

## Support Oakfield House Mental Health Rehab Centre

To: Blackburn with Darwen Council

Support the development of a mental health rehabilitation unit & do more to educate communities and raise awarenesses about mental health issues.

### Why is this important?

Oakfield House is a proposed open rehabilitation unit will provide a safe and nurturing environment for local males and females with complex and often enduring mental illness and learning disabilities who may have stepped down from secure services or other rehabilitation services.

These facilities are essential for allowing people the space and support they need to recover from mental illness.

The Planning Committee is due to accept the opposing petition on Thursday, so we are pressed for time.

I intend to close the petition Wednesday evening, in order to collect all signatures and ensure they're delivered to the council before opening Thursday.

In the spirit of saving the environment, the petition will be delivered via email.

Signed by 304 people:
