not identify any issues for the group auditor to consider.

DRAFT ANNUAL GOVERNANCE STATEMENT

The external auditors also noted the additional powers and duties available under the Local Audit and Accountability Act (2014). They noted that they did not identify any issues that required them to apply their statutory powers under the Act, including powers to issue a public interest report in respect of their 2016/17 audit.

In their progress report to the Audit & Governance Committee in April 2018 the external auditors were able to state, for the year ended 31 March 2018 that the findings of their interim work to date: “has identified no material weaknesses” which are likely to adversely impact on the Council’s financial statements or on their audit approach. They also noted their work had not identified any weaknesses impacting on their audit opinion.

We have been advised of the result of the review of the effectiveness of the governance framework by the Audit & Governance Committee / PAG and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework. The areas already addressed and those to be specifically addressed with new actions planned are outlined below.

SIGNIFICANT GOVERNANCE ISSUES

A key element of the annual governance review process is also to identify any significant internal control issues. The Council has adopted the approach recommended by CIPFA which has identified what may be considered generally as a significant issue. These criteria are:

1. The issue has/may seriously prejudice or prevent achievement of a principal objective;
2. The issue has/may result in a need to seek additional funding to allow it to be resolved;
3. The issue has/may result in significant diversion of resources from another aspect of the business;
4. The issue has/may lead to a material impact on the accounts;
5. The issue, or its impact, has/may attract significant interest or seriously damage the reputation of the Council;
6. The issue has/may result in formal action being taken by the Section 151 Officer and/or the Monitoring Officer;
7. The audit committee, or equivalent, has advised that it should be considered significant for this purpose, or
8. The Head of Internal Audit has reported on it as significant in the annual opinion on the internal control environment

Significant governance issues identified during 2017/18 are outlined in the following table:

Title	CIPFA Criteria	Issue / Actions being taken	Responsible officer(s)
Children’s Services Financial Position	1, 2, 3	The Children’s Services budget position continues to face demand pressures in 2018/19 due to the volumes of social work being managed, the nature of cases being received (including higher dependency needs) and increasing costs of placements associated with these. This has led to a need for an increase in social workers to manage demand. Arrangements will continue to maintain awareness and ensure effective budget and case management continues at all levels within the service to monitor and manage demand and budget pressures relating to intervention, prevention and permanence planning to ensure that services and resources are not diverted from elsewhere within the Council.	Director of Children’s Services
Highways Inspection	1, 3, 5	Ensure an effective inspection regime is in place in	Director of

DRAFT ANNUAL GOVERNANCE STATEMENT

arrangements		respect of the Highway Network (including in relation to bridges and structures) in accordance with the frequency and standards set out in the Well-maintained Highways Code of Practice (since updated and replaced by the "Well-managed Highway Infrastructure: A code of practice").	Growth & Development
---------------------	--	---	----------------------

We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

GLOSSARY

Accounting policies

Those principles, bases, conventions, rules and practices applied by the Council, which define the process by which transactions and other events are reflected in financial statements. For example, an accounting policy for a particular type of expenditure may specify whether an asset or loss is to be recognised, the basis on which it is to be measured and where in the revenue account or Balance Sheet it is to be presented.

Accruals concept

The concept that income is recorded when it is earned rather than when it is received and expenditure is recorded when goods or services are received rather than when payment is made.

Actuarial gains and losses

For a defined benefit pension scheme, these are the changes in actuarial deficits or surpluses that arise because either events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses), or the actuarial assumptions have changed.

Associate company

This is an entity in which the Council has a participating interest and over whose operating and financial policies the Council is able to exercise significant influence.

Approved budget

The planned expenditure and income, for the financial year in the case of revenue, and over the life of the project in the case of a capital scheme.

CIPFA

Chartered Institute of Public Finance and Accountancy. The Institute provides financial and statistical information for local government and other public sector bodies and advises central government and other bodies on local government and public finance matters.

Capital charges

A charge to service revenue accounts to reflect the cost of non-current assets used in the provision of services.

Capital expenditure

Expenditure on the acquisition of a non-current asset or expenditure which adds to (and not merely maintains) the value of an existing non-current asset.

Capital receipts

Income received from the sale of land or other capital assets, which may be used to finance new capital expenditure, subject to the provisions contained within the Local Government Act 2003. Capital receipts cannot be used to fund revenue services.

GLOSSARY

Collection Fund

The Collection Fund is administered by the Council to record the receipts from council tax and non-domestic rates and payments to the General Fund and other preceptors including Central Government.

Contingent asset

A possible asset arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events, not wholly within the Council's control.

Contingent liability

Either a possible obligation arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control or a present obligation arising from past events where it is not probable that a transfer of economic benefits will be required or the amount of the obligation cannot be measured with sufficient reliability.

Corporate and democratic core

Comprises all activities which local authorities engage in specifically because they are elected, multi-purpose authorities. The cost of these activities are thus over and above those which would be incurred by a series of independent, single-purpose, nominated bodies managing the same services. There is, therefore, no logical basis for apportioning these costs to services.

Current service cost (pensions)

The increase in the present value of a defined benefit scheme's liabilities expected to arise from employee service in the current period.

Curtailement

For a defined benefit pension scheme, an event that reduces the expected years of future service of present employees or reduces for a number of employees the accrual of defined benefits for some or all of their future service.

Defined benefit scheme

A pension or other retirement benefits scheme where the scheme rules define the benefits independently of the contributions payable and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded (including notionally funded).

Depreciation

The measure of the cost, or revalued amount, of the benefits consumed during the accounting period relating to the non-current asset. Consumption includes the wearing out, using up or other reduction in the useful life of a non-current asset whether arising from use, passage of time or obsolescence through technological or other changes.

GLOSSARY

Expected rate of return on pensions assets

For a funded defined benefit scheme, the average rate of return, including both income and changes in fair value but net of scheme expenses, expected over the remaining life of the related obligation on the actual assets held by the scheme.

Fair Value

The price at which an asset could be exchanged in an arms-length transaction less, where applicable, any grants receivable towards the purchase cost of the asset

Finance lease

A lease that transfers substantially all of the risks and rewards of ownership of a non-current asset to the lessee.

Financial asset

A right to future economic benefits controlled by the Council that is represented by cash, an equity instrument of another entity, a contractual right to receive cash (or other financial asset) from another entity or a contractual right to exchange financial assets/liabilities with another entity under conditions that are potentially favourable to the Council.

Financial liability

An obligation to transfer economic benefits controlled by the Council that is represented by a contractual obligation to deliver cash (or other financial asset) to another entity or a contractual obligation to exchange financial assets/liabilities with another entity under conditions that are potentially unfavourable to the Council.

General fund

The main revenue fund of a local authority, which includes the net cost of all services financed by local tax payers and Government grants.

International accounting standards

These accounting standards prescribe the methods by which all published accounts should be prepared and presented, and will over time replace UK accounting standards. Includes International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS).

Impairment

A reduction in the value of a non-current asset below its carrying amount in the Balance Sheet.

Infrastructure assets

Non-current assets that are inalienable, expenditure on which is recoverable only by continued use of the asset created. Examples of infrastructure assets are highways and footpaths.

GLOSSARY

Interest costs (pensions)

For a defined benefit scheme, the expected increase during the period in the present value of the scheme liabilities because the benefits are one period closer to settlement.

Joint venture

This is an entity which the Council has an interest in and is jointly controlled by the Council under a contractual arrangement.

Minimum Revenue Provision

The minimum amount which must be charged to the Council's revenue account each year and set aside as provision for repayment of debt, as required by the Local Government and Housing Act 1989.

Net book value

The amount at which non-current assets are included in the Balance Sheet, i.e. their historic cost or current value less the cumulative amounts provided for depreciation.

Net current replacement cost

The cost of replacing or recreating the particular asset in its existing use, i.e. the cost of its replacement or of the nearest equivalent asset, adjusted to reflect the current condition of the existing asset.

Net expenditure

The cost of providing a service after the deduction of any income.

Net realisable value

The open market value of the asset in its existing use (or market value in the case of non-operational assets), less the expenses to be incurred in realising the asset.

Operating lease

This is a type of lease, usually vehicles or equipment where the balance of risks and rewards of holding the asset remains with the lessor. The asset remains the property of the lessor and the lease costs are revenue expenditure to the Council.

Operational assets

Non-current assets held and occupied, used or consumed by the Council in the direct delivery of those services for which it has either a statutory or discretionary responsibility or for the service or strategic objectives of the Council.

GLOSSARY

Past service cost

For a defined benefit scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

Post-employment benefits

All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of the employment. Includes pensions but not termination benefits payable as a result of redundancy/voluntary redundancy, because these are not given in exchange for services rendered by employees.

Precept

A method by which local parishes, Lancashire Police Authority and Lancashire Combined Fire Authority obtain the income they require by Blackburn with Darwen Borough Council adding the precept to its own council tax and paying over the appropriate cash collected.

Property, plant and equipment

Tangible assets (i.e. assets with physical substance) held by the Council for use in the production or supply of goods and services, for rental to others, or for administrative purposes, and expected to be used for more than one period.

Provision

An amount set aside by the Council for any liability of uncertain timing or amount that has been incurred.

Public Works Loan Board (PWLB)

A Central Government agency which provides long and short term loans to local authorities at interest rates slightly higher than those at which the government itself can borrow. Local authorities are able to borrow a proportion of their requirements to finance capital spending from this source.

Related parties

Two or more parties are related when at any time during the financial period one party has direct or indirect control of the other party, the parties are subject to common control by the same source or where one party has influence over the financial and operational policies of the other, or both parties are subject to the influence from the same source, to an extent that they might be inhibited from pursuing their own separate interests.

Related party transactions

A related party transaction is the transfer of assets or liabilities or the performance of services by, to, or for a related party irrespective of whether a charge is made. The materiality of related party transactions should be judged not only in terms of their significance to the Council, but also in relation to its related party.

GLOSSARY

Remuneration

All sums paid to or receivable by an employee and sums due by way of expenses allowances (as far as those sums are chargeable to UK income tax) and the money value of any other benefits received other than in cash. Pension contributions payable by the employer are excluded.

Reserve

Amounts set aside for purposes falling outside the definition of a provision are considered as reserves.

Revenue expenditure funded from capital under statute

Expenditure that legislation allows to be classified as capital for funding purposes when it does not result in the expenditure being carried on the Balance Sheet as a non-current asset, e.g. private sector housing improvement grants.

Revenue support grant

A Government grant in aid of local authority services generally. It is based on the Government's assessment of how much the Council needs to spend in order to provide a standard level of service.

Termination benefits

Amounts payable as a result of either an employer's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept voluntary redundancy in exchange for those benefits.

The Code

Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 (Based on International Financial Reporting Standards).
