

HSF5 Anticipated spend

Notes

The totals cells which auto populate have been greyed out and locked for editing. Please only input into the green cells.

The totals in the auto populated cells of tables 6 to 9 must be the same for the return to be compliant.

Please input values in full (e.g. 120,000.00) to enable us to process the return accordingly. Only numbers (eg 123.00) can be entered into each cell. If any other format is input an error message will appear.

The traffic light system will help you ensure the template is completed in full. **For the return to be compliant, all traffic lights must be green with a white tick.**

If there is no anticipated spend to report, in order to enable the green light with white tick next to each table, the cells should still be completed with 0 (zero as a numerical value rather than typing out 'NIL', for example). This will help us process the return promptly for you.

Has the spend tab been completed correctly? – the traffic light will turn green with a white tick once Tabs 5 to 9 are compliant.

The acronym FSM used in the tables below refers to Free School Meals.
